

thing here seems to be in a chaotic state, confusion and disorder. My opinion is, that the sooner mining becomes unprofitable the better it will be for the country; for as soon as agricultural and commercial pursuits gain the ascendancy, this country will undoubtedly become one of the most opulent upon the shores of the Pacific.

At this time we are destitute of most of the comforts and conveniences of civilized life. Every person comes here to make money, with the view of ultimately returning to the States; and until mining becomes subordinate to the cultivation of the soil, but few of the comforts of domestic life will be introduced into this country, and as a necessary consequence, but few of the many thousand adventurers remain after they have accumulated a few thousand dollars.

Perhaps you would wish to know what are my opinions respecting the propriety of persons in the States leaving their homes and coming to the El Dorado. I have already spun out my letter to an almost unreasonable length, but will give you indulgence a little longer, to give my views briefly upon the subject. My advice, and a careful consideration of the subject, and experience in the mines, is that it is far better for those who are in business and doing well at home, to remain there. Persons who are in ill health, or of a delicate constitution, should not come here; for of all places in the wide world, this is the one most to be dreaded in the hour of sickness. Far from home and friends—without money and with but few of the comforts of civilized life—the sick man is truly in an unfortunate and pitiable situation. For medical attendance these physicians will charge an ounce (\$16) a visit; and this, you know, would soon consume the earnings of many days in the mines. Fortunately for myself, I have not been a day sick since I left Lewistown. The class of persons in the States who can better bear the fatigues of the laboring portion of the country, are the well-to-do; but I have no doubt that for many, many years to come, a strong, athletic man can make from \$5 to \$8 per day, one day with another, throughout the year. How foolish, then, to work in the States for one dollar, or even less. It is true you can fix in the States, but here you only stay. You can have but few comforts here, still the inconveniences will be lessened every year; and as for health, my opinion is that this is, with a few local exceptions, as healthy a country as there is in the States. Don't understand me as regretting that I came here. Far from it. So well pleased am I in the likelihood I shall make it a permanent home—should I do so, I will of course pay you a visit occasionally in the States. The distance is only some 7000 miles, and for a man who rode on horse-back some ten or twelve hundred miles at a stretch, the journey is nothing when performed by steam. It should be much pleased to hear often from you. Very truly, yours, &c., K.

P. S.—I heard a day or two ago that William Scott, formerly of Lewistown, died up at the mines. The report was brought down to Stockton by a man who keeps a trading establishment at Murphy's Diggings, and told to a man of my acquaintance, who knew Scott. I hope, however, it may be untrue. K.

THE DOBLE EAGLE.—We saw yesterday, says the North American of Wednesday, for the first time, specimens of the Twenty Dollar gold coins, authorized at the last session of Congress, and now just issued from the U. S. Mint, in this city. The new coin is somewhat larger than the half dollar, and is considerably thicker. The face bears the head of Liberty, surrounded by the thirteen stars, with the date, "1850," and on the obverse, there is a spread Eagle supporting a shield, and an ornamental fillet showing the motto "E Pluribus Unum." Above the Eagle are rays, in the midst of which are the thirteen stars—the whole encircled by the words "United States of America." Twenty D's." It is a handsome, imposing looking coin.

TOWN MEETING.

In pursuance of public notice a number of the citizens of the borough of Lewistown convened in the Presbyterian church, in said borough, on Friday evening, the 8th day of March, 1850, for the purpose of adopting measures for the better observance of the holy Sabbath.

The meeting was organized by the appointment of WILLIAM P. ELLIOTT, President, Adam Ziegler and John Musser, Vice Presidents, and David Candor and John Sterrett, Secretaries.

Rev. James S. Woods made an appropriate prayer.

The object of the meeting was stated by R. C. Hale, Esq.

On motion of the Hon. Chas. Ritz, a committee of seven—viz: Judge Ritz, John R. Weeks, R. C. Hale, John Kennedy, E. L. Benedict, John Evans, S. S. Woods and Thomas Stewart—were appointed to draft resolutions expressive of the sense of the meeting.

The said committee, through their chairman, Judge Ritz, reported the following preamble and resolutions, which were, on motion, adopted:

Whereas, we believe that the observance of the Sabbath is alike required by the laws of God and the necessities of our nature; that all employers are under a moral obligation to allow their employees sufficient time to attend to moral, social, and domestic duties; that incessant labor without the intermission of the Sabbath, is destructive to soul and body, and if it should become general, would lead to a thorough corruption of public morals, and in the end the destruction of our social institutions.

Therefore, Resolved, That we cordially approve of the course pursued by the Penna. R. R. Co., in the suspension of all Sunday operations upon their road, and would respectfully suggest the adoption of similar resolutions by all other rail road corporations in this state, and in the United States.

Resolved, That our senators and representatives in General Assembly be requested to use their influence to procure a like suspension upon all the canals and rail roads owned and managed by the State of Penna.

Resolved, That these resolutions be printed and a copy sent to each senator and representative.

On motion of E. L. Benedict, Esq., it was resolved, that the proceedings of this

meeting be published in the newspapers of this borough.

On motion of S. S. Woods, Esq., a resolution was adopted that a county meeting be called, to meet on Monday evening next, and that public notice of it be given by hand bills, by the ministers of the several congregations in the county, and by the judges of the courts, of the time and place of meeting, &c.

On motion of Dr. S. F. Green, the President appointed John Evans, F. J. Hoffman, and John R. Weeks, a committee to procure a house and make arrangements for the meeting, &c.

On motion of David Candor, Esq., it was resolved, that the last mentioned committee request the Honorable Judges to adjourn the courts in time to attend the meeting.

After prayer by the Rev. John Rosenbergh, the meeting adjourned.

COUNTY MEETING.

In pursuance of the call contained in the above proceedings, a large meeting of citizens of the county was held at the Town Hall, on Monday evening last, 11th inst. On motion, Hon. Chas. Ritz, of Lewistown, was called to the chair, and Major WM. RAMSEY and THOS. WATSON, of Armagh, Maj. JOHN HENRY and Dr. GEORGE V. MITCHELL, of Brown, Gen. JOHN ROSS, of Oliver, WM. T. BELL, of Decatur, H. B. TAYLOR, of Union, WM. HADLEY, of M'Veytown, and JAMES BURNS, of Derry, were appointed Vice Presidents, and JOHN R. WEEKS and D. M. CONTER, of Lewistown, and ABNER THOMPSON, of Armagh, Secretaries.

The meeting being thus organized, the following committee was appointed to prepare a preamble and resolutions for the consideration of the meeting—Gen. R. C. Hale, James Thompson, Col. Josiah Kerr, John Zook, Thomas McClure, Robert Forgy, William Beatty, John Robinson, James M. Craig, E. L. Benedict, Esq., David Ross, Thomas Reed, Hon. Samuel Alexander, John Evans, Wm. P. Elliott, Jacob Ort, John Sterrett and Samuel W. Taylor, sr.

In the absence of the committee, addresses pertinent to the occasion were made by James T. Hale, Esq., of Bellefonte, and S. S. Woods, Esq.

The committee having returned, reported the following proceedings, which were, on motion, unanimously adopted—

Whereas, the observance of a weekly day of rest is based not only upon the revealed law of God, but also on the law of nature, as taught to mankind by the experience of ages, showing most conclusively that it is the duty of man to his Creator and to himself, to refrain from labor one day in seven: And whereas, the first day of the week, commonly called Sunday, is recognized as the Christian Sabbath, by a large majority of the civilized world; and its observance is enjoined upon the people of Pennsylvania, by positive legislative enactment, which recognizes no distinction, and is the rule of action, alike for the weak and the mighty—the rich man whose word is power, and the toiling millions who labor for their daily bread: Therefore, we, the citizens of Mifflin county, in general county meeting assembled, feel it to be our duty and privilege to raise our united voices in defence of an institution coeval with the creation of the world, and whose influence has been so beneficial upon mankind, in a social, civil and religious aspect—therefore,

Resolved, That we have heard with regret and astonishment, that a bill has passed the Senate of Pennsylvania, virtually authorizing those who observe the seventh day as the Sabbath, to follow their secular business on the first day of the week, recognized as the Christian Sabbath, and that as freemen of this Commonwealth, we hereby protest against this attempt to overthrow one of the strongest bulwarks of our social, civil and religious liberties.

Resolved, That we approve the course pursued by our Senator, J. V. Cunningham, in voting against this bill, and we hereby instruct our representative, Alexander Gibboney, Esq., to vote against and oppose the passage of the same in the House of Representatives; and, if the same should pass the legislature, we call upon the Governor to interpose his veto and prevent its becoming a law.

Resolved, That we heartily approve the action of the Directors of the Pennsylvania Rail Road Company, in stopping the running of cars on their road on Sunday—that the same meets the entire concurrence of a large majority of the citizens residing near the line of the road, and that their action, in this respect, will be sustained by every good citizen, patriot and christian.

Resolved, That we have heard with unfeigned regret that an effort is making to overawe the action of the Board of Directors of the Penna. Rail Road Company in regard to this question, and that, as stockholders of said road, and citizens interested in its prosperity, we pledge ourselves to sustain the Directors, by our votes and influence, and that we will resist to the utmost extent of the law, the desecration of the Sabbath within our borders, by the officers and agents of this or any other company, should it be attempted.

Resolved, That it is the duty of the Commonwealth of Pennsylvania, and all Rail Road and Canal companies within the state to stop the running of their cars and boats on Sunday, and we cannot in a political point of view recognize the right of a State or corporation by their agents, to violate a law of the land which is imperatively binding on every mechanic, laborer, merchant or farmer.

Resolved, That the experience of centuries show most clearly that man and beast, alike benefited, by the rest of the Sabbath, and that it is the interest of both employer and those employed to cease on that day from all labor or secular employment, both of mind or body.

Resolved, That to deprive the laboring man by any inducement or compulsion to forego the rest of the Sabbath, is an outrage upon his rights as a freeman, and that any company or corporation which recognizes this sacrifice on the part of those in its employ as a consideration for remaining in their employment, is guilty of a tyranny that should not be tolerated in this free country.

That while no man or set of men have a right to follow "any worldly employment or business whatsoever, on the Lord's day, commonly called Sunday," each man has a right on that day to cease from labor, and observe it as a day of rest and religious improvement, without interference or hindrance from any human power.

On motion, it was resolved, that the Chairman on resolutions be requested to send a copy of these proceedings to our Senator and Representative, the Directors of the Pennsylvania Rail Road Company, his

Excellency Governor Johnston, and to each member of the Board of Canal Commissioners of Pennsylvania.

On motion ordered, That these proceedings be signed by the officers, and copies furnished to the publishers of the True Democrat and Lewistown Gazette, with a request to publish them. The meeting then adjourned.

(Signed by the officers.)
