

representatives. Berks has 16,202 taxables, and is allowed four members, whilst Schuylkill and Butler and Lawrence, with 24,782 taxables, are allowed no greater number. If the Constitution can be construed to inflict such flagrant wrongs, the liberties of the people are no longer secure under its provisions.

5th. The county of Crawford, with 8,130 taxables, is allowed two members, while the adjoining county of Erie, with 8,434 taxables, is allowed only one member.

6th. The counties of Allegheny, Butler, Lawrence, Dauphin, Erie and Schuylkill, with 69,446 taxable inhabitants, are allowed eleven members, while the counties of Columbia, Sullivan, Fayette, Westmoreland, York and Mifflin, with 42,950 taxables, are allowed eleven members.

Here is exhibited an instance wherein the voice and influence of 26,496 of the freemen of the State are unheard and unfelt in the popular branch of the Legislature. By the ratio fixed in the bill, the first named counties would be entitled to fourteen members, and the last named counties to less than nine members.

7th. The counties of Adams, Allegheny, Butler, Lawrence, Beaver, Dauphin, Delaware, Erie, Indiana, Lebanon, Philadelphia city, Somerset, Union and Lancaster, with an aggregate of 140,294 taxables, are allowed twenty-five members, whilst the counties of Columbia, Sullivan, Crawford, Fayette, Monroe, Vinton, Pike, Mercer, Venango, Warren, Mifflin, Montgomery, Susquehanna, Wyoming, Westmoreland, York, Tioga, Elk, M'Kean and Clearfield, with an aggregate of 105,280 taxables, are given the same number.

In the assessment of the public monies, the wrong inflicted on these partially disfranchised counties is readily perceivable.

The instances of inequality and injustice, in the bill, similar to those mentioned, are so numerous, that a further examination and exposure of them would seem a waste of time. In this inequality of representation, and disregard of the ratio fixed by the Legislature, there is a violation of the spirit and letter of the Constitution.

The district composed of the counties of Clearfield, M'Kean and Elk, represents an instance wherein counties erected since the adoption of the Constitution are given a separate representation on a less number of taxables than the ratio number fixed by the Legislature.

The formation of representative districts by the union unnecessarily of several counties, is well calculated to remove the just responsibility that the representative owes to the constituent, and to prevent the popular voice of some of the counties being heard in the Legislature.

These anti-republican features ought to be avoided. The district composed of Armstrong, Clarion and Jefferson exhibits the following facts: The representative ratio is 4,865; the county of Clarion has 5,087 taxables, entitling it to a member with a very small excess.

The counties of Armstrong and Jefferson have 8,708 taxables, being proportionally a much larger number of taxables for two members than is required by the bill for the counties of Fayette, Westmoreland, Berks or Crawford.

The interests of these counties may be similar, and to that extent no wrong is perpetrated, but in the event that either county should have separate or conflicting local interests, the rights and wishes thereof must not only be unheard but disregarded. The same remarks apply to the districts composed of Cumberland, Perry and Juniata; and Mercer, Venango and Warren.

In the arrangement of the Senatorial Districts, the same disregard of the ratio fixed by the bill, and of the rights of taxable inhabitants, is exhibited.

1st. To the district composed of the counties of Tioga, Elk, M'Kean and Potter, with 8,673 taxables, is given one Senator, while to the district composed of the county of Lancaster, with 22,843 taxables, is given one Senator.

The district first named falls short of the ratio fixed by the Legislature 6,070, whilst the last named district exceeds the ratio 1,100 taxables. Lancaster county, with 14,171 taxables more than the counties first named, is allowed no more influence on the floor of the Senate.

2nd. The counties of Lancaster, Chester and Delaware are allowed two Senators; the taxables therein are 42,850, thus requiring 21,425 taxables to elect a Senator; whilst the counties of Tioga, Potter, M'Kean Elk and Erie are allowed two Senators, with 17,107 taxables, thus requiring only 8,553 taxables in these counties to elect a Senator.

3d. The counties of Crawford, Mercer, Venango, Warren and Jefferson are united and allowed two Senators, although the number of their taxables only exceeds that of Lancaster 2,000, and falls short of the taxables of Lancaster, Chester and Delaware 18,020—a difference and inequality greater than the ratio fixed by the Legislature for a Senator.

The number of taxables in the 18th, 19th and 20th districts is 41,956—to these districts this bill gives four Senators, while to the 4th and 7th districts, with 42,880 taxables, is given only two Senators.

It is not perceived upon what principle of propriety the system of double districts is adopted. In the formation of the 19th district, which largely lacks the number of taxables required by the ratio, for two Senators, the county of Jefferson, with 2,622 taxables, is included—while the county of Clarion, with 5,087 taxables, and more eligibly located as contiguous and adjoining territory, is rejected.

From this fact it is manifest, that this double district was created with no view of representing fractions, or approximating to the ratio fixed by the bill. It may well be deemed, an act of hasty and improvident legislation. The counties of Crawford and Erie; of Crawford, Venango and Warren; of Mercer, Venango and Clarion; of Erie, Warren and Venango, would all appear well located for single districts.

The transportation of the counties of Clarion and Jefferson from the districts formed by the present bill, would make both districts approach much nearer the ratio adopted by the Legislature, provided this system of double districts cannot be avoided.

The peculiar local interests and number of taxables in the counties embraced in the 5th and 24th districts, would not appear to demand the combinations made by this bill, and which are so likely to remove the direct and just responsibility of the representative to his constituents.

The 4th district is formed of Chester and Delaware counties. The county of Chester alone is entitled by the number of her taxables according to the ratio fixed, to a Senator, yet the county of Delaware, with 5,267 taxables, is unnecessarily added to form said district, whilst the county of Montgomery, adjoining to Delaware, with less than the requisite number of taxables, is allowed a Senator.

I have heretofore urged upon the legislature the propriety of giving to important public measures early attention. I regret that the duty of apportioning the State has been delayed so long, an hour of the session, thereby precluding that consideration by a co-ordinate branch of the government which its importance demands, and which the present bill convinces me it did not receive at the hands of the Legislature.

With this sincere desire of expediting your labors, by an early return of this bill, I have devoted my time to its consideration since its presentation to me for an examination. I cannot believe that the representatives of the people, or any of them, would designedly inflict wrong upon a part of their fellow citizens.

I feel that the spirit of justice and fair dealing, that so largely marks the character of our common constituency, would frown indignantly upon all attempts to disfranchise any portion of the citizens. I know that the people will denounce any and every encroachment, as they have always heretofore done, that may be contemplated against the liberty and equal rights of the citizen.

The bill is returned to the House of Representatives, in which it originated.

Hon. T. J. Campbell, Clerk of the House of Representatives, died in Washington, on Friday last, after a few days illness. His remains were taken to Knoxville, Tennessee, for interment.

In the House of Representatives, J. Young, of Illinois, loco, was elected Clerk in the place of Mr. Campbell, deceased, on the 9th ballot—three free soilers, Wilmot, Julian, and Holmes, voting for him.

ARMY OF EMIGRANTS.—The Chicago Democrat learns that persons are in that city, from St. Joseph, Mo., who report that there are from 50 to 60,000 persons at that place, and up and down the Missouri river, awaiting the proper time to start for the plains. In consequence of this vast army of adventurers, provisions of all kinds, especially fodder for horses, are enormously high—as high as in California. For instance, oats are \$2 50 per bushel.

MARRIED.
On Sunday evening, 14th inst., in Hollidaysburg, by Rev. E. Weitz, Mr. THOMAS H. POLLOCK, of Mount Union, Huntingdon county, and Miss SUSAN FURRY, of the former place.

DIED.
On Saturday morning, 13th inst., Mrs. MARY JANE, wife of Joseph R. Smith, and daughter of John Rigg, aged about 23 years. Her remains, followed by a large number of sorrowing relatives and friends, were interred at the Methodist burying ground.

On the 7th, at New Oxford, Adams county, Col. GEORGE HIXES, aged 74 years, 3 months and 22 days—for many years an esteemed citizen of that county.

On Monday, the 8th inst., at the residence of William Moore, in Juniata county, Mrs. MARY, widow of the late John McClester, aged about 70 years.

On the 18th inst., near Lewisburg, Union county, Dr. THOMAS VAN VALZAH, father of Dr. Van Valzah of this place, aged 56 years.

On Thursday, 11th inst., at Granville township, MARY JANE, youngest daughter of John and Mary Minehart, aged 14 years, 11 months and 22 days, after a painful illness of seven weeks and four days. The deceased was sensible of her approaching end, and told her father and the family that she would leave this troublesome world and seek peace and pleasure in Heaven with her little brothers. At the blessed Saviour's call, the parents have lost a tender and promising child; but their loss is gain to her.

There are no pangs for those who rest within the silent tomb; No thoughts disturb the tranquil breast, In that perpetual glow, Which shrouds us from all mortal fears, Earth's disappointments and its tears.

Ah, no, there are no charms for those That worldly storms have driven, To that dark chamber of repose, The last to us that's given— The last lone unmolested spot, Where want and care and grief come not.

THE PEOPLE
Know their Interests, and knowing will maintain them; Hence when they want goods at Uniform Prices, and as low as can be bought in the State, they go to
NUSBAUM, BROTHERS,
because every man, woman and child in the six counties by this time knows that no one can sell lower and live. They have, with their usual enterprise, brought up a large lot of
NEW SPRING GOODS,
and opened them to the gaze of admiring thousands while most of their competitors were sleeping over the piles of Calicoes, Gingham, and a hundred other articles remaining unsold from last year's purchases. These goods were all selected with an eye to
Beauty, Fineness, and Durability,
and bought at prices that throw twenty per cent. more into the shades of oblivion. We therefore invite our old customers and about
GOOD NEW ONES
(being all that we have room for at present) to give us a call, and if we don't please ninety-nine out of every hundred in
Beauty, Quality and Price,
there is no longer any virtue in
Cheap and Elegant Goods.
There is no need of recapitulating what we have, either in the
Dry Goods, Grocery, or any other Line,
as it is well known that we have everything anybody else has, and a considerable sprinkling of neat, useful and pretty matters that Others have not.
So let there be no delay among those who want the first pick—we are
ARMED AND EQUIPPED
with an elegant yard-stick, which measures true, and in conjunction with our clerks, are ready to wait on all the ladies and gentlemen, whether old or young, ugly or handsome, and make them look better than they ever did before after being rigged out in the splendid goods we have provided for their gratification.
