NATURE'S REMEDY.
THE AMERICAN OIL.—This Oil is not a compound, but is the pure extract of the American Seneca Oil. It is well known that the medicinal qualities of the Seneca Oil are not surpassed by any, and this being an extract, makes it still a superior article. It is very highly recommended for Sore Throat, Weak Eyes, Ear-ache, Deafness, Rheumatism, Consumption, Bronchitis, Burns, Scalds, &c.
The above valuable Medicine is for sale at GREEN'S MEDICAL DEPOT, No. 11, Lewistown, June 9, 1849.

THE MARINER'S COMPASS, imparting confidence to the bold sons of Neptune, while plunging the stormy seas, and sailing the nations of the world in the hands of Commerce, created far less sensation in the world than has the glorious device of the Old Established and Renowned Lottery Brokers, PLYER & CO., No. 1 Light Street, Baltimore, Md.; who are the first to administer successfully to the pecuniary necessities of mankind, winning thereby a fame as Capital Prize Sellers as unlimited as the circumference of air.

More cheering results! By P. & Co. the special Agents of fortune! Never a draw! But they sell the prizes! Distant correspondents only see this: \$10,000, whole ticket, sent to Virginia. \$5,000, whole ticket, sent to N. York. \$5,000, whole ticket, sent to Pennsylvania. \$30,000, half ticket, sent to North Carolina. \$15,000, half ticket, sent to South Carolina. \$10,000, quarter ticket, sent to Pennsylvania. \$5,000, quarter ticket, sent to Ohio. \$5,000, quarter ticket, sent to Indiana. \$12,000, quarter ticket, sent to South Carolina. Every prize promptly paid, and on file.—(We again refer to Managers' Drawings.)

For better make an investment at the truly lucky and far-famed office of P. & Co. than go to California. P. & Co. give gold already coined and stamped. The majority of Capitals always sold by P. & Co. Bank Drafts, payable at sight in gold, remitted promptly to any part of the United States for prices sold by P. & Co.

All Communications strictly confidential.
Remember that the result of the first trial has often been a splendid fortune! A little perseverance is sure to result in one.

Martin & Whiteley's
NATIONAL TONIC,
A certain Cure for Ague, Fever, and Dyspepsia.
IN our summer and fall months many sections of our country are prostrated by BILIOUS FEVER and AGUE and FEVER.—It has been our particular study to find out some remedy to stop this dreadful scourge, and think, in this TONIC we have effected this great object. It is also what we think the very best remedy in Dyspepsia, and if our directions are followed, will not fail to effect a cure.

In a letter dated, May 22d, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Pa., says:—I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases of Ague of years standing, and after the failure of all other medicines made use of. Mr. Henry Beverson, of the same place, says in his certificate, dated 22d March, 1849, "I applied to a number of Physicians, and also used a variety of the most popular AGUE MIXTURES at different times, but all without the desired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles." In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say:—Having tried nearly all the remedies within our reach without success, we at last purchased some of your National Tonic, which has completely cured us. We, therefore, cheerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet discovered.

DR. SHERMAN'S
Balsam, Lozenges & Plaster.
Dr. Sherman's OLOSANIN, or All-Healing Balsam,
For the cure of Consumption, Asthma, Dyspeptic Consumption, Spitting of Blood, Bronchitis, Difficulty of Breathing, Hoarseness, Influenza, Croup, Coughs, Colds, Pains in the Breast and Side, Dyspepsia, and the various affections of the Stomach and Liver.

The great celebrity which this remedy has obtained among those who are acquainted with its virtues, and are rejoicing in its effects, has induced the Proprietor to give it the name of OLOSANIN, OR ALL HEALING BALSAM, to distinguish it from all other Remedies now in use. Its combination is the result of more than twenty years experience, and he believes it to be the most perfectly remedial known—for it has been used by thousands of persons, and in all instances with the most decided benefit.

For References or Certificates of Remarkable Cases of long standing and considered beyond hope, see a small Book furnished gratis by the Agents to all who desire it. The sufferings which children frequently undergo from worms often tend to a fatal termination, while the cause is never suspected. Offensive breath, picking at the nose, grinding the teeth during sleep, starting up in sleep with fright and screaming, troubled stomach, and diarrhoea, are among some of the most prominent symptoms of the presence of worms. A timely use of SHERMAN'S WORM LOZENGES, will immediately remove all these unpleasant symptoms, and restore to perfect health.

Consumption, influenza, coughs, whooping cough, tightness of the lungs or chest may be cured by a proper use of Sherman's COUGH LOZENGES.
Headache, palpitation of the heart, looseness of spirit, sensibility, despondency, faintness, chills, spasms, cramps of the stomach, summer or bowel complaints, are quickly and entirely relieved by using Sherman's CAMPHOR LOZENGES.
Rheumatism, sore back, pain and weakness of the breast, back, limbs, and other parts of the body are speedily and effectually relieved by Sherman's POOR MAN'S PLASTER, which costs only 12 cents, is within the reach of all. It has his name and directions printed on the back of the Plaster, and a fac simile of the Doctor's written name under the directions. None other are genuine or to be relied on. Dr. Sherman's Warehouse is No. 106 Nassau street, New York.

CLICKEN'S
SUGAR-COATED VEGETABLE
PILLS.
The Grand Purgative for the cure of
Headache, Giddiness, Measles, Salt Rheum, Rheumatism, Piles, Dyspepsia, Dropsy, Small Pox, Jaundice, Pains in the Back, Inward weakness, Palpitation of the Heart, Rising in the Throat, Dropsy of the Lungs, Fevers of all kinds, Nervous Complaints, and a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion. The aversion to taking medicine is effectually removed by CLICKEN'S VEGETABLE PURGATIVE PILLS, being completely enveloped with a coating of pure white sugar (which is as distinct from the internal ingredients as a nut shell from the kernel) and have no taste of medicine but as easily and pleasantly as candy. Moreover they RAISE NATURAL ORGANS, but operate equally upon all the diseased parts of the system. Thus if the liver be affected, one ingredient will operate on that particular organ, and by cleansing it of an excess of bile restore it to its natural state. Another will operate on the stomach, and by its action will effectually expel whatever impurities may have been discharged into the stomach, and hence they strike at the root of disease, thus securing a free and healthy action to the heart, lungs, and Liver; and thereby they restore health even when all other means have failed.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring health that the proprietor binds himself to return the money paid for them in all cases where they do not give the universal satisfaction.
Retail price 25 cents per box.
*Principal office No. 56 Vesey street, New York.
*Remember Dr. C. V. Clicken is the inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1832. Purchasers should, therefore, always ask for Clicken's Sugar Coated Vegetable Pills, and take no others, or they will be made victims of fraud.

HARRIS, TURNER & HALE'S
Compound Syrup of Spigelia
or Vegetable Vermifuge,
The most effectual, the safest, the pleasantest and most convenient Worm Medicine ever offered to the public.

THE SPIGELIA, says a work of highest authority, stands at the head of the list of Antihelminthics or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the constitution, than any other. But prepared as it commonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative effect, and so palatable as to be taken, not only with ease, but with positive pleasure.

The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments conducted for years of undeviating industry and study, and the result of the test of experience in the hands of eminent physicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. In addition to this evidence of its merits, we have the quantity selected from a number of unselected testimonials.

1st. A distinguished physician of Virginia, of much experience, writes of it thus:
"I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than the quantity required, and the effect has been most successful. I really believe that it possesses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in dosing children) the quantity required, and the experience of its success, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

2d. A respectable physician of Lebanon county, in this state, writes:
"I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.— Please forward per bearer 2 doz. bottles.—Yours, &c."

3d.—An intelligent merchant of Virginia to whom we had previously sold this syrup, writes:
"I have been in the habit of prescribing your Compound Syrup of Spigelia in general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for every day. You will please put up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as you have been successful. I really believe that it possesses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in dosing children) the quantity required, and the experience of its success, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

4th.—A respectable merchant of Ohio, on a late visit to Philadelphia, stated, that some time since he had been applied to by a customer for a visit of a "Vermifuge" for his son. Not having the article on hand, he advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 200 worms and entirely relieved his son. The merchant added an expression of his great regret that he had not had on hand a bottle of the Syrup at the time when his own little daughter died, as he confidently believed it would have saved her life.

5th.—A gentleman of Hudson N. Y., having sent a bottle of Harris, Turner & Hale's Compound Syrup of Spigelia to a young friend who had tried in vain a great number of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out of my body."

LIVER COMPLAINT,
JAUNDICE, DYSPYPSIA, CHRONIC or Nervous Debility, Disease of the Kidneys, and all Diseases arising from a Disordered Liver or Stomach in both Male and Female:
Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Headache and Dizziness, Flatulency, and other Disorders of the Digestive System, arising from a Disordered Liver or Stomach, can be effectually cured by

Dr. Hoofland's Celebrated
GERMAN BITTERS.
Their power over the above diseases is not equalled by any other preparation in the United States, as the following testimonial, in many cases after all other physicians had failed—

REMARKS OF THE LIVER AND STOMACH SOURCES OF DEBILITY, and will also produce Disease of the Heart, Skin, Lungs and other parts of the body, as well as Rheumatism of the Joints, Biliousness, or Yellow Fever, and is generally the first cause of that baneful disease, Consumption.
Opinions of the Philadelphia Press.
"The Dispatch," December 31st, says:
"AN INVALUABLE MEDICINE.—We have frequently heard the celebrated German Bitters, manufactured by Dr. Hoofland, spoken of in terms of commendation, and we have used them, and they have proved to be a certain remedy to all the above diseases, but in the case of the above Bitters, hundreds are living witnesses of their great moral and physical worth. As a medicine for the Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found highly effective, and in many cases after all other remedies had failed. We feel convinced, that in the use of the German Bitters, the patient does not become debilitated, but constantly gains strength and vigor to the frame—a fact worthy of great consideration. Bitters are pleasant to taste and swallow, and can be administered under any circumstances to the most delicate stomach. Indeed, they can be used by all persons with the most perfect safety. It would be well for those afflicted in the nervous system, to commence with one tea-spoonful or less, and gradually increase. We speak from experience, and are of course a proper judge. The press far and wide have been in recommending the German Bitters, and to the afflicted we most cordially advise their use."
"Spirit of the Times," June 24, says:
"Do our good citizens who are invalids, know the advantages of the celebrated German Bitters? If they do not, we recommend them to the 'German Medicine Store,' all who are afflicted with Liver Complaint, Jaundice, Dyspepsia, or Nervous Debility; the doctor has cured many of our citizens after the best physicians had failed. We have used them, and they have proved to be a medicine that every one should know of, and we cannot refrain giving our testimony in their favor, and that which gives them greater claim upon our humble efforts, is, they are entirely vegetable."
"The Daily News," July 4th, says:
"We speak knowingly of Dr. Hoofland's celebrated German Bitters, and we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not its equal. It is a Vegetable Preparation, and made without Alcohol, and to all invalids we would recommend it as a healthy and safe medicine."
"THE LITTLE FOUNTAIN."
It is from one of our first druggists, a gentleman favorably known throughout the United States—the proprietor of the "Medicated Worm Syrup."
PHILADELPHIA, Nov. 22d, 1848.

BEAUTY AND HEALTH.
Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalis used in soap, beautifies its own process. It is the "Diamond face Divine," as well as in the garden of the rich and delicately tinted and variegated flowers. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of dainties, mixtures of oil, or other unwholesome ingredients, step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, and noticed. Ladies of every station crowd our office daily.
Philadelphia, Dec. 13, 1847.

Great Blessing to Mothers and Children.
It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, thus for the mother and child, it is indispensable. It is not only useful both before and after confinement, as it prevents diseases attendant upon child-birth—in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the system, and relieving the sufferings attendant upon child-birth ever discovered.
