#### Pennsylvania Legislature.

On the 5th, the Speaker laid before the senate the following communication from

#### the State Treasurer : TREASURY DEPARTMENT,

Harrisburg, February, 5, 1850. j SESATORS :- The resolution of your honora ble body of the 26th ultimo is before me. My bsence in Philadelphia on public duty, has evented an earlie: reply.

As regards the allegation of the Canal Comoners, and the complaint of N essre. Nors, Brothers, enquired of by your resolution, I use to reply as follows :

Messrs. Norris, Brothers, never personally resented at the Treasury for payment, nor did ny person for them, an order from the Canal nissioners for the amount they claim ; nor ave I yet official notice that the State owes In default of such notice, duty required them. that I should refrain from paying away the lic money.

Had those gentlemen presented such an order, I would have been justified in withholding payment, the evidence being that Messrs. Norris, Brothers, charged seven hundred dolais more for each locomotive furnished the State, than they charged the Pennsylvania Railroad Company-or, in other words, they furnished that Company with a more expensive article for seven hundred dollars less, and received one thousand five hundred dollars in trade-so large a profit would seem to justify

a liberal credit. The engines reterred to were purchased, it eems, under the authority given in the sixves worth at least TWENTY-FIVE THOU-SAND DOLLARS, for the paltry sum of justified me in hesitating to pay Messrs. Norris, Brothers, had I been drawn on for the

noney. I never refused to settle the accounts of the Superintendent of Motive Power on the Co-lumbia road. The rule of the office is to take up in its order every item of business, and with this regulation I require a strict compli-

I am not aware of having purposely refused at any time "money appropriated to the man-agement and repairs of any of the other lines Flour Wheat the public works. Rye

Since I have been responsible for the man- Oats gement of the State finances, I have not reeived from the Canal Commissioners, at any Clover me, a moment's notice of their intention to draw on the Treasury, other than was furnished by the actual presentation of their drafts. Timoth While it is both my duty and my pleasure to provide the ways and means to answer every call, nevertheless, the interests and credit of | Lard he State, as every business man will understand, cannot be sustained, if other branches of the government refuse to harmonize with this | Beef. epartment. To such a degree have the Canal Pork, bard carried their antagonism, that upon the appointments of officers, whose duties bring them in contact with the Treasury, they have not furnished notice of the change. In the ayment of money, care is required. For that purpose the names of officers must be known; heir persons and their signatures identified; as also a knowledge that they have given the required bond before money can be advanced

hem. The first notice I have received of the change of officers, was the presentation, by the new incumbents, of drafts for large sums of Senators are aware, that the Treasury has a vast number of payments to provide for besides 32c, and Penna. 35 cts.

he canal appropriations. It seems proper. herefore, in a business view, that the Treasrer, whoever he may be, should have the coperation of co-ordinate branches of the govnment, rather than to have so powerful an Terrible Explosion at New York---Great Loss of Life.

The New York papers are filled with details of an explosion which took place at New York on Monday morning last. The building in which the explosion occurred was a six or seven story brick erection, on the rear corner of an immense massive building owned and occupied by Wm. Hull & Son. The boiler was upon the first floor, by some said to be new, by others represented as second hand, but estimated to be as good as new. Sixty persons were employed by Taylor & Co., and sixty-three by St. John, Burr & Co., most T of whom were in the building at the time. The boiler blew upwards, carrying off the roof of the building. The walls afterwards caved in, and the ruins were set on fire by the scattered burning coals. The police and firemen immediately set to work to extricate the sufferers. Twentytwo individuals up to Tuesday night had been taken from the ruins alive, but all more or less injured. The dead bodies of thirty-three had also been recovered, and all but five identified, making fifty-five persons in all, and with those who escaped from the building, about seventy persons can now be accounted for. It was supposed that there were yet at least twenty bodies

The scene at the station house in Oak street a score of mangled and horribly disfigured bodies were lying at one time in an empty house adjoining. Some have had life at once D crushed out, their heads being now a shapeteenth section of the last appropriation bill. This being true, it scarcely justified the sale, by the Canal Commissioners, of five Locomo-a few could be recognized by the interval. a few could be recognised by their blackened and disfigured features, but generally the remnants 'of their garments was all that enabled THIRTY-THREE HUNDRED AND NINE-TY DOLLARS, thereby SACRIFICING UP-TY DOLLARS, thereby SACRIFICING UP-DOLLARS, which evinces gross ignorance of the value of property, or a criminal neglect of the value of property, first, would not have accustomed to sights of suffering, shed tears and grew sick at heart. Nearly every one who has thus far been rescued, whether alive or dead, had his shirt sleeves rolled up, showing that he had already commenced work for the day.

It has afforded her Majesty great satisfaction o receive these expressions of that loyalty and attachment to the British crown, which she trusts is generally felt by her Canadian sub-

With regard to the address to the people of Canada, in favor of severing the province from he British dominions, for the purpose of annexation to the United States, which forms the subject of three of these despatches, I have to aform you that her Majesty approves of your having dismissed from her service those who have signed the document, which is scarcely short of being treasonable in its character.

Her Majesty confidently relies on the loyalty of the great majority of her Canadian subjects, and she has therefore determined to exert all the authority that belongs to her, for the purpose of maintaining the connexion with Canada with this government, being persuaded that the permanence of that connexion is highly advantageous to both.

Your Lordship will therefore understand that you are commanded by her Majesty to resis', to the utmost of your power, any attempt which may be made to bring about the separation of Canada from the British dominions, and mark in the strongest manner her Majesty's displeasure with all those who may directly or indirectly, encourge such a design; and, if any attempt of this kind should take such a form, that those who are guilty of it may, according to such advice as you may receive from your law advisers, be made responsible for their conduct in a court of justice, you will but fail to take the necessary measures for

bringing them to account. 1 am, my Lord, your most obedient servant, GREY.

A LARGE lot bought at a bargain in Philadelphia, and selling by the piece or yard at a small advance at C. 1. JONES' 0027 New Cheap Cash Store.

THE SUBSCRIBER invites those about going to housekeeping and to others that wish to purchase Cheap Furniture,

to call at the above mentioned Wareroom and examine his large stock of Well Made and Useful Furniture of all kinds too numerous to mention here. Among his stock they will find an assortment of

CANESEAT CHAIRS. which are sold for CASH CHEAPER than they have ever been sold in this place. I would draw attention to a pa-tent Flastic Spring-Bottom Bedstead, which can be seen in my Wareroom at any time. It can be put up and taken down in less time than the old plan, and without a screw driver, and the great matter is that it forms a straine bor-rom without a cord or sacking, thus saving the purchaser the cost of those articles.  $c_5$  COFFINS made to order and funerals attended at

the shortest notice. Either Mahogany, Cherry or Wal-nut can be had at moderate terms.

ANTHONY FELIX. Lewistown, December 1, 1849.
