

COUNTERFEITS.—Spurious or altered notes of the denomination of \$5, \$10, and \$20, purporting to be issued by the Bank of Delaware county, are in circulation. The vignette represents a Mercury offering a bag of coin to a female, who holds a key in her hand. At her side is a winged lion on an iron chest.

Altered notes of the denomination of \$20's on the Philadelphia Bank, are in circulation here. The vignette is a blacksmith at his forge, and a dog's head between the officers' names. Look out for them.

FIRE AND LOSS OF LIFE.—We learn from the Bradford Argus, that on Sunday night, May 19th, the dwelling house of Cornelius Hurley, of Sheshing, was consumed by fire, and that Mr. H. with his wife and only child, perished in the flames! Mr. H. was an Irishman—an industrious and worthy young man, having been married about a year.

MILITIA IN PARO.—The N. O. Crescent, a neutral paper, very justly remarks—“We have never known a better administered administration than Gen. Taylor's. If he does anything, it is wrong; if he does not, it is also wrong.”

The Pennsylvania Railroad will be opened to Huntingdon on the 10th June.

### WARM SPRINGS, PERRY COUNTY, PA.

THE undersigned begs to inform the public, that he has recently purchased the Warm Springs, in Perry county, Pa., and has improved and refurnished the buildings for the entertainment of visitors, in a style calculated to ensure comfort and convenience to all who may feel disposed to patronize the establishment.

These springs are situated on the banks of and empty into Sherman's creek, a stream associated with the thrilling scenes between the early settlers of that part of Pennsylvania and the aborigines, whose hunting grounds lie on its margin. They are 11 miles from Carlisle, through which the Cumberland Valley Railroad passes from Chambersburg to Harrisburg, from which place visitors can at all times procure excellent conveyances. Those also from the east, wishing to reach the springs by the Central Railroad, can do so by taking passage to the Duncannon Iron Works, (2 1/2 miles distant from the springs) where coaches are constantly in readiness to convey them thither; and those coming from the west on the same road, can at all times obtain easy conveyances at the Railroad Hotel at Newport, which is but a few miles distant from the springs.

The qualities of the water at these springs are most extraordinary indeed for the speedy and permanent cure of SCROFULA, TETTER, Eruptions of the skin, and in fact every species of Cutaneous Diseases. We have hundreds of certificates, showing the wonderful cures effected by using the water, and nothing in the world, obtained as well from strangers as from those residing in the immediate neighborhood of the springs, who have not only experienced the infallible efficacy of the water themselves, but witnessed the same upon others. Prof. J. C. Boorn has analyzed the waters, and found them to contain 2 1/2 grains of solid matter in the gallon, which is composed as follows:

Carbonate of lime	2.667
magnesia	1.908
Alkaline salts, chiefly chlorides, with a portion of sulphate	1.663
Silica	0.603
Organic matter	2.897

There are also at the same place half a dozen of other springs, of different descriptions, among which is one of sulphur and one of cold water.

It may be improper to state why a knowledge of the extraordinary medical qualities of these springs has not been more extensively known than is indicated by the certificates of those who have resided in their immediate neighborhood. Years ago the property fell into the hands of a number of heirs, who were indisposed to undertake the responsibility of making it a place of public entertainment—probably because the patronage of the springs would have justified the undertaking, at all but some time (before the spirit of improvement had rendered distant and difficult points of speedy and cheap access, its location was out of the way, and the roads to it rough and almost impassable. At the death of Mr. Kennedy, it fell into the hands of his heirs, neither of whom seemed disposed to take hold of it, but leased it to tenants, more for the cultivation of the land than a regard to the use of the water. It was finally rented to Mr. Hippie, (now proprietor of a large hotel in Trenton, Pa.) who made arrangements to accommodate the public, and during his term many invalids availed themselves of this opportunity to visit and test its medical qualities. Mr. Hippie however retired in a short time, and the property again fell into the hands of the heirs and remained so until proceedings were instituted in the Orphans' Court for its sale. It was ordered to be sold, and the subject became the purchaser. It will thus be seen that with the exception of the short time it was held by Mr. Hippie, no efforts were made to bring it into notice.

The country round the springs and neighborhood is diversified by cultivation and beautifully wild and picturesque scenery, abounding in game, while the streams flowing through the property affords fine fishing. Every attention will be paid to the comfort and convenience of guests, and the charges so moderate, that all may avail themselves of the benefits of the Water.
