JUST received and now opening, plain and PURE FRESH COD LIVER OIL. THIS new and valuable medicine, now used by the medical profession with such astonishing efficacy in

Pulmonary Consumption, Scrofula, Chro. nic Rheumatism, Gout, General Debility, Complaints of the Kid-

neys, dec., dec., is prepared from the liver of the Cod Fish for medical

se, expressly for our sales. (Extract from the London Medical Journal.)
"C. J. B. Williams, M. D., F. R. S., Professor of Medicine in University College, London, Consulting Physiciau to the Hospital for consumption, &c., says: I have prescribed the Oil in above four hundred cases of tubercu ous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked and unequivocal improvement, varying in degree in different cases, from a temporary retardation of the progress of the disease and a mitigation of dis tressing symptoms, up to a more or less complete restor-ation to apparent health.

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.

"In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal, dietetic or regimenal, that has yet been employed. As we have made arrangements to procure the Cod Liver Oil, fresh from head quarters, it can now be had chemically pure by the single bottle, or in boxes of one dozen each. Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity, too much care cannot be used in procuring it genuine. Every bottle having on it our written signature may be

depended upon as genuine.

Pamphiets containing an analysis of the Oil, with notices of it from Medical Journals, will be sent to those

It has given universal satisfaction, and has cured cases of Ague of years standing, and after the failure of all other medicines made use Mr. Henry Beverson, of the same place, says in his ortificate, dated 22d March, 1849, 'I applied to a number of Physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I contin-ued the use of it till I had taken two bottles.' In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge, The most effectual, the safest, pleasantest

ever offered to the public. THE SPIGELIA, says a work of highest authority, stands at the head of the list of Anthelmintics or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the constitution, than any other. But prepared as it commonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative operation, and so palatable as to be taken, not only with ease,

but with positive pleasure.

The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of eminentphysicians, in Philadelphia and elsewhere, who have in their practice. In addition to this evidence of its mer-

its, we offer the following, selected from a number of un-1st. A distinguished physician of Virginia, of much

experience, writes of it thus: "I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than half the quantity received, and the experiment has been most successful. I really believe that it possesses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in dosing children) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

2d. A respectable physician of Lebanon county, in this "I have been in the habit of prescribing your Compound

"I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.—Please forward per bearer 2 doz. bottles.—Yours, &c." 3d.—An intelligent merchant of Virginia to whom we had previously sold the syrup, writes:

"Since my return home, I find that your Syrup of Spigelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for evey day. You will blease put us up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail.—Yours, &c."
4th.—A respectable merchant of Ohio, on a late visit to
Philadelphia, stated, that some time since he had been applied to by a customer for a vial of _________'s Ver-mifuge for his son. Not having the article asked for, he advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 200 worms and entirely relieved his son.

The merchant added an expression of his great regret that he had not had on hands a bottle of the Syrup at the time when his own little daughter died, as he confidently be-lieved it would have saved her life. 5th—A gentleman of Hudson, N. Y., having sent a bot-tle of Harris, Turner & Hale's Compound Syrup of Spi gelia, to a young friend who had tried in vain a great number of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out my body."

HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the reams are supplied; this GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on setentific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so redaitie, that they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhainton, under heat, are the very essential medical properties of the root, which give to it all its value.
