

PROCEEDINGS OF CONGRESS.

Mr. Pearce's bill for the settlement of the Texas boundary question, passed the Senate on Friday last by a decisive vote. It provides that the boundary of Texas upon the North shall commence at the point at which the meridian of 100 degrees West of Greenwich is intersected by the parallel of 36 degrees and 30 minutes North latitude, and shall run due West to the meridian of 103 degrees West from Greenwich; thence due south to the 32nd degree of North latitude; and thence with the channel of the river to the Gulf of Mexico; that Texas shall cede to the United States all other territory to which she may have laid claim; shall relinquish all claim upon the United States for her public debt, or for compensation for what became the property of the United States when Texas was annexed; that on these considerations she shall receive ten millions of dollars in stock bearing five per cent. interest, redeemable in fourteen years, with the proviso: That five millions of said stock shall not be issued until the creditors of the said State, holding bonds of Texas, for such duties on imports were specially pledged, shall first file at the Treasury of the United States releases of claims against the United States for or on account of said bonds. The vote on its final passage was as follows:

Yeas—Messrs. Badger, Bell, Berrien, Bradbury, Bright, Cass, Clarke, Clemens, Cooper, Davis of Mass., Dawson, Dickinson, Dodge of Iowa, Douglas, Felch, Foute, Greene, Houston, King, Norris, Pearce, Phelps, Rusk, Shield, Smith, Spruance, Sturgeon, Wales, Whitcomb, Winthrop—30.

Nays—Messrs. Atchison, Baldwin, Barnwell, Benton, Butler, Chase, Davis of Miss., Dodge of Wis., Ewing, Hale, Hunter, Mason, Morton, Seward, Soule, Turney, Underwood, Upham, Walker, Yule—19.

This movement for the settlement of the exciting questions at issue, was followed by the introduction of a bill to admit California. On Tuesday the subject was taken up, and after considerable discussion the bill was ordered to be engrossed by the following vote:

Yeas—Baldwin, Benton, Bradbury, Bright, Bell, Cass, Chase, Cooper, Davis of Mass., Dickinson, Dodge of Wis., Dodge of Iowa, Douglas, Ewing, Felch, Hale, Hamlin, Houston, Miller, Norris, Phelps, Seward, Shields, Smith, Spruance, Sturgeon, Underwood, Upham, Wales, Walker, Whitcomb, and Winthrop—32.

Nays—Atchison, Barnwell, Berrien, Butler, Clemens, Davis of Miss., Dawson, Downs, Foute, Hunter, King, Morton, Pratt, Rusk, Sebastian, Soule, Turney, and Yule—18.

On Tuesday the California bill was again taken up, and after violent speeches against it by Davis of Mississippi, Clemens, and others, the question was taken and the bill passed—yeas 34, nays 18—as follows:

Yeas—Messrs. Baldwin, Bradbury, Bell, Benton, Bright, Cass, Chase, Cooper, Davis of Mass., Dickinson, Dodge of Wis., Dodge of Iowa, Douglas, Ewing, Felch, Greene, Hale, Hamlin, Houston, Jones, Miller, Norris, Phelps, Seward, Spruance, Shields, Smith, Sturgeon, Underwood, Upham, Wales, Walker, Winthrop, Whitcomb.

Nays—Messrs. Atchison, Barnwell, Butler, Berrien, Clemens, Davis of Miss., Foute, Hunter, King, Mason, Morton, Pratt, Rusk, Sebastian, Soule, Turney, Yule.

The passage of the bill was greeted with demonstrations of applause. Mr. Butler signified a desire to enter a protest to the bill, on the part of the minority.

Mr. Douglas moved that the bill to establish a Territorial Government for New Mexico be made the special order for tomorrow, twelve o'clock.

Mr. Butler expressed the desire to have the fugitive slave bill taken up and acted upon first.

Mr. Foote expressed his great surprise that gentlemen from the South should endeavor to delay action upon the Territorial Bill, and commented with some severity upon the action of many Southern Senators.

WASHINGTON, Aug. 14.—The Hon. John W. Houston, representative from Delaware, publishes a card in the National Intelligencer, disclaiming all concurrence to any of the resolutions adopted by the caucus of Southern members.

The Union states that a gentleman arrived in this city last night, direct from San Antonio, Texas, who says that there are upwards of 8000 men under arms, preparing to march to the Rio Grande, to defend the rights of Texas. One thousand more are ready, if necessary, to rally under the standard of that State.

FOREIGN NEWS. The U. S. mail steamer Pacific, Capt. Nye, arrived at New York on Sunday evening from Liverpool, bringing European advices to the 31st ult.

The English news is of little interest. The House of Parliament has affirmed the admission of Baron Rothschild by an overwhelming majority, but a difficulty has arisen respecting the nature of the oath he is to take. The baron refused to use the words in the adjuration oath, "on the true faith of a Christian," because he did not consider them as binding on his conscience. The baron withdrew, and a long debate ensued, which led to another adjournment.

The Danish question is exciting much attention in England, and interference in behalf of British commerce is extensively solicited.

Smith O'Brien is to be removed from Maria Island to O'Connell's Island, where he is to be kept in close confinement.

Rev. George Copway, American Indian and Deputy to the Peace Congress at Frankfort, has addressed a meeting at Liverpool with marked success.

The great feature of interest by this arrival is a bloody and hard fought battle between the Danes and the Holsteiners, in which the latter were totally defeated. No official reports of the action have yet been published, and we glean the main incidents of the engagement from copious reports in European files.

The Danish army amounted to about 45000 men, commanded by General Von Krogh; the army of the Holsteiners to 28000 only, commanded at the centre by General Williser, a Prussian volunteer; at the right by Colonel Von Der Horst, also a Prussian, and at the left by Colonel Von Der Tann, a Bavarian officer of chivalrous courage and great impetuosity.

The battle commenced at 3 o'clock in the morning of the 26th ult., with an attack on the Danes on both sides of the Schleswig-Holstein army, and lasted for eleven hours.

The battle was more sanguinary than that fought under the walls of Frederica on the 6th of July last year. The loss on both sides has been estimated at about 7000 in killed, wounded and missing—of which the Holstein party say the greater share has fallen upon the Danes.

The Schleswig-Holstein troops fought with extreme bravery, and their commanding officers showed great skill and energy in retiring from positions which they saw were no longer tenable.

HALIFAX, N. S., Wednesday, Aug. 14.—10 A. M. The steamship Niagara, with three days' letters from Europe, arrived this morning.

The exciting topic in the British House of Commons continues to be the admission, or non-admission, of Baron Rothschild to his seat in Parliament.

The celebrated Liebig is about to visit the United States, for the purpose of lecturing on chemistry.

An awful railway collision occurred on Thursday at Glasgow, by which a number of persons lost their lives.

The weather continues favorable for the growing crops. The accounts from Ireland relative to the potato blight are extremely conflicting, but the general tone of the Irish papers is favorable.

It appears from the latest intelligence from the seat of war, that the retreat of the Schleswig-Holstein army at the battle of Istdadt, was more owing to a want of ammunition than as the result of a hard fought field, and no doubt exists that that retreat was perfectly orderly, and that the army will be speedily ready for action as at first.

The counties of Fayette and Westmoreland, in Pennsylvania, are said to be overrun by countless myriads of grasshoppers. On some farms the young buckwheat as well as the pasture has been almost entirely destroyed.

FOR THE GAZETTE. MR. EDITOR: It is with deep regret we hear it announced that our present talented and energetic Representative in Congress, Hon. SAMUEL CALVIN, declines a re-nomination. Hard as it will be to fill his place, we believe there is in this District a man eminently fitted for the duties of a Representative at Washington. He is not only well qualified, but also possesses a popularity throughout the District that would make his election (in the event of his nomination) sure. That man is our own WILLIAM H. IRWIN.

MANY WHIGS. The Whigs of this Congressional District being called upon to select a candidate for Congress in consequence of Mr. Calvin's declination, Dr. Jno. McCulloch, of Huntingdon county, is recommended as a candidate worthy of the suffrages of the voters of this district. Should the conferees select him, we venture to assert that he will receive a heavy vote at the polls, such as few others could command. Although quiet and unobtrusive, he would make a valuable representative, who would faithfully attend to the interests of his constituents.

Any person having good Wheat will do well to call and show a sample before they sell, as he thinks he can afford to give MORE than any person in the place. Those not wishing to sell and wanting to store, he will accept after harvest to be kept to the 1st of December, and after that time he will give a receipt to be kept to the 1st of August, as he will wish to close all his accounts twice a year, and will not keep any over unless he makes a written contract to that effect. If the person holding the receipt does not sell before the above days, it will be carried out to their credit at market price at the above named time. In giving a receipt, if the wheat is not good, he will mention the reduction per bushel in the receipt, so that when the owner comes to sell these will be no difficulty. All wheat left in store he will receive the privilege of buying, when the owner wishes to sell, at 12 cents less than Philadelphia price when the canal is open, and 16 cents less when it is closed, and if he should not buy at these prices, he will only charge one cent per bushel for storage. No interest will be allowed on money left with him for grain, as he will be prepared at all times to pay the cash. He will keep all kinds of FLOUR and FEED for sale, but the orders must be left in the office in the mill, and the cash paid, before the Flour or Feed will be delivered. This arrangement is made to prevent any disappointment, as there is no person that has any privilege of selling but the Book-keeper, who enters it on the book and puts the order on a wire for the porter to deliver. This will prevent any mistake from being made in the filling of orders. JOHN STERRETT. Lewistown, June 28, 1850.
