SALAMANDER SAFES. Warranted Fire & Thief Proof, AND FREE FROM DAMPNESS.

THESE SAFES possess every qualification to render them proof against the action of fire or thieves, and of them proof against the action of the or theeves, and of sufficient strength to endure a fall from any story of a burning building. They are made of wrought iron, being kneed, rivited and welded together, and lined with a perfect nonconducting fire proof mineral composition, no wood being used in their construction as in the majority of safes sold by other makers. The doors of Gavier's Safes are secured with his THIEF DETECTOR and ANTI-GUNPOWDER LOCK, which precludes the possibility of picking or blowing them open with gunpowder. Over TWO HUNDRED of these Safes have been exposed in accidental fire to the most intense heat, in many instances remaining in the burning ruins for several days, and at no time have they ever been known to fail in preserving

their contents.

The public are invited to call at the BRANCH DEPOT, No. 10 EXCHANGE PLACE, PHILADELPHIA, near Dock street, and examine the numerous testimonials in favor of Gayler's Safes, also the large assortment on hand for sale at manufacturers' prices

November 13th, 1848. Dear Sir-I take great pleasure in saying to you that Mrs. Ross has been entirely relieved of her cough by the use of your Syrup of Wild Cherry. It had continued for fully eighteen months. She had used several preparations of the Wild Cherry now in popular use, but not tions of the Wild Cherry now in popular use, but not with the slightest benefit, until she took yours. She only took six bottles, and I am pleased to say she is now in good health. Every one who saw Mrs. Ross thought her in a deep decline. LEWIS P. ROSS, No. 267 S. NATIONAL TONIC, A certain Cure for Ague, Fever, and Dyspepsia,

IN our summer and fall months many sections of our country aresprostrated by BILLIOUS FEVER and AGUE and FEVER.—It has been our particular study to find out some remedy to stop this dreadful scourge, and think, in this TONIC we have effected this great object. It is also we think the very best remedy in Dyspensis and if our directions are followed, will not fail to effect

In a letter dated, May 23d, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Pa., says :- I have never known any remedy for Fever and Ague equal to your invaluable National Tonic. It has given universal satisfaction, and has cured cases of Ague of years standing, and after the failure of all other medicines made use g, and after the failure of all other medicines made use.

Mr. Henry Beverson, of the same place, says in his ritificate, dated 22d March, 1849, 'I applied to a number Physicians, and also used a variety of the most popul ar Ague Mixtures at different times, but all without th esired effect; no permanent cure having been afforded. I was at length induced, at the recommendation of your worthy Agent at this place, to try a bottle of your Na-tional Tonic, and to my great satisfaction, before I had used half of it, I felt completely cured, though I continused the use of it till thad taken two bottles. In a joint certificate from Messrs. Miles Hoke, William Blackson, and James D. Brown, of the same place, they say—'Having tried nearly all the remedies within our reach with-out success, we at last purchased some of your National Tonic, which has completely cured us. We, therefore, heerfully recommend it to the notice of all persons af-icted with that terrible disease as the best remedy yet

HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge,

The most effectual, the safest, pleasantest

ever offered to the public. THE SPICELIA, says a work of highest authority, stands at the head of the list of Anthelmintics or Worm Medicines. It is adapted to a whier range of cases, and to a greater variety of constitutions and states of the constitution, than any other. But prepared as it commonly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is "We believe Dr. C. M. Jackson's 'Hoofland's German" tion, and so palatable as to be taken, not only with ease,

but with positive pleasure.

The precise composition of this syrup and the mode of preparing it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of emi-nentphysicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. In addition to this evidence of its merits, we offer the following, selected from a number of un-

ed testimonials 1st. A distinguished physician of Virginia, of much experience, writes of it thus:
"I should have written before this, but felt disposed first to try the efficacy of your Vermifuge. I have used more than half the quantity received, and the experiment has been most successful. I really believe that it possesses advantages over any other Vermifuge I have ever used. Independent of the smallness of the dose, and the plea-santness of the syrup (great advantages in dosing chilen) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c." 2d. A respectable physician of Lebanon county, in this

"I have been in the habit of prescribing your Compound Syrup of Spigelia for some time past, and have found it an excellent worm medicine, particularly for children.— Please forward per bearer 2 doz. bottles.—Yours, &c." 3d.—An intelligent merchant of Virginia to whom we had previously sold the syrup, writes:
"Since my return home, 1 find that your Syrup of Spi-

gelia has come into general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for ever day. You will please put us up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail.—Yours, &c.''
4th.—A respectable merchant of Ohio, on a late visit to
Philadelphia, stated, that some time since he had been applied to by a customer for a vial of ---mifuge for his son. Not having the article asked for, he advised a trial of Harris, Turner & Hale's Compound Syrup of Spigella and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring it had expelled 200 worms and entirely relieved his son. The merchant added an expression of his great regret that

CHAS. ROBINSON, Esq., Faston, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease." 'THE TENTH LEGION," published at Woodstock, Va., January 10, 1850, said-

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among se we consider worthy of notice is the German Bitter vented by Dr. Hooftand, and prepared by Dr. Jackson, Philadelphia. One instance in particular, in which the perior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mn. Abraham Grabill, of this county, was very seriously afficted with Liver Complaint, and after tryi in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS FROM "THE WELDON HERALD," published at Weldon, N. C., January 24, 1850, which said-"PATENT MEDICINES."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious invenand most convenient Worm Medicine tors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time be purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for Bitters' to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This med icine is innocent, but strengthening in its effects, and richdeserving of an unbounded popularity, which, when it

becomes known, it will, no doubt, fully enjoy." JUDGE M. M. NOAH said, in his " WEEKLY MESSEN-

GER," January 5, 1850.
"Dr. Hoofland's German Bitters.—Here is a preparaion which the leading pr nmending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussin, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorsor may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellency, and sev-eral of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers

to the present proprietor's (Dr. C. M. Jackson's) prepara-tion, but in recommending the article to all afflicted." MORE EVIDENCE. The "PHILADELPHIA SATURDAY GAZETTE," the best

family newspaper published in the United States. The Dr. Hoofland's German Bitters: "It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a med-icine long established, universally prized, and which has met the hearty approval of the faculty itself."

Evidence upon evidence has been received ike the foregoing) from all sections of the Juion, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, sented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to caloniel in all bilious diseases-the effect is immediate. They can be administered to FEMALE OF INFANT with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS. This medicine has attained that high charac ter which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived

Look well to the marks of the genuine They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

SCHOFULA:

PURIFY! PURIFY! Life and Health are in the Blood.

Not one of all the numerous medicines that have been prepared, begins to be of as great medical virtue, power, and unfailing certainty to cleanse and purify, produce new, healthy blood, and strengthen and invigorate the whole system, as

BRANT'S INDIAN

PURIFYING EXTRACT.

This Purifier is the most wonderful and astonishing remedy in the world. No other medicine has effected such alost miraculous cures of

Less Quantity, at Less Cost

by four-fold, than ever such diseases were before or since cured, by Sarsaparilla, or any other remedy. What, then, is the question for those interested to decide, as to economy and health? FIRST—Will it cure my complaint? SECOND—Is it cheaper? THIRD—Will

ONE DOLLAR'S WORTH

of BRANT'S PURIFIER effectively cure FOUR TIMES

vill, then it is FOUR TIMES CHEAPER than Sa

rilla. And to prove this we offer one case the many cases of MOST HORRID SCROFULA.

To realize the great power of this medicine as a purifier, read, in our Pamphlets, the perfect cure effected on Mr. J. B. Haskin, of Rome, Oncida county, N. Y. He was confined to his bed One Year—was not expected to live twenty-four hours longer—his neck was eaten nearly off, from ear to car—a hole was eaten through the Wind-pipe—his ear nearly eaten out—the use of one arm aestroyed—an Ulcer, as large as a man's hand, had nearly eaten through his side—and there were on him, in all,

Twenty Large, Deep, Discharging Ulcers, which were ALL CURED, and he restored to health and strength to labor again, by the use of ONLY TWELVE BOTTLES. This wonderful cure is certified to by

Fourteen Respectable Witnesses.

And it is the greatest cure, the most undoubtedly substantiated, of one of the most horrid and most hopeless cases of Scrofula, that has ever been cured since the world was created—completely establishing the great power and certain ficacy of the medicine. BRANT'S INDIAN

PULMONARY BALSAM This Balsam possesses all the cleansing and purifying Virtues of the above-named Purifying Extract, and also

possesses several other medications, particularly and pecu-torly adapted to cure COUGHS and CONSUMPTIONS. It heals and cures Uccers in the Lungs, and elsewhere internal-ity, as readily and as easily as the Purifying Estract heals and cures externally.

Thousands of cures of the most hopeless Consumption fully prove its almost miraculous efficacy in all diseases of the LUNGS, THROAT, and BREAST.

A DYING WOMAN SAVED: CONSUMPTION CURED! We give the following certificate as a fact of cure, which goes to prove the power to save life, even when the person seems to be in the very last stages of existence, when Brant's Indian Pulmonary Balsam is administered:—

seems to be in the very last stages of existence, when Brant's Indian Pulmonary Balsam is administered:

Town of Ballston, Saratoga Co., N. Y.—ss. Zina Dyreman, being duly sworn, saya: That in the winter of 1845, deponent's wife was believed by her physician and others to be dying with a consumption of the lungs; and deponent believing that to be the case, went to Mr. John Wait's store, in the village of Ballston Spa, to purchase cloth for a shroud, and other necessaries, to prepare his wife for burial after she should die. Deponent further says, that while he was in said Wait's store, he was persuaded by the Proprietor of "BRANT'S INDIAN PULMONARY BALSAM," who was then present, to take a bottle of said Medicine—he remarking, that if the dying women be now past recovery, yet, if she be much oppressed and distressed, he said medicine would soothe and relieve her, and make the pillow of death more easy. Deponent took the said medicine home with him, together with the cloth he had purchased preparatory to the anticipated death of his wife. Deponent caused a portion of said medicine to be administered to his wife, and to his astonishment it soon relieved her She continued the use of said medicine until she recovered from her disease, and has been able since (it being now more than three years) to do the work, and attend to all her household affairs; and deponent verily believes that, through the blessing of Providence, the restoration to health of his wife was the result of the curative and healing efficacy of Brant's Indian Pulmonary Balsam.

PHYSICIAN, HEAL THYSELF.

DOCT. J. W. FRENCH, of Hillsdale, Hillsdale Co., Mich., wrote to us, Dec. 8, 1848: "I have been in the regular practice of medicine in this place for Nine Years; but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a chronic disease of the lungs, as to convince me that I had the Consumption past doubt. I coughed almost incessantly night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of my profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against Patient Mediciars, and have no faith now in them, generally. But I was induced, as an experiment, more than through faith, to try a bottle of Brant's Indian Pulmonary Balsan, and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me, was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. My cought was immediately a ten days, I was free from cough, soreness of the chest, and pain, and now consider and promounce myself a well man. Doct. French is now a respectable druggist and merchant at Hillsdaie. PHYSICIAN, HEAL THYSELF.

ANOTHER IMPORTANT VICTORY Messrs. Holtstander & Co., respectable merchants of Oberlin, Lorain Co., Ohio, wrote December 19, 1848: "Af-ter allowing the Brant's Medicines which you sent to us, to ter allowing the Brant's Medicines which you sent to us, to remain at Claveland about three months, we sent for them. We have been so often deceived by such medicines net proving to be equal to their recommendations, and therefore would not sell, when their want of efficacy was known, that we considered it unprofitable to keep such, and were therefore prejudiced against Brant's, supposing it to be no better than many others we have on sale. After we had received Brant's, I. (A. Holtstander) was persuaded from reading the pumphiet to take a bottle of the Pulsanary B som home. My wife had been afflicted with a severe cough for about ten months, and our friends were alarmed and fearful that she would find nothing to relieve or cure her. But notwithstanding our prejudices to patent medicines, we are obliged to say, and cheerfully confess, that Brant's Balsam and Publifying Extract, can be depended on in preference to any or all of the many kinds that have been in her cough, and before she had finished using the filbottle, began to gain strength and health, and only the bottles effected a perfect cure. The Publifying Extract I have personally used for a general debility of the system, and I have no hesitaney in saying that it is the best medicine to restore and invigorate the system, that I have ever found. In every instance where we kave sold these medicines they have proved their efficacy, and given the best satisfaction." ain at Cleveland about three months, we sent for the
