# LEWISTOWN MILLS.

THE subscriber has again got his Mill started, and wishes to buy a LARGE QUANTITY OF ALL KINDS OF GRAIN, for which he will pay the CASH, as high as the market will afford, according to quality. Any person having good Wheat will dowell to call and show a sample before they sell, as he thinks he can afford to give MORE than any person in the place. Those not wishing to sell and wanting to store, he will receipt after harvest to be kept to the 1st of December, and after that time he will give a receipt to be kept to the 1st of August, as he wish to close all his accounts twice a year, and will not keep any over unless he makes a written contract t that effect. If the person holding the receipt does not sell before the above days, it will be carried out to their credit at market price at the above named time. In giv-ing a receipt, if the wheat is not good, he will mention the reduction per bushel in the receipt, so that when the owner comes to sell there will be no difficulty.

All wheat left in store he will reserve the privilege of buying, when the owner wishes to sell, at 13 cents less than Philadelphia price when the canal is open, and 16 cents less when it is closed, and if he should not buy at these prices, he will only charge one cent per bushel for storage. No interest will be allowed on money left with him for grain, as he will be prepared at all times to pay

He will keep all kinds of FLOUR and FEED for sale. but the orders must be left in the office in the mill, and the cash paid, before the Flour or Feed will be delivered. This arrangement is made to prevent any disappointment, as there is no person that has any privilege of selling but the Book-keeper, who enters it on the book and puts the order on a wire for the porter to deliver. This will prevent any mistake from being made in the filling of orders.

## WARM SPRINGS, PERRY COUNTY, PA.

THE undersigned begs leave to inform the public, that he has recently purchased the Warm Springs, in erry county, Pa, and has improved and refurnished th buildings for the entertainment of visiters, in a style calculated to ensure comfort and convenience to all who may feel disposed to patronize the establishment. These springs are situated on the banks of and empty

to Sherman's creek, a stream associated with the thril into Sherman's creek, a stream associated with the thrill-ing scenes between the early settlers of that part of Pennsylvania and the aborigines, whose hunting grounds lay on its margin. They are 11 miles from Carlisle, (through which the Cumberland Valley Railroad passes from Chambersburg to Harrisburg.) from which place visiters can at all times procure excellent conveyances. Those also from the east, wishing to reach the springs by the Central Railroad, can do so by taking passage to the Duncannon Iron Works, (13 miles distant from the springs) where coaches are constantly in readiness to springs) where coaches are constantly in readiness to convey them thither; and those coming from the west on the same road, can at all times obtain easy conveyan-ces at the Railroad Hotel at Newport, which is but a few adequate compensation, to be fixed by law, which shall not be diminished during their continuance in office; but they shall receive no fees or perquisites of office, nor hold

niles distant from the springs.

The qualities of the water at these springs are most varied in a product of the speedy and permanent cure of SCROFULA, TETTER, Emptions of the Skin, and in fact every species of Cutaneous Diseases. He has undreds of certificates, showing the wonderful cures diffected by using the water interpretate and by bathing in not only experienced the infallible efficacy of the water themselves, but witnessed the same upon others. Frof. James C. Booth has analyzed the waters, and found them to contain 9.2 grains of solid matter in the gallon

" magnesia,
Alkaline salts, chiefly chlorides, with a portion of sulphate,
Organic matter. 1.093

prings, of different descriptions, among which is one outphur and one of cold water.

It may not be improper to state why a knowledge of the extraordinary medical qualities of these springs has not een more extensively known than is indicated by the ertificates of those only who have resided in their immediate neighborhood. Years ago the property fell into the hands of a number of heirs, who were indisposed to undertake the responsibility of making it a place of pub-lic entertainment—probably because the patronage of the public would not have justified the undertaking, as at that time (before the spirit of improvement had rendered distant and difficult points of speedy and cheap access,) its location was out of the way, and the reads to it rough and almost impassable. At the death of Mr. Kennedy, it fell into the hands of his heirs, neither of whom seemed disposed to take hold of it, but leased it to tenants (now proprietor of a large hotel in Tremont-Pa.) who made arrangements to accommodate the public, and dur-ing his term many invalids availed themselves of this opportunity to visit and test its medical qualities Mr. Hipple however retired in a short time, and the property again fell into the hands of the heirs, and remained so for its sale. It was ordered to be sold, and the subscriber became the purchaser- It will thus be seen that with the exception of the short time it was held by Mr. Hipple, no efforts were made to bring it into notice

The country round the springs and neighborhood is diversified by cultivation and beautifully wild and picturesque scenery, abounding in game, while the stream passing through the property affords fine fishing. Every attention will be paid to the comfort and convenience o guests, and the charges so moderate, that all may avai ives of the benefits of the Water
