#### LIFE INSURANCE. The Girard Life Insurance Annuity and Trust Company of Philadelphia,

Office No. 159 Chesnut Street. Capital \$300,000. Charter Perpetual.

CONTINUE to make Insurances on Lives on the most favorable terms; receive and execute Trusts, and receive Deposits on Interest.

The Capital being paid up and invested, together with

accumulated premium fund, affords a perfect security to the insured. The premium may be paid in yearly, half yearly, or quarterly payments.

The Company add a BONUS at stated periods to the insurances for life. This plan of insurance is the most approved of, and is more generally in use than any other

in Great Britain, (where the subject is best understoodby the people, and where they have had the longest experi ence,) as appears from the fact that out of 117 Life Insurance Companies there, of all kinds, 87 are on this plan.

The first BONUS was appropriated in December, 1844, amounting to 10 per cent. on the sum insured under the oldest policies; to 8‡ per cent., 7‡ per cent. &c., &c., on others, in proportion to the time of standing, making an addition of \$100; \$87.50; \$75, &c., &c., to every \$1000,

originally insured, which is an average of more than 50 per cent, on the premiums paid, and without increasing the annual payment to the company. ration of the Bonus will be seen by the follow-

PURE FRESH COD LIVER OIL. THIS new and valuable medicine, now used by the medical profession with such astonishing efficacy is

the cure of Pulmonary Consumption, Scrofula, Chronic Rheumatism, Gout, General Debility, Complaints of the Kidneys, &c., &c.,

is prepared from the liver of the Cod Fish for medical use, expressly for our sales.

(Extract from the London Medical Journal.) "C.J. B. Williams, M. D., F. R. S., Professor of Medi-ine in University College, London, Consulting Physiciau to the Hospital for consumption, &c., says: I have prescribed the Oil in above four hundred cases of tobercu-ous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked and unequivocal improvement, varying in degree in different cases, from a temporary retarda-tion of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restoration to apparent health.

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and

strength were gradually improved. "In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal, dietetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Live Oil, fresh from head quarters, it can now be had chemically pure by the single bottle, or in boxes of one dozen each.

Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity too much care cannot be used in procuring it genuine. Every bottle having on it our written signature may be

depended upon as genuine.

Pamphlets containing an analysis of the Oil, with notices of it from Medical Journals, will be sent to those who address us free of postage.

## DR. MARTIN'S Compound Syrup of

Is the best Medicine yet for Coughs, Colds, Consumption, Asthma, Spitting of Blood, &c. Read the foi-

November 12th, 1848.

Dear Sir-I take great pleasure in saying to you that Mrs. Ross has been entirely relieved of her cough by the use of your Syrap of Wild Cherry. It had continued for fully eighteen months. She had used several preparations of the Wild Cherry now in popular use, but not with the slightest benefit, until she took yours. She only took six bottles, and I am pleased to say she is now in good health. Every one who saw Mrs. Ross thought her in a deep decline.

## Martin & Whiteley's NATIONAL TONIC, A certain Cure for Ague, Fever,

and Dyspepsia. IN our summer and fall months many sections of our country are presented by BilLIOUS FEVER and AGUE and FEVER.—It has been our particular study to find out some remedy to stop this dreadful scourge, and think, in this TONIC we have effected this great object. It is also we think the very best remedy in Dyspensia and if our directions are followed, will not fail to effect

In a letter dated, May 23d, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Pa., says:—I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases o. Ague of years standing, and after the failure of all other medicines made use of. Mr. Henry Beverson, of the same place, says in his certificate, dated 22d March, 1849, 'I applied to a number of Physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your Na-tional Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles. In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say—'Having tried nearly all the remedies within our reach with-out success, we at last purchased some of your National Tonic, which has completely cured us. We, therefore, cheerfully recommend it to the notice of all persons af-flicted with that terrible disease as the best remedy yet

#### HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge, The most effectual, the safest, pleasantest

and most convenient Worm Medicine ever offered to the public. HE SPIGELIA, says a work of highest authority, stands at the head of the list of Anthelminties or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the constitution, than any other. But prepared as it com-nonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative opera-tion, and so palatable as to be taken, not only with ease,

but with positive pleasure.

The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments ontinued for years. Before offering it for sale, it was subjected to the test of experience in the hands of emi-nentphysicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. In addition to this evidence of its merts, we offer the following, selected from a number of un-

Market street, Lewistown, adjoining Ken-

Ist. A distinguished physician of Virginia, of much experience, writes of it thus:

"I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than half the quantity received, and the experiment has been most successful. I really believe that it posses. ses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in dosing children) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 200 worms and entirely relieved his sou. The merchant added an expression of his great regret that he had not had on hands a bottle of the Syrup at the time when his own little daughter died, as he confidently be-

#### CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Tewa send's Sarsaparilla, denominating it GENULYE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yethe assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to cantion the public not to be deceived, and purchase none but the GENUINE ORIGI-MAI. OLD Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family cost of arms, and his signature across the coat of arms.

## OLD DR. JACOB TOWNSEND.

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilia. Old Dr. Townsend is now about 70 years of age, and less long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND S.R. SAPARILLA." Being poor, he was compelled to louit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been heated of sore diseases, and saved from death, ptogrammed its excellence and wonderful. claimed its excellence

HEALING POWER. HEALING POWER.

Knowing, many years ago, that he had by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be turnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this GRAND AND UNEQUALLED PREPARATION Phis time has come, the means are supplied; this GRAMD AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and cever changes, but for the better: because it is prepared as scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which sre inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatife, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatife privaciples, which fly off in vapor, or as an exhaution, under heat, are the very essential medical properties of the root, which give to it all its value.

SOURING, FERMENTING, ACID "COM-POUND" OF S. P. TOWNSEND,

POUND' OF S. P. TOWNSEND, and yet he would fain have it uniterstood that Old Dr. Jacob Townsend's Genume Original Survayaevilla, is an IMITA-PION of his inferior preparation. Heaven Sarbid that we should deal in an article which would hear the most distant resemblance to S. P. Townsend's article? and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have the S. P. Townsend's PERMENTING COMPOUND.

We wish it understood, because it is the mbeolute trait, that S. P. Townsend's article and Old Dr. Jacob Townsend's Saraparilla are hetera-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, asscientific enprofessional sian, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows

But what else should be expected from one who known nothing comparatively of medicine or disease! Trequires a person of some experience to cook and serve up even a summon decent meed. How much more important is it that the persons who manufacture medicine, designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS, WEAK STOMACHS AND ENFERBLED SYSTEMS, should know well the medical properties of plants, the best manner of securing and encentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases:

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing boxom, to restore health and bloom, and upon the crushed and howen, and to banish infirmity that OLD BE, JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

this insipid or vapid fiquad, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SY-RUP." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the mert properties of the Sarsaparylla not are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and this it is rendered incapable of soing any of its valuable and healing properties. Prejared in this way, it is made the niost powerful agent in the Cure of innumerable diseases. Hence the reason why we hear commendations on every

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find a doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COMPLIAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIFENESS, all GUTANEOUS ERUPTIONS, PIMPLES, BLOCTHES, and all affections arising from

The medicine you pre-eminently need?

The medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, thus the one is INCAPA BLE of DETERIORATION, and NEVER SPOILS, while the other DOES; souring, fementing, and Blowing the bottles containing it into iraginents; the sour, acid liquid exploiding and damaging other goods? Must not this horn-ble compound be pousonous to the system — What! fall end into a system aiready decored with acid. What causes Dyspepsia but acid? Do we not sill know that when food sours in outr stomachs, what mischiefs it produces? datalence, heartbun, palpitation of the heart, liver complished diarrhors, dysontery, colic, and corruption of the blood? What is Scrottla but an acid humor in the body? What produces all the humor which bring on Eruptions of the Skin, Scald Head, Salt Rhewn, Eryspeliss, White Swell higs, Fever Sores, and all ulcerations internal and external! It is nothing under heaven, but an acid substance, which sours, and thus spoils sill the fluids of the body more coless. What causes Rheumetism but a sour or seld duid which insimpsies itself between the joints and elsewhere, irritating and inflaming the delevate issues upon which it acts? So of hervous diseases, of impurity of the blood, u defranged circulations, and nearly all the aliments which afflict human nature.
