Roussell's Perfumery, &c., &c. great variety of ELEGANT FANCY GOODS. His drugs have been purchased from Linn, Smith & Co., 2131 Market street, Philadelphia, one of the most extensive and reputable establishments in that city, and every article is warranted to be pure and of the first quality.

The profits on the sale of drugs are well known to be very great-often exceeding 300 per cent, on the cost-so that the present exorbitant prices can be greatly reduced, and yet a good profit be realized. The adulteration of rugs the most valuable, (Opium, Calomel, Quinine, &c.) is a most dangerous and destructive, but very common, fraud, and cannot be detected without a careful chemical analysis. My stock has been selected with great care, and I will sell drugs warranted free from all impurity, CHEAPER THAN THE ADULTERATED ARTICLE HAS BEEN SOLD.

All prescriptions will be made up after the most approved method, and medical advice given to purchasers WITHOUT CHARGE.

Physicians and druggists in the country or neighboring towns, will be supplied on the most liberal terms. All orders promptly filled, and boxes and packages of drugs, &c., carefully put up and forwarded.

Compound Syrup of Spigelia or Vegetable Vermifuge, The most effectual, the safest, pleasantest and most convenient Worm Medicine

ever offered to the public. THE SPIGELIA, says a work of highest authority, stands at the head of the list of Anthelmintics or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the monly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative operaand so palatable as to be taken, not only with ease,

but with positive pleasure The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of emimentphysicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. In addition to this evidence of its merits, we offer the following, selected from a number of un-

lst. A distinguished physician of Virginia, of much experience, writes of it thus:

"I should have written before this, but felt disposed first to try the efficacy of your Vermifige. I have used more than half the quantity received, and the experiment has been most successful. I really believe that it possesses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the plea-santness of the syrup (great advantages in dosing children) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

2d. A respectable physician of Lebanon county, in this "I have been in the habit of prescribing your Comp Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.— Please forward per bearer 2 doz. bottles.—Yours, &c.''

3d.—An intelligent merchant of Virginia to whom we had previously sold the syrup, writes:

"Since my return home, I find that your Syrup of Spigelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for evey day. You will please put us up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail .- Yours, &c. 4th.—A respectable merchant of Ohio, on a late visit to Philadelphia, stated, that some time since he had been ap-

plied to by a customer for a vial of _______'s Ver-mifuge for his son. Not having the article asked for, he advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 200 worms and entirely relieved his son. The merchant added an expression of his great regret that he had not had on hands a bottle of the Syrup at the time when his own little daughter died, as he confidently be-

lieved it would have saved her life.

5th—A gentleman of Hudson, N. V., having sent a bottle of Harris, Turner & Hale's Compound Syrup of Spi gelia, to a young friend who had tried in vain a great num-ber of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out my body."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, evented by Dr. Hoofland, and prepared by Dr. Jackson in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a len under our observation. During the last summer, a son of Mr. Abraham Grabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of hi distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS FROM "THE WELDON HERALD," published at Weldon N. C., January 24, 1850, which said-"PATENT MEDICINES."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inven tors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the efforts of the deserving." "We believe Dr. C. M. Jackson's 'Hoofland's German Bitters' to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This med icine is innocent, but strengthening in its effects, and rich-

ly deserving of an unbounded popularity, which, when it omes known, it will, no doubt, fully enjoy."

JUDGE M. M. NOAH said, in his "WEEKLY MESSEN-GER," January 5, 1850.
"Dr. Hoofand's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times-the late Br. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorsor may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellency, and sev eral of the editors speak of its effects from their own indi-vidual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) prepara-tion, but in recommending the article to all afflicted."

Dr. Hoofland's German Bitters: "It is seldom that we recommend what are termed Pat-ent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a med-

icine long established, universally prized, and which has met the hearty approval of the faculty itself." Evidence upon evidence has been received like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases-the effect is immediate. CAUTION EXTRA

A man by the name of CL. APP has engaged with a young men of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call br. Town send's Sarsaparilla, denominating it GFNUINE, Original etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENUINE ORIGI-NAL GLD Dr. Jacob Townsend's Sarseparilla, having oa it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

OLD DR. JACOB TOWNSEND,

Genuine Townsend Sarsaparilla. Oid Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SAR-SAPARILLA." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful.

claimed its excell HEALING POWER. Reality Powers ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time har come, the means are supplied; this GRAND AND UNEQUALLED PREPARATION This time has come, the means are supplied; this GRRAND AND UNNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and headth of the land, especially as it is found incapable of degeneration or deterioration. Unlike young S. P. Townsend's, it improves with age, and cover changes, but for the better: because it is prepared an accentific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Saraparilla. The Saraparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Saraparilla are so relatife, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these solatife principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all 1 value.

and yet he would fain have it understood that Old Dr. Jacob Fownsend's Genune Original Sarapparila, is an IMITAFION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are haven-uside apart, and infinitely dissimilar; that they are unlike in every particular, having

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knownothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a sommon decent near. This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered inexpaile of losing any of its valuable and heating properties. Prepared in this way, it is made the most powerful agent in the
