HARRIS, TURNER & HALE'S **Compound Syrup of Spigelia**

or Vegetable Vermifuge, The most effectual, the safest, pleasantest

and most convenient Worm Medicine ever offered to the public.

I stands at the head of the list of Anthelminities or Worm Medicines. It is adapted to a wider range of cases, and to a greater variety of constitutions and states of the constitution, than any other. But prepared as it com-monly is, in the form of tea, it can seldom be given to children in sufficient doses. In Harris, Turner & Hale's Compound Syrup, it is so concentrated that the dose is very small, so combined as to ensure a purgative opera-tion, and so palatable as to be taken, not only with ease,

preparing it, are the result of a series of experiments continued for years. Before offering it for sale, it was subjected to the test of experience in the hands of eminentphysicians, in Philadelphia and elsewhere, who have recommended it in the highest terms, and still employ it in their practice. GER." January 5, 1850.

"Dr. Hoofand's German Bitters -Here is a prepara-tion which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times-the late Dr. Christopher Wilhelm Hoofland, professor to the Uni-Dr. Christopher Wilhelm Hoofland, professor to the Uni-versity of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of Asabug, and therefore a medicine of which he was the inventor, and endorsor may be condically relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomack, Constitution, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellency, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) prepara-tion, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "PHILADELPHIA SATURDAY GAZETTE," the best family newspaper published in the United States. The editor save of

Dr. Hoofland's German Bitters: "It is seldom that we recommend what are termed Pat-ent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoof-land's German Bitters, we wish it to be distinctly under-stood that we are not speaking of the nostrones of the day, that are noised about for a brief period and then forgotte after it has done its guilty race of mischief, but of a med-icine long established, universally prized, and which has met the hearty approval of the faculty itself."

Evidence upon evidence has been received like the foregoing) from all sections of the Inion, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases-the effect is immediate. They can be administered to FEMALE OF INFANT with safety and reliable benefit, at any time. BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
