Four years have now rolled away since the Gazette passed into our hands, during which time we have left little undone to make it an interesting sheet to the politician as well as general reader. We believe then that we have done our duty, both to our readers and the whig party; and the question next arises whether the party has done its duty to us? ## Remains of General Taylor.

The Baltimore Sun learns from R. M. Magraw, Esq., President of the Baltimore and Susquehanna Railroad, that the remains of General Zachary Taylor, late President of the United States, will leave Washington City, in a car furnished by the Susquehanna Railroad Company, on the morning of the 25th of October, at six o'clock, and will reach Baltimore at 8 o'clock, where Col. Taylor and Col. W. S. Bliss will take possession of the corpse. They will then proceed over the Susquehanna Road, by the express train, stopping at York a few minutes, and will go thence to Wrightsville, where they will cross the Columbia bridge, and proceed by the new river railroad on the eastern bank of the Susquehanna, to Middletown, and thence to Harrisburg, and so over the Central Railroad to Pittsburgh, where they will take the steamer to Louisville. Philadelphia for Soco

The result of the election is a theme of speculation in almost every paper that self that his county or district has done well, another berates the whigs for being lazy and indifferent, a third thanks his stars that things are no worse, and a fourth avows his determination " to pick his flint and try it again !" On the other hand, the lecofoces are congratulating themselves at the prospects before them, though here and there, where things did not work exactly as they wished, a little growling is exhibited, and in one case an exposure of the modus operandi made. In Huntingdon, it appears from the Globe's manifesto or explanation, that the locofocos had sold themselves, body and breeches, to John Whittaker-the conditions being that they were to elect Whittaker Sheriff, and the latter to make votes for Parker for Congress. Everything went on smoothly for a time, the volunteers having been induced to withdraw, and the track cleared, when somewhat unfortunately for the wireworkers, Robert Speer announced himself as a candidate, and would not be bought off nor scared off, the result of which was that the leaders could not consummate their bargain with Whittaker. A similar game was also played in Blair county, the whig volunteer candidates trading off congressional votes, and although they succeeded in defeating Dr. McCulloch, we are pleased to say that not a single one of these recreants to their principles and professions succeeded in obtaining office either in

#### FOREIGN NEWS.

NEW YORK, Oct. 11 .- The Cunard steam ship Europa, from Liverpool direct, anchored at the West Spit Buoy, at thirty minutes past nine o'clock on Thursday and came up this morning through a dense fog.

She has experienced stormy westerly gales during the passage, and has brought her Liverpool Pilot with her, being unable to get rid of him on account of the gale.

The Europa brings 110 passengers.
She sailed from Liverpool on the 28th of
September, three days after the Atlantic. On the 29th, passed the packet ship Queen of the West, from New York, bound into Liverpool, and the steamer Hibernia, which sailed from Boston Sept. 18th.

The advance in cotton of 1-8d., reported by the last steamer, has not been maintained, and prices have receded to the rates at which they stood when the Cambria sailed. The market, however, continues active.

There has been a rise in grain, followed, however, by a tendency to decline.

New Government for Hungary.—The Wiener Zeitung contains the official decrees concerning the definitive political organization of Hungary. At the head of the Hungarian government is the Stadtholder, who is to reside in Pesth, with a Vice President, Councillors, Secretaries, &c. government is disposed to make the concession. An agent of the Messrs. Rothschild is about to proceed to Verena to enter into negotiations for the loan.

NAPLES AND SICILY. The Paris Evenement publishes a letter from its Neapolitan correspondent, which announces the outbreak of a formidable insurrection in the two Calabrias. The Neapolitan governmett was greatly alarmed and had ordered a frigate to proceed to Cotrone, a port of Ultra Calabria and bombard the city. Three provinces of Calabria appear to be acting in concert in this insurrection. Nicastro, the insurgents had a skirmish with the garrison of the town, in which the latter of the Municipal Guard, the Judge and some

Wild Woman of the Woods, FROM THE ISLE OF SUMATRA. THIS only living specimen brought to the abode of civilized man, will be exhibited at LEWISTOWN, under a Pavillion, on

Monday and Tuesday, November 4th and 5th. Hours of admission—from 10 to 12 A. M., 210 5 and 61 to 9 o'clock P. M. This creature is a newly discovered link between the brute and human species, and it is difficult to determine to which it belongs. This singular being was taken after a hent

of several days, and brought to this country. and is the only one ever taken alive. In presenting this wonderful creature to the public the proprietor wishes it distinctly understood that he challenges either Continent to produce a greater Natural Curiosity.

It has been exhibited for nearly five months, and thousands have visited it, including Naturalists, Medical men, and all who take an interest in nature and her wonderful works, pronounce her the most surprising specimen of Nature's mystery ever seen. It throws in a flood of light on Natural History, and fills up the darkest spot, (the connection between the Brute and Human,) and thus combines Instruc-

tion with Amusement.
Its gait is erect, having the Negro features, with protruding mouth, bald head, with hair five inches long on its arms. The species grow to the height of five and a half to six feet. The present specimen is perfectly docile, and can be approached by the most timid. As this is probably her only visit to this place, we would invite the Ladies in particular to improve the present opportunity to visit the Wild Lady of Sumatra, who has been drawing crowded

houses for the last five months. This extraordinary Exhibition will be attended by choice music on the Dulcimer, Rock Harmonican and Violin.

Admission, twenty-five cents. Children half price. Oct 19, 1850-21
