RESPECTFULLY informs his friends and the public generally that he is now opening in the new and splendid store-room lately occupied by W. J. Sterrett, in Market Street, Lewistown, south side, a few doors above the Hardware store of F. G. Francis, the best selected, purest and cheapest assortment ever offered for sale in this place, of

Fresh Drugs and Medicines, French and English CHEMICALS; Paints, Oils and Dye Stuffs; Vernishes, Patent Medicines, Townsend's Sarsaparilla, Concentrated Sarsaparilla, Wistar's Balsam of Wild Cherry, Dr. Jayne's Family Medicines, &c., &c., &c. A great variety of ELEGANT FANCY GOODS. His drugs have been purchased from Linn, Smith & Co., 213 1/2 Market Street, Philadelphia, one of the most extensive and reputable establishments in that city, and every article is warranted to be pure and of the first quality. The profits on the sale of drugs are well known to be very great—often exceeding 300 per cent. on the cost—so that the present exorbitant prices can be greatly reduced, and yet a good profit be realized. The adulteration of drugs the most valuable, (Opium, Colomel, Quinine, &c.) is a most dangerous and destructive, but very common, fraud, and cannot be detected without a careful chemical analysis. My stock has been selected with great care, and I will sell drugs warranted free from all impurity, CHEAPER THAN THE ADULTERATED ARTICLE HAS BEEN SOLD. All prescriptions will be made up after the most approved method, and medical advice given to purchasers WITHOUT CHARGE. Physicians and druggists in the country or neighboring towns, will be supplied on the most liberal terms. All orders promptly filled, and boxes and packages of drugs, &c., carefully put up and forwarded.

ESTABLISHED C. J. GAYLER'S SALAMANDER SAFES, Warranted Fire & Thief Proof, AND FREE FROM DAMPNESS.

THESE SAFES possess every qualification to render them proof against the action of fire or thieves, and of sufficient strength to endure a fall from any story of a burning building. They are made of wrought iron, being kneed, riveted and welded together, and lined with a perfect nonconducting fire proof material composition, no wood being used in their construction as in the majority of safes sold by other makers. The doors of Gayler's Safes are secured with his THIEF DETECTOR and ANTI-GUNPOWDER LOCK, which precludes the possibility of opening the doors open with gunpowder. Over TWO HUNDRED of these Safes have been exposed in accidental fire to the most intense heat, in many instances remaining in the burning ruins for several days, and at no time have they ever been known to fail in preserving their contents. The public are invited to call at the BRANCH DEPOT, No. 10 EXCHANGE PLACE, PHILADELPHIA, near Dock Street, and examine the numerous testimonials in favor of Gayler's Safes, also the large assortment on hand for sale at manufacturers' prices. Martin & Whiteley's NATIONAL TONIC, A certain Cure for Ague, Fever, and Dyspepsia.

IN our summer and fall months several sections of our country are prostrated by BILLIOUS FEVER and AGUE and FEVER.—It has been our particular study to find out some remedy to stop this dreadful scourge, and, think, in this TONIC we have effected this great object. It is also we think the very best remedy in Dyspepsia, and if our directions are followed, will not fail to effect a cure. In a letter dated, May 23d, 1849, our Agent, Mr. Elias Rugh, of Wrightsville, York county, Pa., says—I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases of Ague of years standing, and the length induced at the recommendation of your Mr. Henry Beverson, of the same place, says in his certificate, dated 23d March, 1849, "I applied to a number of Physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect, no permanent cure having been afforded. I was at length induced at the recommendation of your worthy Agent at this place, to try a bottle of your National Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bottles." In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, says—"Having tried nearly all the remedies within our reach without success, we at last purchased some of your National Tonic, which has completely cured us. We, therefore, cheerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet discovered." See the Pamphlet, which you can get from one of our Agents gratis. HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge, The most effectual, the safest, pleasantest and most convenient Worm Medicine ever offered to the public.

THE SPIGELIA, says a work of highest authority, stands at the head of the list of Anthelmintics or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the system, than any other. But prepared as it commonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative operation, and so palatable as to be taken, not only with ease, but with positive pleasure. Let a distinguished physician of Virginia, of much experience, writes of it thus: "I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than half the quantity received, and the experiment has been most successful. I freely believe that it possesses several advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in doing children's business), it is distinguished by a number of circumstances, which enhance its value. Indeed, there is scarcely a condition of the system in which it may not be administered. Yours, &c." A respectable physician of Lebanon county, in this state, writes: "I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.—Please forward per bearer 2 doz. bottles.—Yours, &c." "An intelligent merchant of Virginia to whom we had previously sold the syrup, writes: "Since my return home, I find that your Syrup of Spigelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for every day. You will please put up 6 doz. in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail.—Yours, &c." "A respectable merchant of Ohio, on a late visit to Philadelphia, stated, that some time since he had been applied to by a customer for a vial of your Vermifuge. He advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring that he had expelled 200 worms and entirely relieved his son. The merchant added an expression of his great regret that he had not had on hand a bottle of the Syrup at the time when his own little daughter died, as he confidently believed it would have saved her life. "A gentleman of Hudson, N. Y., having sent a bottle of Harris, Turner & Hale's Compound Syrup of Spigelia, to a young friend who had tried in vain a great number of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out of my body." DR. HOOFLAND'S GERMAN BITTERS, PREPARED BY DR. C. M. JACKSON, At the German Medicine Store, 120 Arch St. PHILADELPHIA.

THEY power over the above diseases is not exceeded—if equalled—by any other preparation in the United States as the cures attest, in many cases after skillful physicians had failed. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are equal, safe, certain and pleasant. READ AND BE CONVINCED. Case, Rowanboro, Mass., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said: "My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease." "THE TENTH LION," published at Woodstock, Va., January 26, 1850, said: "A GREAT MEDICINE." "We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior efficacy of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. ABRAHAM GRABILL, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, he was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS FROM "THE WELDON HERALD," published at Weldon, N. C., January 24, 1850, which said:—"PATENT MEDICINES." "It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and to the benefit of the public, we are constantly and vendors of these medicines, the land is becoming flooded with cheap preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money) for the ill success which attends the efforts of the doersing."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters' to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of alcoholic Spirits in them. This medicine is innocent, but strong in its effects, and we feel confident that it is the highest term, and still employ it in their practice. In addition to this evidence of its merits, we offer the following, selected from a number of unexplicated testimonials. Let a distinguished physician of Virginia, of much experience, writes of it thus: "I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than half the quantity received, and the experiment has been most successful. I freely believe that it possesses several advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the pleasantness of the syrup (great advantages in doing children's business), it is distinguished by a number of circumstances, which enhance its value. Indeed, there is scarcely a condition of the system in which it may not be administered. Yours, &c." A respectable physician of Lebanon county, in this state, writes: "I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.—Please forward per bearer 2 doz. bottles.—Yours, &c." "An intelligent merchant of Virginia to whom we had previously sold the syrup, writes: "Since my return home, I find that your Syrup of Spigelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for every day. You will please put up 6 doz. in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail.—Yours, &c." "A respectable merchant of Ohio, on a late visit to Philadelphia, stated, that some time since he had been applied to by a customer for a vial of your Vermifuge. He advised a trial of Harris, Turner & Hale's Compound Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring that he had expelled 200 worms and entirely relieved his son. The merchant added an expression of his great regret that he had not had on hand a bottle of the Syrup at the time when his own little daughter died, as he confidently believed it would have saved her life. "A gentleman of Hudson, N. Y., having sent a bottle of Harris, Turner & Hale's Compound Syrup of Spigelia, to a young friend who had tried in vain a great number of worm medicines, writes, that his friend was immediately relieved; the words of the patient were: "It took every worm out of my body."
