LEWISTOWN MILLS,

THE subscriber has taken the Lewistown Mills, and wishes to buy a large quantity of

All Kinds of Grain, for which he will pay the CASH, IN PAR FUNDS, as high as the market will afford, according to its quality. Any person having good

Wheat will do well to call and show a sample of it, as he thinks he can afford to give more than any other person in the place, the mill being situated on the creek, where flour can be loaded out of the mill into boats, and all expense of hauling, storing, and shipping saved; besides, the flour is in better order, as the barrels are not injured by hauling and handling.

If wheat brings a better price than it will afford to grind, he has the same chance of shipping it as any other, as the mill is the most convenient storehouse in the place, and saves a great deal of time and labor in hoisting by water power. OR, HE WILL RECEIVE ON STORAGE, and forward to Philadelphia or Baltimore, and give the following receipt:

"Received, Lewistown Mills, of A. B., Wheat, to be kept in store till the first of August, unless disposed of sooner."

When the receipt is given, the quality of the wheat will be mentioned in it, so as to prevent any trouble when the owner comes to sell. Any person storing, having four hundred bushels and upwards, and desires it, will be kept in a garner by itself. Any person taking a receipt, and not selling before, or giving notice to keep it, till after the first of August, it will be carried out to their credit at the market price on that day. If shipped, or sold to any person that does not get it ground in the mill, two cents per bushel storage will be charged. If they give notice, and keep it over after the first of August, the storage will be ONE-HALF cent per month, afterwards. The grain will be clear from high water.

The subscriber will keep **Plaster, Fish, Salt and Groceries** of all kinds, which will be sold low for cash to Farmers, by the quantity.

FLOUR, MIDDINGS, and all kinds of Grain and Feed, will be constantly kept on hand, and sold low for cash.

A timely use of

Consumption, influenza, coughs, colds, whooping cough, tightness of the lungs or chest may be cured by a proper use of

Sherman's COUGH LOZENGES. Headache, palpitation of the heart, looseness of spirit, weakness, despondency, faintness, colic, spasms, cramps of the stomach, summer or bowel complaints, are quickly and entirely relieved by using

Sherman's CAMPHOR LOZENGES. Rheumatism, weak back, pain and weakness of the breast, back, limbs, and other parts of the body are speedily and effectually relieved by

HORNE'S Rheumatic Nerve and Bone Liniment, for sale at GREEN'S Medical Depot, No. 11. Lewistown.

Lewistown, August 15, 1849.

Martin & Whiteley's PATENT TONIC,

A certain Cure for Ague, Fever, and Dyspepsia.

IN our summer and fall months many sections of our country are prostrated by BILIOUS FEVER and AGUE, and a variety of the most obnoxious and dangerous diseases, and we have effected this great object.

It is also the very best remedy in Dyspepsia, and in all directions are followed, will not fail to effect a cure.

In a letter dated, May 23d, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York County, Pa., says:—I have never known any remedy for *Ague and Dyspepsia* equal to your invaluable National Tonic. It has given universal satisfaction, and has cured a large number of Ague of years standing, and after the failure of all other medicines made use of.

Mr. Henry Beverson, of the same place, says in his certificate, dated 22d March, 1849, "I applied to a number of Physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles."

In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say:—Having tried nearly all the remedies within our reach without success, we at last purchased one of your *National Tonic*, which has completely cured us. We, therefore, cheerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet discovered."

See the Pamphlets, which you can get from one of our Agents gratis.

Also, Dr. Martin's Purgative Pills, the best now in use, in all cases where a purgative is needed.

Prepared and sold by MARTIN & WHITELEY, Wholesale Drug Store, No. 48 S. Calvert st., Baltimore. For sale by F. J. HOFFMAN and WATSON & JACOB, Lewistown; and by ALEXANDER RUTLEDGE, Williamsburg, Huntingdon county. June 30, 1849—ly.

CLICKENNER'S SUGAR-COATED VEGETABLE PILLS.

The Grand Purgative for the cure of

Headache, Giddiness, Measles, Salt Rheum, Heartburn, Worms, Cholera Morbus, Dyspepsia, Scoury, Small Pox, Jaundice, Pains in the Head, Inward weakness, Palpitation of the Heart, Erysipelas, Deafness, Ringing in the Throat, Cough, Quinsy, Pains in the Breast, Consumption, Fits, Liver Complaint, Dropsy, Asthma, Itching of the Skin, Colic, Cholera, Cholera Infantum, Female Complaints, Nervous Complaints, and a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion.

The astringent taking medicine is effectually removed by CLICKENNER'S SUGAR-COATED VEGETABLE PILLS, which are completely enveloped with a coating of pure white sugar (which is as distinct from the internal ingredients as a nut shell from the kernel) and have no taste of medicine but as easily swallowed as bits of candy. Moreover they operate equally upon the bowels and the stomach. Thus, if the liver be affected, one ingredient will operate on that particular organ, and by cleansing it of any excess of bile restore it to its natural state. Another will operate on the blood, while a third will effectually expel whatever impurities may have been discharged into the stomach, and hence they strike at the root of disease, thus securing a free and healthy action to the heart, lungs, and Liver; and thereby they restore health even when all other means have failed.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring health that the proprietor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

Retail price 25 cents per box. Principal office, No. 66 Vesey street, New York. Remember that C. V. Clickenner is the inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickenner's Sugar Coated Vegetable Pills, and take no others, or they will be made victims of fraud in this country. CHAS. RITZ. Wholesale Agent for this country. [Dec. 23, 1848—ly.]

HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge. The most effectual, the safest, pleasantest and most convenient Worm Medicine ever offered to the public.

THE SPIGELIA, says a work of highest authority, stands at the head of the list of *Anthelminthic or Worm Medicines.* It is adapted to the cure of all kinds of worms, and to a greater variety of constitutions and states of the constitution, than any other. Prepared as it commonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup of Spigelia, the Spigelia is concentrated in a very small, so combined as to ensure a purgative operation, and so palatable as to be taken, not only with ease, but with positive pleasure.

The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of eminent physicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. In addition to this evidence of its merits, we cite the following, selected from a number of unsolicited testimonials.

1st. A distinguished physician of Virginia, of much experience, writes of it thus:—"I should have written before this, but felt disposed to try the efficacy of your *Vegetable Vermifuge.* I have used more than half the quantity, and the experiment has been most successful. I really believe that it possesses advantages over any other *Vermifuge* I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in dosing children) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

2d. A respectable physician of Lebanon county, in this state, writes:—"I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.—Please forward per bearer 2 doz. bottles.—Yours, &c."

3d. An intelligent merchant of Virginia to whom we had previously sold the syrup, writes:—"Since my return home, I find that your Syrup of Spigelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for every day. You will please put up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail.—Yours, &c."

4th.—A respectable merchant of Ohio, on a late visit to Philadelphia, stated, that some time since he had been applied to by a customer for a visit of "the *Vegetable Vermifuge* for his son." Not having an article called for, he advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 300 worms and entirely relieved his son. The merchant added an expression of his great regret that he had not had on hand a bottle of the Syrup at the time when his own little daughter died, as he confidently believed it would have saved her life.

5th.—A gentleman of Hudson, N. Y., having sent a bottle of Harris, Turner & Hale's Compound Syrup of Spigelia, to a young friend who had tried in vain a great number of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out of my body."

LIVER COMPLAINT, JAUNDICE, DYSPESIA, CHRONIC or Nervous Debility, Disease of the Kidneys, and all Diseases arising from a Disordered Liver or Stomach in both Male and Female.

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disagut for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurred and Difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dizziness of vision, Dots or webs before the sight, Fever and dull pain in the Head, Deficiency of perspiration, Yellowness of the skin and eyes, pain in the Side, Back, Chest, Limbs, &c., sudden Flushes of Heat, Burning in the Flesh, constant imaginations of evil and great depression of spirits, can be effectually cured by

Dr. Hooffland's Celebrated GERMAN BITTERS.

Their power over the above diseases is not exerted—equalled—in any other preparation in the United States, as the cures attest, in many cases after all other physicians had failed.

DERANGEMENT OF THE LIVER AND STOMACH are sources of Insanity, and will also produce disease of the Heart, Skin, Lungs and Kidneys, and lay the body open to an attack of the Cholera, Bilious, or Yellow Fever, and is generally the first cause of that most baneful disease, Consumption.

AN INVALUABLE MEDICINE.—We have frequently heard the celebrated German Bitters, manufactured by Dr. Hooffland, spoken of in terms of commendation, and we know deservedly so. It is a too common practice, in certain quarters, to puff all manner of useless trash, but in the case of the above Bitters, hundreds are living witnesses of their great moral and physical worth. As a medicine for the Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures and thoroughly eradicating diseases when other medicines have failed. We feel convinced, that in the use of the German Bitters, the patient does not become debilitated, but constantly gains strength and vigor to the frame—a fact worthy of great consideration. The Bitters are pleasant in taste and smell, and can be administered under any circumstances to the most delicate stomach. Indeed, they can be used by all persons with the most perfect safety. It would be well for those affected in the nervous system, to commence with one teaspoonful or less, and gradually increase. We speak from experience, and are of course a proper judge. The press and wide have united in recommending the German Bitters, and to the afflicted we most cordially advise their use.

"Spirit of the Times," June 24, says: "Do our good citizens who are invalids, know the many astonishing cures that have been performed by Dr. Hooffland's celebrated German Bitters? If they do not, we recommend them to the 'German Medicine Store,' all who are afflicted with Liver Complaint, Jaundice, Dyspepsia, or Nervous Debility; the doctor has cured many of our citizens after the best physicians had failed. We have used every thing, and they have proved to be a medicine that every body should have, and we are glad to remain giving our testimony in their favor, and that which gives them greater claim upon our humble effort, it is they are entirely vegetable."

"The Daily News," July 4th, says: "We speak knowingly of Dr. Hooffland's celebrated German Bitters, when we say it is a blessing of this age; and in diseases of the Biliary, digestive and nervous systems, it has no equal. It is a *Vegetable Vermifuge*, Preparation, and made without Alcohol, and to all invalids we would recommend it as worthy their confidence."

READ THE FOLLOWING: It is from one of our first druggists, a gentleman favorably known throughout the United States—the proprietor of the "Medicated Worm Syrup":

PHILADELPHIA, Nov. 22d, 1848. Dear Sir—It is with much pleasure that I testify to the extraordinary virtues of your German Bitters, having sold largely of them these last few months to various persons, afflicted with liver complaints, dyspepsia, and debility of the nervous system. I can say conscientiously that they are the best article of the kind I have ever sold, (and I deal in all the popular medicines), and I consider it the only medicine for the above diseases before the public.

I have never sold one bottle that has not given satisfaction, and brought forth the commendation of those who used it.

I deem this my duty both to you as the proprietor of this highly valuable article, and to those afflicted with the above complaints, that they may know of its curative properties, and to enable them to select the good from the various articles with which our market is crowded.

With much respect, I remain yours, &c. J. N. HOEHNACK, Druggist, corner of Second and Coates streets.

JAUNDICE & LIVER COMPLAINT Cured after Physicians had failed. Philadelphia, December 27, 1848.

Dear Sir—It is with feelings of pleasure I communicate to you the sensitive effects (and in a short time) of your invaluable Hooffland's celebrated German Bitters, upon my system while laboring under the Jaundice. About two years ago I was attacked by the Jaundice, and was confined to the house six weeks under medical treatment of the Family Physician, and for some time after, when I went out I had to be very careful of myself; since that time I have had several attacks of the same disease, and your Bitters have entirely relieved and cured me in each instance in three days. My next door neighbor, Mr. JOHN DIEHL, last spring, had a long and serious spell of Jaundice; he had it some time before I knew it, he was confined to his bed. As soon as I heard of his condition I called to see him and told him of the effect your Bitters had upon me in the same disease. He immediately sent for a bottle, and in a few days he was cured. I have in several instances recommended the Bitters in other cases, always producing the same happy effect. My wife has been considerably afflicted with Liver Complaint and Neuralgia; by the use of the Bitters she is well, and enjoys good health. We believe from the many cures we know of these Bitters effecting, that they possess in a remarkable and extraordinary degree great curative properties, and that which enhances their value with us, it is they are entirely vegetable. We always keep your Bitters on hand, and would be glad to be willing to do without them.

Very respectfully yours, C. PIERCE, 370 South Front street.

Can stronger testimony be added by any preparation before the public? A single bottle will convince any one of their power over disease. They are *EXTRA VEGETABLES*, and will permanently destroy the most obstinate costiveness, and give strength and vigor to the frame, at no time debilitating the patient; being also grateful to the most delicate stomach under any circumstances, and can be administered with perfect safety to delicate infants—they are free from *Stibium, Symplicia, Calomel*, and all mineral and injurious ingredients.

They can be taken at all times and under all circumstances; no ordinary exposure will prevent them having a salutary effect, and no bad result can accrue from an over dose.

For sale, wholesale and retail, at the principal Depot, *German Medicine Store*, 278 Race street, PHILADELPHIA.

DR. MARTIN'S Compound Syrup of WILD CHERRY,

Is the best Medicine yet for Coughs, Colds, Consumption, Asthma, Spitting of Blood, &c. Read the following:

November 12th, 1848. Dear Sir—I take great pleasure in saying to you that Mrs. Ross has been entirely relieved of her cough by the use of your *Syrup of Wild Cherry*. It had continued for fully eighteen months. She had used several preparations of the Wild Cherry now in popular use, but not with the slightest benefit, until she took yours. She only took six bottles, and I am pleased to say she is now in good health. Every one who saw Mrs. Ross thought her in a deep decline. LEWIS F. ROSS, No. 267 S.
