Peach Pickels.

Stir two pounds of white sugar into two quarts of the best eider vinegar. Boil it ten minutes, skimming it well. Have ready some large fully-ripe peaches; rub them with a clean flaunel to take off the down, and stick four cloves into each .-Put them into glass or white-ware jars, (rather more than half full,) and pour on them the vinegar, boiling hot. Cover them closely, set them in a cool place, and let them rest for a week. Then pour off the liquid, and give it another boiling .-Afterwards pour it again on the peaches: cover them closely, corking the jars, and tying leather over each, and put them

away till wanted for use. Instead of cloves you may stick the peaches with blades of mace, six blades to each peach.

Apricots may be pickled as above.-Morella cherries also, using mace instead

of cloves. If you find a coat of mould on the tor of a jar of pickles, remove it carefully, and do not throw away the pickels, as they may still be quite good beneath.

Cucumber Catchup.

For a small quantity, take twelve fine fullgrown cucumbers, and lay them an hour in cold water. Then pare them, and grate them down into a deep dish. Grate also six small onions, and mix them with the greated cucumber. Scason the mixture to your taste, with pepper, salt, and vinegar; making it of the consistence of rich marmalade or jam. When thorov aly incorporated, transfer it to a glass jar, cover it closely, tying down over the top a piece of bladder, so as to make it perfectly air-tight.

It will be found very nice (when fresh cucumbers are not in season) to eat with beef or mutton, and if properly made and tightly covered, will keep well. It should be grated very fine, and the vinegar must be of excellent quality-real eider vinegar.

Onlon Custard.

Teel and slice some mild onions, (ten or twelve, in proportion to their size,) and fry them in fresh butter; draining them well when you take them up. Then mined them as fine as possible. Beat four eggs very light, and stir them gradually into a pint of milk, in turn with the minced onions. Season the whole with plenty of grated nutmeg, and stir it very hard. Then put into a deep, white dish, and bake it about a quarter of an hour. Send it to table as a side dish to be eaten with meat or poultry. It is a French preparation of onions, and will be found very fine.

To Keep Clder Sweet.

When barreling the eider, put into each barrel or keg a gill (eight large table-spoonfuls) of white mustard. This will retard its becoming hard or sour.

To Make Bottled Cider Very Brisk. When you are bottling the cider, put a

large raisin into the bottom of each bottle before you pour in the cider. Then cork it tightly. In bottling spruce or molasses beer put

in also a raisin.

To Keep Oranges and Lemons.

Take a sufficiency of fine sand, and make it very dry by exposing it to the heat of the sun or the fire, stirring it frequently. Afterwards let it become quite cold, and then put a quantity of it in a close box or barrel. Bury your oranges (which must all be perfectly good) in this sand; placing them so as not to touch each other, and with the stem end downwards. At the top put a thick layer of sand quite two inches deep. Cover the box closely. and keep it in a cool place.

HARRIS, TURNER & HALE'S Compound Syrup of Spigelia or Vegetable Vermifuge,

The most effectuel, the safest, pleasantest and most convenient Worm Medicine ever offered to the public.

THE SPIGELIA, says a work of highest authority, stands at the head of the best of Arthelminties or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the enstitution, than any other. But prepared as it com-only is, in the form of ten, it can seldombe given to aldren in sufficient doses. In Farris, Turner & Hale's ompound Syrup, it is so concentrated that the dose is on, and so palatable as to be taken, not only with case,

paring it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of emi-nent physicians, in Philadelphia and elsewhere, who have commended it in the highest terms, and still employ it in their practice. In addition to this evidence of its mer-its, we offer the following, selected from a number of un

olicited testimonials.

1st. A distinguished physician of Virginia, of much

or should have written before this, but felt disposed irst to try the officacy of your Vermifuge. I have used more than half the quantity received, and the experimen has been most successful. I really believe that it posses ses advantages over any other Vermifuge I have ever used Independent of the smallness of the dose, and the plea-santness of the syrup (great advantages in dosing chiliren) the advantage of administering it under a variety of circumstances, enhances its value; indeed there is scarcely a condition of the system in which it may not be administered. Yours, &c."

2d A respectable physician of Lobanon county, in this

state, writes —
"I have been in the habit of prescribing your Compound it Syrup of Spigelia for some time past, and have found an excellent worm medicine, particularly for children. Please forward per bearer 2 doz. bottles -- Voors &c. 34.—An intelligent merchant of Virginia to whom we cal previously sold the symp, writes:

"Since my return home, I find that your Syran of Sai gelia has comeento general use in this neighborhood. We have sold what we had on hand, and it gave such satisfaction that it is now called for every day. You will please put us up 5 or 6 dozen in a small package, and send to the care of W. Anderson & Co., Richmond, as soon as possible, and forward the bill per mail .- Yours, &c." 4th .- A respectable merchant of Obio, on a late visit to

Philadelphia, stated, that some time since he had been ap-Syrup of Spigelia and gave him a part of a bottle which was all that remained in the store. A day or two after this the gentleman returning to the store, expressed his surprise and delight at the effect of the Syrup, declaring The merchant added an expression of his great regret that he had not had on hands a bottle of the Syrup at the time when his own little daughter died, as he confidently be lieved it would have saved her life.

5th—A gentleman of Hudson, N. Y., having sent a bot-tle of Harris, Turner & Hale's Compound Syrup of Spi-gelia, to a young friend who had tried ip vain a great number of worm medicines, writes, that his friend was in

We was emphatically the enemy of humbur, and therefore a medicine of which he was the inventor and endorsor may be confidently relied on. He specially recommended it in Liver Complaint, Byspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Phäadelphia papers express their conviction of its excellency, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers

Dr. Hoofland's German Bitters: "It is seldom that we recommend what are termed Pat-ent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a med-icine long established, universally prized, and which has

net the hearty approval of the faculty itself." Evidence upon evidence has been received like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calenuel in all bilious diseases-the effect is immediate. They can be administered to FEMALE OF INFANT with safety and reliable benefit, at any time.

PURIFY! PURIFY! Life and Health are in the Blood.

Not one of all the numerous medicines that have been prepared, begins to be of as great medical virtue, power, and unfailing certainty to cleanse and purify, produce neathly blood, and strengthen and invigorate the whole system, as

BRANT'S INDIAN

PURIFYING EXTRACT. This Purifier is the most wonderful and astonishing remedy in the world. No other medicine has effected such al-

SYPHILIS, and other eruptice and skin diseases, viz. Ery spelas, Sores, Uters, Uterated Sore Mouth and Throst Nursing Sore Mouth, Scall Head, Biles, Piles, Pimples on the Face, Ilheumatism, LIVER COMPLAINT, and many other diseases. THOUSANDS of such diseases have been cured by this PURIFIER, and cured by the use of FOUR TIMES

by four-fold, than ever such diseases were before or since cured, by Sursaparilla, or any other remedy. What then, is the question for those interested to decide, as to economy and health? FIRST—Will it cure my complaint? SECOND—Is it cheoper? THIRD—Will ONE DOLLAR'S WORTH of BRANT'S PURIFIER effectively cure FOUR TIMES as much disease as one dollar's worth of Sarsaparilla? It will, then it is FOUR TIMES CHEAPER than Earseparilla. And to prove this we offer one case of cure, out of the many cases of

MOST HORRID SCROFULA.

To realize the great power of this medicine as a purifier, read, in our Pamphlets, the perfect cure effected on Mr. J. B. Haskin, of Rome, Oneida county, N. Y. He was confined to his bed One Year—was not expected to live twenty-four longer—his neck was eaten mearly of, from ear to ear—a hole was eaten through the Wind-pipc—his ear nearly eaten out—the use of one arm aestroyed—an Ulcer, as large as a man's hand, had searly eaten through his side—and there were on him, in sil,

Twenty Large, Deep, Discharging Ukers. which were ALL CURED, and he restored to health and strength to labor again, by the use of GMLY TWELYE BOTTLES. This wonderful cure is certified to by

Fourteen Respectable Witnesses. And it is the greatest cure, the most undoubtedly substants, ed. of one of the most horrid and most hopeless cases of Scrafala, that has ever been cured since the world was created—correlated—correlated to the medicine.

BRANT'S INDIAN PULMONARY BALSAM Whis Balsam possesses all the cleansing and purifying Virtues of the above-named Punifying Extract, and also

Virtues of the above-named Publiphing Extract, and also possesses several other medications, particularly and prokarly adapted to cure COUGHS and CONSUMPTIONS. It heals and cures Ulcers in the Langs, and elsewhere intendly, as readily and as easily as the Purifying Extract help and cures externally. Thousands of cures of the most hopeless Consumption fully prove its almost miraculous efficacy in all diseases of the LUNGS, THROAT, and BREAST.

A DYING WOMAN SAVED! CONSUMPTION CURED! We give the following certificate as a fact of cure, which goes to prove the power to save life, even when the person

DOCT. J. W. FRENCH, of Hillsdale, Hillsdale Co., Michwrote to us, Dec. 8, 1848; "I have been in the regular practice of medicine in this place for Nine Years; but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a chromic disease of the lungs, as to convince methat I had the Consumption past doubt. I coughed almost incessantly night and day, and had severe pains and soreness in my chest side, and breast. I tried the remedies recommended by the most skilfal of my profession, all to no effect, excepting the nausea and debility caused by them. I was prejudied against Patent Medicines, and have no faith now in them, generally. But I was induced, as an experiment more than through faith, to try a bottle of Brant's India Petent Monary Halsam, and I do here acknowledge, for the beefit of the afflicted or whom it may serve, that the effect its use on me, was the most prompt and solutary of any medicines I ever witnessed the effect of in all my practice. My cough was inmediately relievely and in about eight of ten days, I was free from cough, soreness of the chost, and pain, and now consider and pronounce myself a well man. Doct. French is now a respectable druggist and merchant at Hillsdale. DOCT. J. W. FRENCH, of Hillsdale, Hillsdale Co., Mich.

ANOTHER IMPORTANT VICTORY:

ANOTHER IMPORTANT VICTORY:

Messrs. Holtstander & Co., respectable merchants of Oberlin, Lorain Co., Ohio, wrote December 19, 1848: "After allowing the Brant's Medicines which you sent to us, to remain at Cleveland about three mouths, we sent for them. We have been so often deceived by such medicines not proving to be equal to their recommendations, and therefore would not sell, when their want of efficacy was known that we considered it unprofitable to keep such, and were therefore prejudiced against Brant's, supposing it to be so better than many others we have on sale. After we had received Brant's, I. (A. Holtstander) was persuaded from reading the pumphlet to take a bottle of the Pulmonary Balsam home. My wife had been afflicted with a severe cough for about ten months, and our friends were alarmed and fearful that she would find nothing to relieve or cure her. But notwithstanding our prejudices to patent medicines, we are obliged to say, and cheerfully confess, that Brant's Balsasam and Pullytyno Extract, can be depended on in preference to any or all of the many kinds that have been left with us for sale. My wife was immediately relieved in her cough, and before she had finished using the first bottle, began to gain strength and health, and only three bottles effected a perfect cure. The Pullytyno Extract I have personally used for a general debility of the system, and I have no hesitancy in saying that it is the best medicine to restore and invigorate the system, that I have ever found. In every instance where we have sold these medicines they have proved their efficacy, and given the best satisfaction."
