Notices of Advertisements.

W. G. Waring requests the attention of persons in want of Fruit Trees to his Nursery at Boalsburg, in Centre county. He has an extensive assortment of all kinds, from which early orders can be filled with a selection of beautiful trees.

C. L. Jones advertises another lot of goods, embracing a variety of articles which he offers for sale cheaper than ever.

The Treasurer of the Lewistown and Kishacoquillas Turnpike Company gives notice of a dividend.

Persons interested in the estate of Enoch Beale, deceased, will find a notice in another column.

The P. M.'s of Lewistown and McVeytown have a lot of letters on hand which they will dispose of at two cents advance on cost.

The Register has some additional notices.

The hands in this office having all participated in keeping the fourth, our readers must put up with a less quantity of reading matter than we have given them for some weeks.

DROWNED.—Mr. HIRAM GEIGER, formerly a contractor on Section 61 of the Pennsylvania Railroad, was drowned in the Juniata about four miles above this place on Friday evening of last week.

Another.—A colored boy named SAMUEL COY, aged about 20 years, was drowned in the canal near Jack's Creek, on Wednesday last, while sporting in the water with another boy.

At Pittsburgh, on the 31, 4 deaths by Cholera.

The LEBANON ADVERTISER, is the title of a new paper, issued in Lebanon, by Wm. M. BRESLIN. It is handsomely got up, and deserving of patronage from the party whose doctrines it advocates.

CALIFORNIA GOLD.—The amount of California gold received at the Mint of the United States in Philadelphia for coinage, up to June 28, is as follows:—Total ounces, about 58,458—equal in value to about \$1,650,000.

MAJOR GENERAL.—So far as we have heard from the counties composing this Division, Col. R. C. HALE, of this place, has received a unanimous vote for Major General.

Messrs. Colder, Leech, Snodgrass, Peters, and others, met at Hollidaysburg a few weeks since, and resolved to place a line of stages between Lewistown and Hollidaysburg as soon as the Railroad is in operation to this place.

The Hon. Calvin Blythe, whose decease we noticed last week, was a native of Adams county, and lived there until he was admitted to the bar. After a few years' practice he located in Union county, and finally settled in Milltown (then in Millin county) about the year 1818.

Hecker, the German patriot, sailed from New York on Wednesday, in the Cambria. He is on his way to Germany, to join in the struggles of his countrymen for the establishment of a Republic.

Adjutant General Irwin has issued a notice to volunteers, advising them of an arrangement he has made, by which the U. S. uniforms can be obtained for Volunteer companies at very low prices.

THE FOURTH.—The anniversary of our Independence passed off without any public celebration at this place. Picnics and family parties were dotted over various sections of the country, mostly along the river banks, and doubtless enjoyed a day of pleasant recreation, free from the excitements caused by liquors and overheated partizanship.

The EPISCOPAL SUNDAY SCHOOL assembled at the Church about 7 o'clock in the morning, and after some appropriate exercises proceeded to the public square, where several National Airs were sung. Accompanied by a considerable number of ladies and gentlemen, (friends, principally, of the children) who swelled the number to upwards of two hundred, they then took their seats on a large flat, which had been fitted up for the occasion, and, enlivened by the cheerful notes of vocal music, were towed up the river to Granville.

The day was remarkably pleasant, and but little occurred to mar the enjoyments of the children. To them it was a gala day, and will doubtless long be remembered as such.

It is due to the COMMITTEE OF LADIES, who superintended the arrangements, to Messrs. JOHN I. MCCOY and E. ALLEN, (both of whom are ever ready to devise and carry out schemes for the rational amusement of their youthful friends,) and probably some others, to say that everything connected with this pleasant excursion was arranged in the very best manner, and that it will be owing in great part to their untiring perseverance that the children of the Episcopal Sunday School will look forward to the return of our natal day of freedom with elated hearts, and in after life remember those days as greenest among the green spots of halcyon youth.

THE CHOLERA.—The whole number of deaths in the city of New York during the week ending on the 30th ult. was 931, of which 286 were by cholera. The total number of cases from the 17th of May, when the disease first made its appearance in the city, up to the 1st instant, was 1191—deaths 529.

The Philadelphia Board of Health reports last week 313 deaths, including 80 cases of cholera.

In St. Louis on the 21, the official reports state the number of interments at 162, of which 125 were of cholera.

In Cincinnati on the 31, the number of interments for the 24 hours ending noon, 165—of which 127 were from Cholera, and 39 from other diseases. The whole number of interments for the week ending that day is 1016—of which 765 were from Cholera and 251 from other diseases.

At Pittsburgh, on the 31, 4 deaths by Cholera.

AFRICAN SLAVE TRADE IN TEXAS.—The following statement, which will surprise many readers, is made by the Caddo (Louisiana) Gazette, of the 8th ult.:

"We have been credibly informed, that there is a constant trade in the kidnapping of negroes going on, between Africa and Texas. Year before last there were several vessels, well loaded with negroes, brought from Africa, and landed near the mouth of the San Bernard, and the negroes there sold. This black scheme should be looked into by the government, and those engaged in it punished according to law."

The President of the United States has issued a proclamation recommending to the people of the United States that the first Friday in August next be observed by them as a day of Fasting, Humiliation and Prayer, that the Great Ruler of Nations may avert the ravages of that dreadful scourge, the cholera, now threatening to sweep over the country.

The Exemption Law, whereby property to the value of \$300 is made exempt from execution for debt, went into operation on the 4th inst. That is, it will apply to all debts contracted on or after that date, but not to those contracted previously.

The WILL of PETER MILLER.—The Supreme Court at Harrisburg, has affirmed the decision of Judge Jones, recently rendered in the Common Pleas of Northampton county, setting aside the will of the late Peter Miller, of Easton, and awarding his entire estate to the nearest heir-in-law. It will be remembered that Mr. Miller was a wealthy old bachelor, of Easton, and devised his estate, amounting to about \$350,000, to executors and their successors, in trust for no one, but with directions to invest and accumulate the profits upon the principal, in perpetuity.

State Treasurer and the Laborers on the Public Works.

The locofoco press over the State, and particularly along the line of canal, taking its cue from Jesse Miller's paper at Harrisburg, is filled with abuse of Governor Jones and Mr. BALL, State Treasurer, charging these officers with withholding the appropriations made for the payment of laborers, &c., on the public works. To unmask these hypocrites, the editor of the Harrisburg Telegraph addressed a letter to Mr. Ball relative to the matter, to which he received the following reply:

Dear Sir: In reply to your note of the 30th ultimo, I herewith send you a list of the Supervisors and superintendents on the public improvements who have drawn money from the Treasury, and the amount drawn by each since the adjournment of the Legislature.—The total amount so drawn is \$305,434.92, from which it is easy to judge whether a sufficient amount has been drawn to pay the laborers on the public improvements or not. Yours, &c., G. J. BALL.

The following is the statement that accompanied the above answer: Amounts drawn by Supervisors from April 11th, to July 31, 1849:

Table listing names and amounts drawn by Supervisors: J. P. Anderson (\$23,900.00), James Turner (11,000.00), John Maglachlin (25,014.00), Wm. English (104,175.92), George Bistenberger (6,450.00), Thomas J. Power (76,300.00), Canal Commissioners (1,000.00), Thomas Bennett (19,800.00), J. H. Jenkins (5,735.00), Jacob Ulam (9,900.00), W. K. Hufnagle (13,600.00), Wm. McPherson (8,500.00).

Here, says the Telegraph, is a lamentable picture of Locofoco prodigality and abuse. In the short space of eighty-three days the Locofoco officers on the public works have drawn from the State Treasury the astounding sum of more than THREE HUNDRED THOUSAND DOLLARS—or THREE THOUSAND SIX HUNDRED AND EIGHTY DOLLARS PER DAY—while at the same time the Locofoco press is filled with abuse of the State Treasurer because he will not furnish the officers with money to pay the laborers on the public works!!!

This fact discloses a scheme of villainy unparalleled, we believe, in the history of Locofocoism in this State. The sum of \$300,000, formerly was all that was annually appropriated for the ordinary repairs of the State canal and railroads. This sum was for a whole year.

This amount has already been drawn from the Treasury for that purpose in a little over two months! What has been done with it? That is the question. Have the laborers been paid? The Locofoco press says they have not! Have the public officers been using this money, and telling the honest laborers that they could get no money, while they have drawn the enormous sum of nearly one-third of a million? If the Locofoco press tell the truth, it is so. If it is not so, then they have been concocting and circulating the most enormous lies, and with the concurrence, too, of the officers on the public works, otherwise they would voluntarily disabuse the public mind. One of two things are, therefore, self-evident, and cannot be controverted: either the Locofoco officers have paid the laborers on the public works, while they have given currency to a vile and infamous libel upon the State Treasurer; or they have used the money drawn from the State Treasury for purposes of speculation; and to screen themselves from the just censure of those from whom they are fraudulently withholding their just dues, have put into circulation a falsehood against the State Treasurer.—Either horn of the dilemma will hold them up to public anathema and indignation.

It will not be contended by the most hardened and unscrupulous Locofoco plunderer, that the sum of THREE HUNDRED THOUSAND DOLLARS IN EIGHTY-THREE DAYS, OR THREE THOUSAND SIX HUNDRED AND EIGHTY DOLLARS PER DAY, is not sufficient to meet all expenses and pay all the laborers on the public works! No one will pretend that one-third of that amount has been expended within the time; and if the "poor laborers" have not been paid, and promptly too, there is gross fraud. The sum of \$300,000 was never before drawn from the State Treasury, on account of ordinary repairs, in the same time, nor can it have been required. It is idle for Locofocoism to attempt to justify this enormous draft and expenditure on that account.

There has evidently been a settled and determined purpose on the part of the Locofoco wireworkers, since Mr. Ball came into office, to run upon the Treasury and break down the credit of the State; and this unprecedented draft of \$300,000, in less than three months, for the public works alone, and the false hue and cry raised that money could not be obtained to pay "the poor laborers on the public works" is one of the schemes fixed upon to carry out the design. No man of any party, acquainted with the facts, can doubt this.

The Adjutant General of the State has caused to be presented to the "Columbia Guards," of Danville, a field piece, voted by the late Legislature, for their gallantry in Mexico.

THE WILL of PETER MILLER.—The Supreme Court at Harrisburg, has affirmed the decision of Judge Jones, recently rendered in the Common Pleas of Northampton county, setting aside the will of the late Peter Miller, of Easton, and awarding his entire estate to the nearest heir-in-law. The American Phrenological Journal and the Water-Cure Journal, both published by Messrs. Fowlers & Wells, New York, continue to be filled with highly interesting matter—interesting to the student as well as general reader. Persons desirous of subscribing for these cheap publications, are requested to call at this office, where terms, &c. can be ascertained.

Holden's Dollar Magazine for July is also upon our table, well filled with sketches of local and foreign history, tales, adventures, &c. Any one wanting a magazine of choice reading matter, cannot do better than by transmitting a dollar to C. W. HOLDEN, 109 Nassau street, New York.

The great Apostle of Temperance, Rev. THEODORE MATHEW, arrived at New York on the 29th ult., on board the ship Ashburton. Every preparation is being made to welcome the illustrious stranger.

JAMES M. POWER, Esq., the present Canal Commissioner, has authorized the editor of the Mercer Press to state that he is not a candidate for re-nomination.

The Tunnel, near Spruce Creek, Huntingdon county, on the Central Railroad, has been so far completed as to admit passing through it.

Hollidaysburg and Gaysport, according to a census taken a year or so since, contained a population of 3065—Hollidaysburg alone, 2454. In our opinion Lewistown is ahead of both.

An Irish lady, who has lately arrived at Hollidaysburg from Ireland, is anxious to discover the whereabouts of her husband, Patrick Gallagher, who she thinks is somewhere in the central portion of this State.

Valley Farmer.—There is a long article in the Valley Farmer, by which it is established beyond question that sweet oil occasionally rubbed over bedsteads, chair-boards, &c. will effectually prevent the appearance of bed bugs.

NICE WAY TO GET RICH.—A correspondent writes that about \$200,000 changes hands every night, in the small village of San Francisco, at the gambling table.

We learn from the Philadelphia papers that Col. C. A. MAY, U. S. A., who has been in command of the Carlisle Barracks for the last year and a half, has been ordered to Santa Fe. Col. Cooke, of the 1st Regiment of Dragoons, succeeds him.

CANADA.—The Montreal Herald, a paper of note and influence, concludes a long article on the subject of the union of the Canadas to this country, with the expression of its belief "that Great Britain will not oppose annexation."—Very doubtful.

A resolve restoring Thomas W. DORR to his civil and political rights, passed the Rhode Island House of Representatives on Wednesday by a vote of twenty-nine to twenty-eight. On Thursday it was laid on the table in the Senate.

EARTHQUAKE.—From the 18th to the 25th of April, a constant succession of shocks of earthquakes, some of them very severe, was experienced at Dominica, one of the West India Islands. Several occurred daily and caused much alarm.

Senator Atchison, it is understood, says the St. Louis Republican, has in Press a manifesto of principles directly in opposition to those of Col. Benton. Willard P. Hall, a member of Congress from the same section of the State will, it is averred, follow Mr. Atchison's example.

The Lancaster Examiner says a recent case of suicide in that county affords a striking instance of "the ruling passion strong in death." The deceased was of very economical habits, and having decided to remove himself from this world by means of gunpowder, to save the expense of buying a pistol he cast one of lead, wrapped the barrel with wire, bored a touch-hole, and discharged it with a friction match.

The California Emigration.—Up to the 21st ult., 4403 wagons had passed Fort Kearney on their way to California, accompanied by about 17,000 persons. The last estimate, made several months ago, of the emigrants to California by sea, made the number about 13,000. This makes a total of 30,000, but it does not include near all who have gone, and probably 40,000 would be a better estimate.

Among the victims of the Cholera, in the West, is Miss SALLIE ANN ELLIOT, daughter of Com. Elliot, of West Chester. The Village Record says she left West Chester on a visit to a friend in the West, at Cincinnati, where she remained a few weeks. She set out to return to her friends in that borough, and took passage on a steamboat from Cincinnati to Pittsburgh. On the boat she was seized with the cholera and died. The sudden bereavement is a heavy blow to the estimable relatives and friends who survive her.

ST. LOUIS, July 2. Dates from Santa Fe to the 4th of June have been received here.

On the 31st of May the Santa Fe Guards, under the command of Capt. Chapman, encountered, within 40 miles of Avagua, a body of Apache Indians, numbering about 300. A desperate fight ensued. The Chief and twenty of his tribe were killed. Capt. Chapman lost three men. Lieutenant Kendrick killed the Apache Chief. The enemy were completely routed. The Apaches are very troublesome throughout the whole route in this section of the country.

The Mexicans recently destroyed a party of ten Americans, and a band of robbers, white men, under command of the notorious Dr. Lemon.

The California emigrants by way of Fort Smith complain of the bad route.

FOREIGN NEWS.

BY THE STEAMER HEBERDIA. From Paris we have an account of an insurrection, by about 25,000 of the Mountain party. It was suppressed by 70,000 government troops.

The French army, under Gen. Oudinot, commenced an attack on Rome on the 30th ult. A sanguinary engagement ensued in which the Romans are said to have lost 800 men. The latest despatch from Gen. Oudinot is to the 6th inst., at which time he opened his trenches and had regularly besieged the city.

There is no appearance of yielding on the part of the Romans, but on the contrary, every thing goes to confirm the belief that they would make a most determined resistance and fight to the last. The Cholera has broken out anew in England, at Paris, Siberia, Vienna, Presburg, and is raging most fearfully at Alexandria and Cairo in Egypt.

Hostilities are still carried on between the Hungarians and the remains of the Austrian army, supported by the Russians, but the reports are vague and contradictory.

The Gazette d'Aix-la-Chapelle of June 12, says:—"Our correspondents in Russia inform us that the arrests recently made at St. Petersburg have been followed by others more numerous. A vast conspiracy has been discovered, having its ramifications in the Western part of the Empire, especially at Wilna, Grodno, Mohilew and Wiewsk. The number of these arrests is reckoned at several hundred, among them several men of distinction. At Wilna many young men, students of Medicine and Catholic theology have been seized; many arrests have been made at Koowno."

The weather is represented as continuing very favorable and the crops in nearly all parts of England and Ireland are said to look unusually promising.

Smith O'Brien, through his counsel, denies the legality of the commutation of his sentence of death to transportation, and the government have to provide for the unlooked for difficulty by special act of Parliament.

Marshal Bugeaud died of Cholera, at Paris, on the 10th ult. The President of France, a few weeks since, wished to make him the first minister of France. His last advice to Louis Napoleon is said to have been—"Get out of this Italian business as fast as you can, and make war on Austria." The Marshal began his military career as a simple soldier. He received his promotion as corporal on the field of Austerlitz. He was born at Limoges on the 15th of October, 1784.

For the Gazette. Pennock's Patent Drill.

BELLEFONTE, 6th month 23d, 1849. Thompson & Reed: Esteemed Friends—I have had the Pennock Drill in use for two seasons, and from the v. difference in the wheat crop over the broad cast, it is my decided opinion that every farmer should have one of them, as he will be a gainer of at least one-third on each acre of his crop. A. S. VALENTINE.

BE UNPREJUDICED.—Let no foolish person be so prejudiced as to despise a truly celebrated medicine to dispense this advice; let it be used immediately on pain being felt; no matter where it may be, whether in the head or feet, whether it be in the back or abdomen, whether arising from external or internal cause, use the Brandreth's Pills, and rely upon it, that the pain will go, the body will be restored to health as soon as nature has received sufficient assistance from their effect. The quantity of impure humors discharged from the body by the action of the Brandreth's Pills, is replaced in the course of a few hours with new and pure blood, by the destruction of a morbid mass; let the body with this medicine the whole mass of blood becomes entirely purified and regenerated.

The blood is the life of the body, I presume is undisputed, therefore I shall say that if the SEAT of LYP, it must also be the seat of disease. If disease be in the blood, we should abstract the disease only, not the blood. It is the impurities which must be removed by purgation to secure our health, in all states of the weather, in all situations, and in all climates. The blood, like a good spirit, is always trying to benefit the body by its struggle to expel impurities. But it is not capable to effect its own purification at all times; to do this it must often have assistance. When the blood is loaded with impurities, especially in this climate, the consequences may be fatal, provided the blood is not purified at once, and this is sure to be effected by Brandreth's Pills are used.

CENTRE NURSERY, Boalsburg, Centre Co., Pa.

GARDENERS and orchardists who desire to plant only the very best kinds of hardy fruits, are respectfully informed that they can obtain trees here of all the most estimable varieties, including all those which have received the special sanction of the American Congress of Fruit Growers. (N. Y., Oct. 1848.)

The TREES offered this season are of beautiful appearance, extra size, (excepting a few new rare sorts) and from the elevated locality in which the Nursery is established, have all the essential advantages of hardiness and early maturity, for which trees grown at the north have been deservedly preferred.

The advantages possessed here are being improved to the utmost, with the view of making this Nursery, in merit, second to none in the State. Every tree is indelibly marked and warranted correct. They will be delivered in Lewistown or at intermediate places at the low catalogue prices, and warranted sound on delivery. If to be shipped, they will be well packed for the purpose at a moderate charge.

It is advised that orders be sent direct to the Nursery, in preference to purchasing ill-assorted trees, from often irresponsible dealers, at high prices. Such orders, if received in time, have the first attention.

Season for fall planting, October 20. A choice collection of the most admired ornamental plants, vines, evergreens, &c. has been added to the Nursery Catalogues, sent to all post paid applicants.
