PURE FRESH COD LIVER OIL. THIS new and valuable medicine, now used by the medical profession with such astonishing efficacy in the cure of

Pulmonary Consumption, Scrofula, Chro nic Rheumatism, Gout, General Debility, Complaints of the Kidneys, dec., dec.,

is prepared from the liver of the Cod Fish for medical use, expressly for our sales.
(Extract from the London Medical Journal.)
"C. J. B. Williams, M. D., F. R. S., Professor of Medi-

cine in University College, London, Consulting Physiciau to the Hospital for consumption, &c., says: I have prescribed the Oil in above four hundred cases of tubercuous disease of the Lungs, in different stages, which have en under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked and unequivocal improvement, varying in degree in different cases, from a temporary retardation of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restor ation to apparent health.

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.

"In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal dietetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Liver Oil, fresh from head quarters, it can now be had chemically

pure by the single bottle, or in boxes of one dozen each.
Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity too much care cannot be used in procuring it genuine.

Every bottle having on it our written signature may be

depended upon as genuine.

Pamphlets containing an analysis of the Oil, with notices of it from Medical Journals, will be sent to those who address us free of postage JOHN C. BAKER & CO,

The Company add a BONUS at stated periods to the

surances for life. This plan of insurance is the most approved of, and is more generally in use than any other in Great Britain, (where the subject is best understood by the people, and where they have had the longest experience,) as appears from the fact that out of 117 Life Insurance Companies there, of all kinds, 87 are on this plan. The first BONUS was appropriated in December, 1844, mounting to 10 per cent. on the sum insured under the oldest policies; to 8% per cent., 7% per cent. &c., &c., on others, in proportion to the time of standing, making an addition of \$100; \$87.50; \$75, &c., &c., to every \$1000, originally insured, which is an average of more than 50 per cent. on the premiums paid, and without increasing the annual payment to the company. The operation of the Bonus will be seen by the follow-

ing examples from the Life Insurance Register of the Company, thus:

In a letter dated, May 23d, 1819, our Agent, Mr. Elies Raub, of Wrightsville, York county, Pa., says:—I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases of Ague of years standg, and after the failure of all other medicines made use.
Mr. Henry Beverson, of the same place, says in his ertificate, dated 22d March, 1849, 'I applied to a number of Physicians, and also used a variety of the most pop lar Ague Mixtures at different times, but all without the desired effect; no permanent cure having been afforded. I was at length induced, at the recomme I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles. In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say—'Having tried nearly all the remedies within our reach without success, we at last purchased some of your National Tonic, which has completely cured us. PURIFY! PURIFY!

Life and Health are in the Blood. Not one of all the numerous medicines that have been prepared, begins to be of as great medical virtue, power, and unfailing certainty to cleanse and purify, produce new healthy blood, and strengthen and invigorate the whole sys-

PURIFYING EXTRACT.

BRANT'S INDIAN

This Purifier is the most conderful and astonishing remedy in the world. No other medicine has effected such almost miraculous cures of Scrofula, Fever Sores, Salt Rheum,

SYPHILIS, and other eruptive and skin diseases, viz.: Ery sipelas, Sores, Ulcers, Ulcerated Sore Mouth and Throat, Nursing Sore Mouth, Scald Head, Biles, Piles, Pimples on the Face, Rheumatism, LIVER COMPLAINT, and many other diseases. THOUSANDS of such diseases have been cured by this PURIFIER, and cured by the use of FOUR TIMES

Less Quantity, at Less Cost by four-fold, than ever such diseases were before or since cured, by Sarsaparilla, or any other remedy. What, then, is the question for those interested to decide as to economy and health? FIRST—Will to cure my complaint? SECOND—Is it cheaper? THIRD—Will

ONE DOLLAR'S WORTH of BRANT'S PURIFIER effectively cure FOUR TIMES as much disease as one dollar's worth of Sarsaparilla? If it will, then it is FOUR TIMES CHEAPER than Sarsaparilla. And to prove this we offer one case of cure, out of the many cases of

MOST HORRID SCROFULA.

To realize the great power of this medicine as a purifier, read, in our Pamphlets, the perfect cure effected on Mr. J. B. Haskin, of Rome, Oncida county, N. Y. He was confined to his bed One Year—was not expected to live twenty-four hours longer—his neck was eaten nearly off, from ear to ear—a hole was eaten through the Wind-pipe—his ear nearly eaten out—the use of one arm acstroyed—an Ulcer, us large as a man's hand, had nearly eaten through his side—and there were on him, in all,

Twenty Large, Deep, Discharging Ulcers, which were ALL CURED, and he restored to health and strength to labor again, by the use of ONLY TWELVE BOTTLES. This wonderful cure is certified to by

Fourteen Respectable Witnesses. And it is the greatest cure, the most undoubtedly substantiated, of one of the most harrid and most hopeless cases of Scrofula, that has ever been cured since the world was created—completely establishing the great power and certain scacy of the medicine.

Thousands of cures of the most kopeless Consumption fully prove its almost miraculous efficacy in all diseases of the LUNGS, THROAT, and BREAST. A DYING WOMAN SAVED!

CONSUMPTION CURED! We give the following certificate as a fact of cure, which goes to prove the power to save life, even when the person seems to be in the very last stages of existence, when Brant's Indian Pulmonary Balsam is administered:—

Indian Pulmonary Balsam is administered:—

Town of Ballston, Saratoga Co., N. Y.—sr. Zina Dyke.
Man, being duly sworn, says: That in the winter of 1845, deponent's wife was believed by her pagarcian and others to be dying with a consumption of the lungs; and deponent helieving that to be the case, went to Mr. John Waif's store, in the village of Ballston Spa, to purchase cloth for a shroud, and other necessaries, to prepare his wife for burial after she should die. Deponent further says, that while he was in said Waif's store, he was persuaded by the Proprietor of "BRANTS INDIAN PULMONARY BALSAM" who was then present, to take a bottle of said Medicine—he remarking, that if the dying women be now past recovery, yet, if she be much oppressed and distressed, the said medicine would soothe and relieve her, and make the pillow of death more easy. Deponent took the said medicine home with him, together with the cloth he had purchased preparatory to the anticipated death of his wife. Deponent caused a portion of said medicine to be administered to life wife, and to his astonishment it soon relieved her. She continued the use of said medicine until she recovered from her disease, and has been able since (it being now more than three years) to do the work, and attend to all her household affairs; and deponent verily believes that, through the blessing of Providence, the restoration to health of his wife was the result of the curative and healing efficacy of Ranaf's ladges Polyneaux Balses.

DOCT. J. W. FRENCH, of Hillsdale, Hillsdale Co., Mich., wrote to us. Dec. 8, 1848: "I have been in the regular practice of medicine in this place for Nine Years; but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a chronic disease of the lung, as to convince me that I had the Consumption past doubt. I coughed almost incessantly night and day, and had severe pains and soveness in my chest, side, and breast. I tried the remedice recommended by the most skilful of my profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against Patent Medicines, and have no faith now in them, generally. But I was induced as an experiment, more than through faith, to try a bottle of Beant's Indian Pulmonary Balsam, and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me, was the most prompt and sulvary of any medicines I ever witnessed the effect of in all my practice. My cough was Inmandate to ten days, I was free from cough, soreness of the chest, and pain, and now consider and pronounce myself a well man." Doct. French is now a respectable druggist and merchant at Hillsdale. PHYSICIAN, HEAL THYSELF.

ANOTHER IMPORTANT VICTORY!

Messrs. Holtstander & Co., respectable merchants of Oberlin, Lorain Co., Ohio, wrote December 19, 1848: "After allowing the Brant's Medicines which you sent to us, to remain at Cleveland about three months, we sent for them. We have been so often deceived by such medicines not proving to be equal to their recommendations, and therefore would not sell, when their want of efficacy was known, that we considered it unprofitable to keep such, and were therefore prejudiced against Brant's, supposing it to be no better than many others we have on sale. After we had received Brant's, I. (A. Holtstander) was persuaded from reading the pumphlet to take a bottle of the Pulmonary Balsam home. My wife bad been afflicted with a Severe cough for about ten months, and our friends were alarmed and fearful that she would find nothing to relieve or cure her. But notwithstanding our prejudices to patent medicines, we are obliged to say, and cheerfully confess, that Brant's Balsam and Puripying Extract, can be depended on in preference to any or all of the many kinds that have been left with us for sale. My wife was immediately relieved in her cough, and before she had finished using the first bottle, began to gain strength and health, and only three bottless effected a perfect cure. The Persitying Extract I have personally used for a general dability of the system, and I have no hesitancy in saying that it is the best medicine to restore and invigorate the system, that I have ever found. In every instance where we have sold these medicines to plants of the residence of the part of the residence.

CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarasparilla, which they call In. Town send's Sarsaparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but war formerly a worker on railroads, canals, and the like. Vet he assumes the title of Dr., for the purpose of saining credit for what he is not. This is to contion the public not to be deceived, and purchase none but the GEAUJNE ORIGI-N.Al. OLD Dr. Jacob Townsend's Sarsaperilla, baving og it the Old Dr's. likeness, his family cost of arms, and his signature across the cout of arms;

OLD DR. JACOB TOWNSEND. Genuine Townsend Sarsaparilla.

old Dr. Townsend is now about 70 years of age, and lass long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL "TOWNSEND S.R. SAPARILA." Being poor, he was compelled to linke its manufacture, by which means it has been kept out of mer, ket, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

ciaimed its excellence and wonderful
HEALING POWER.
Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the regens are supplied; this GRAND AND UNEQUALLED PREPARATION IS IMMIGRATION TO THE PREPARATION IS IMMIGRATION TO THE PREPARATION. This time has come, the means are supplied; this GRAND AND UNFQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better: because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry and the latest discoveries of the art, have all theen brought into requisition in the manufacture of the Old Or's Sarsparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and scid, which is injurious to the system. Some of the properties of Sarsaparilla area to velositie, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific properse, known only to those experienced in its manufacture. Moreover, these velatile principles, which fly off in vapor, or as an exhalation, under heat, are she very essential succideal properties of the root, which give to it all its value.

Heaven forbid that we should deal in an article which
would bear the most distant resemblance to S. P. Townsend's article, and which should bring down upon the Old
Dr. such a mountain load of complaints and criminations
from Agents who have sold, and purchasers who have used
S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth,
that S. P. Townsend's article and Old Dr. Jacob Townsend's Saraparilla are heaven-uside apart, and infinitely disrimilar; that they are unlike in every particular, having
not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no
chemist, no pharmaceutist—knows no more of medicine or
disease than any other common, unscientific, inprofessional
man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the
virtues of the articles used in preparing it and which are in
capable of changes which might render them the ACENTS
of Disease Insteadiof health.

to these diseases?
It is to arrest frauds upon the unfortunate, to pour halm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infimity that OLD DR. But such is not the article known as the RUP." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S

SARSAPARILLA. SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing proporties. Prepared in this way, it is made the most powerful agent in the Cure of innumerable diseases

Hence the reason why we hear commendations on every de in its favor by men, women, and children. We find a loing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER CO.M. PILAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIVENESS, all OUTANEOUS FRUPTIONS, PIMPLES, BLOCTHES, and all affections IMPURITY OF THE BLOOD.

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from Indigestion, from Acialty of the Stomack, from unequal circulation, determination of blood to the head, pulpitation of the heart, cold feet and hands, cold childs and hot dashes over the body. It has not its equal in Colds and Congas; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part. But in nothing is its excellence more manifestly seen and acknowledged than an all kinds and stages of ECKnowledged than in all kinds and stages of FEMALE COMPLAINTS. It works wonders in cross of Fluor Albas or Whites, Fulling of the Womb, Obstructed, Suppressed, or Painful Mense, Irregularity of the menstrum periods, and the like; and is as effectual in caring all the forms of Kudney Diseases. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and

Nervous diseases and debility, and thus prevents or relieves a great variety of other make dies, as Spinal irritation. Neuralgia, St. Final Dance, Swooning, Epiteptic Fits, Convuisions, &c. It cleaness the blood excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the lowels of torpor and constipution, allays indammation, burifies the skin, equalises the circulation of the blood, producing gentle warnish equally all over the body, and the insensible perspiration; relaxes all strictures and lightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

Do we not all know that when food sours in our stomachs, what mischiefs it produces? Buttlence, heartburn, palpitation of the heart, liver complaint, diarrhora, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humer in the body? What produces all the humors which bring on Fruptions of the Skin, Scrid Head, Sait Rheum, Eryspelas, White, Swell lings, Fever Sores, and all ulcerations internal and external it is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more of less. What causes Rheumatism but a sour or acid fuld which insinuates itself between the joints and cleawhere tritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, or deranged circulations, and nearly all the aliments which afflict human nature.
