In a letter dated, May 23d, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Pa., says:—I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases of Ague of years standing, and after the failure of all other medicines made use of. Mr. Henry Beverson, of the same place, says in his certificate, dated 22d March, 1849, 'I applied to a number of Physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without th desired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles.' In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say—'Having tried nearly all the remedies within our reach without success, we at last purchased some of your National Tonic, which has completely cured us. We, therefore, heerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet

BROWN'S ESSENCE OF JAMAICA GINGER. VERY valuable preparation for persons recovering from fever, or other diseases, a few drops imparting to the stomach a glow and vigor equal to a glassful of brandy, or other stimulants, without any of the debilitating effects which are sure to follow the use of liquor of any kind; and it is therefore especially applicable to children and females. To the aged it will prove a great comfort; to the dyspeptic, and to those who are predisposed to gout and rheumatic affections, it gives great relief; and to the inebriate, who wishes to reform, but whose stomach is constantly craving the noxious liquor, it is invaluable—giving tone to the digestive organs, and strength to resist temptation, and is consequently a great agent in the

cause of temperance. For sale by

PATENT MEDICINES. "It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunatel for the country, and for honest and conscientious inven-tors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the firs time he purchases, he is very ant to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the efforts of the deserving. "We believe Dr. C. M. Jackson's 'Hooffand's German Bitters' to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This med icine is innocent, but strengthening in its effects, and rich ly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjo

JUDGE M. M. NOAH said, in his "WEEKLY MESSEN-GER," January 5, 185 "Dr. Hoofland's German Bitters.—Here is a prepara-tion which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the Uniand therefore a medicine of which he was the inventor

versity of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and endorsor may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia their conviction of its excellency, and sevpapers express their conviction of its excellency, and several of the editors speak of its effects from their own indi Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) prepara tion, but in recommending the article to all afflicted."

MORE EVIDENCE. The "PHILADELPHIA SATURDAY GAZETTE," the best

mily newspaper published in the United States. The editor says of Dr Hoofland's German Bitters:

"It is seldom that we recommend what are termed Pat-ent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoof-land's German Bitters, we wish it to be distinctly under-stood that we are not speaking of the nostrums of the day,

that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a med-icine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philade phia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when pre-

sented even in this form. That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases-the effect is immediate. They can be administered to FEMALE OF INFANT with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS. This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

I was so severely afflicted with a chronic disease of the lungs, as to convince me that I had the Consumption past doubt. I counsed almost incessantly night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of my profession, all to no effect, excepting the nauses and debility caused by them. I was prejudiced against Patent Medicines, and have no faith now in them, generally. But I was induced, as an experiment, more than through faith to try a bottle of Reast's Induan Pulmonary Balsam, and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me, was the most prompt and solutary of any medicines I ever witnessed the effect of in all my practice. ANOTHER IMPORTANT VICTORY!

Mesars. Holtstander & Co., respectable merchants of Oberlin. Lorain Co., Ohio, wrote December 19, 1848: "After allowing the Brant's Medicines which you sent to us, to remain at Cleveland about three months, we sent for them We have been so often deceived by such medicines not proving to be equal to their recommendations, and therefore would not sell, when their want of efficacy was known, that we considered it unprofitable to keep such and were therefore prejudiced against Brant's, supposing it to be no better than many others we have on sale. After we had received Brant's, I. (A. Holtstander) was persuaded from reading the pumphlet to take a bottle of the Pulmonary Baism home. My wife had been afflicted with a severe cough for about ten months, and our friends were alarmed and fearful that she would find nothing to relieve or cure her. But notwithstanding our prejudices to patent medicines, we are obleged to say, and cheerfully confess, that Brant's Baisam and Purifying Extract, can be depended on in preference to any or all of the many kinds that have been left with us for sale. My wife was immediately relieved in her cough, and before she had finished using the first bottle, began to gain strength and health, and only three bottles effected a perfect cure. The Purifying Extract ANOTHER IMPORTANT VICTORY: bottles effected a perfect cure. The Perifying Extract I have personally used for a general debility of the system, and I have no hesitaney in saying that it is the best medicine to restore and invigorate the system, that I have ever found. In every instance where we have sold these medicines they have proved their efficacy, and given the best satisfaction."

# BRANT'S INDIAN PULMONARY BALSAM

This Balsam possesses all the cleansing and purifying Virtues of the above-named Purifying Entract, and also possesses several other medications, particularly and pecupossesses several other medications, particularly and pecu-tiarly adapted to cure COUGHS and CONSUMPTIONS. It heals and cures Ulcers in the Langes, and elsewhere internal-ly, as readily and as easily as the Purifying Extract heals and corner to the constant of the con and curse externally.

Thousands of curse of the most hopeless Consumption fully prove its almost miraculous efficacy in all diseases of the LUNGS, THROAT, and BREAST.

A DYING WOMAN SAVED:

CONSUMPTION CURED! We give the following certificate as a fact of cure, which goes to prove the power to save life, even when the person ms to be in the very last stages of existence, when Brant's Indian Pulmonary Balsam'is administered :-

Town of Ballston, Saratoga Co., N. Y.—ss. Zina Dyke Man, being duly sworn, says: That in the winter of 1845, deponent's wife was believed by her physician and others to be dying with a consumption of the lungs; and deponent believing that to be the case, went to Mr. John Wait's store, in the village of Ballston Spa, to purchase cloth for a shroud, and other necessaries, to prepare his wife for burial after she should die. Deponent further says, that while he was in said Wait's store, he was persuaded by the Proprietor of "BRANT'S INDIAN PULMONARY BALSAM." who was then present, to take a bottle of said Medicine—he remarking, that if the dying woman be now past recovery, yet, if she be much oppressed and distressed, the said medicine would soothe and relieve her, and make the pillow of death more easy. Deponent took the said medicine home with him, together with the cloth he had purchased preparatory to the anticipated death of his wife. Deponent caused a portion of said medicine to be administered to his wife, and to his astonishment it soon relieved her. She continued the use of said medicine until she recovered from her disease, and has been able since (it being now more than three years) to do the work, and attend to all her household affairs; and deponent verily believes that, through the blessing of Providence, the restoration to health of his wife was the result of the curative and healing efficacy of Brant's Indian Pulmonary Balsam.

CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Town send's Sarasparilla, denominating it GENUINE, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGI-MAI. OLD Dr. Jacob Townsend's Sarsaparilla, having of it the Old Dr's, likeness, his family coat of arms, and his signature across the coat of arms.

OLD DR. JACOB TOWNSEND. THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and having been known as the AUTHOR and DISCOVERER the GENUINE ORIGINAL. "TOWNSEND SARof the GENUINE ORIGINAL. "TOWNSENT SAR-SAPARILLA." Being poor, he was compelled to limit its unantificture, by which means it has been kept out of mar-ket, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, pro-claimed its excellence and wonderful HEALING POWER.

HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has some, the means are supplied; this GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially throughout the length and meanth of the land, especially as it is found incapable of degeneration or deterioration. Unlike young S. P. Townsend's, it improves with age, and oever changes, but for the better: because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Br's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal proporties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so relatife, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhaling, under heat, are the very essential medical properties of the root, which give to it all its value.

POUND" OF S. P. TOWNSEND,

and yet he would fain have it understood that Old Dr. Jacob Fownsend's Graune Original Sarraparilla, is an IMITA-FION of his inferior preparation !! Heaven forbid that we should deal in an article which

FION of his inferior preparation?!

Heaven forbid that we should deal in an article which would hear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's FREMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guaranche can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a sommon decent næal. How much more important is it that the persons who manufacture medicine, designed for WEAR STOMACHS AND ENFEREIRED SYSTEMS.

WEAK STOMACHS AND ENFEEBLED SYSTEMS. should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies It is to arrest frauds upon the unfortunate, to pour balm

into wounded humanity, to kindle hope in the despairing bosoni, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy
within the reach, and to the knowledge of all who need it,
that they may learn and know, by joyful experience, in Transcendent Power to Heal. Any person can boil or stew the root till they get a dark-colored flouid, which is more from the coloring matter in the root than from any thing else; they can then strain

this institut or vapid figuid, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SY-RUP." But such is not the struck known as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

In this way, it is made the most powerful agent in the Cure of innumerable diseases. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find a doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COM-PLAINT, and in RHEUMATISM, SCROFULA.
PILES, COSTIVENESS, all OUTANEOUS ERUP.
TH NS. PIMPLES, BLOCTHES, and all affections

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in air complaints arising from Indigestion, from Activity of the Stomach from unequal circulation, determination of blood to the head, polynomial of the heart, cold feet and hands, cold childs and to dishes over the body. It has not its equal in Colds and Cought; and promotes easy expectoration and gentle per-piration, relaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture of the lungs, throat, and every other parallaxing stricture.

It works wonders in cases of Fuor Albus or Whites. Falling of the Womb. Obstructed, Suppressed, or Painful Mentel, Irregularity of the menstrusi periods, and the like; and is as effectual in curing all the forms of Kidney Diseases. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and

Nervous diseases and debility, and thus prevents or relieves a great variety of other mals dies, as Spinal irritation. Neuralgia, St. Filus' Date Sucoming, Epileptic Fits, Concussions, &c. It cleaness the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, alays indammation, surifies the skin, equalises the circulation of the blood, producing goodle warmth equally all over the body, and the insensible perspiration; reliaxes all strictures and ightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

Nervous diseases and debility,

The medicine you pre-eminently need? inter or article! This voting man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAFA BLE of DETERIORATION, and NEVER SPOILS,

BLE of DETERIORATION, and

NEVER SPOILS,
while the other DOES; souring, fermenting, and blowing
the battles containing it into fragments; the sour, acid ilquid
exploding and damaging other goods; Must not this hortble compound be poisonous to the system?—What: put
eaid into a system already diseased with acid! What cause
Dyspepsia but acid? Do we not all know that when food
sours in our stomachs, what mischiefs it produces? Idialience, hearthure, palpitation of the heart, liver complaint,
diarrhoea, dysentery, colic, and corruption of the blood!
What is Serotula but an acid humor in the body! What
produces all the humors which bring on Eruptions of the
Skin, Scald Head, Salt Rheum, Eryspelas, White Sweh
lugs, Fever Sores, and all ulcerations internal and external?
It is nothing under heaven, but an acid substonce, which
sours, and thus spoils all the fluids of the body, more of
less. What causes Rheumatism but a sour or acid fluid
which instinuates itself between the joints and elsewhere,
tritiating and inflaming the deficate tissues upon which it
acts? So of nervous diseases, of impurity of the blood, of
deranged circulations, and nearly all the aliments which
afflict human nature.

SARSAPARILLIA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing expable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of the secured in the valuable and healing properties. Prepared in this way, it is made the most powerful agent in the IMPURITY OF THE BLOOD.
