ALSO.

My Vegetable Anti-Dyspepsia Bitters. This Medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been com-pletely cured by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure everythin recommend it to cure Dyspepia, and the diseases origi-nating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many in-stances, even the worst of cases have been completely ured in two and three months, but it depends somewhat npon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned.

ALSO,

My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after one

taking it. This medicine is in the form of a powder, the only this medicine is in the form and it operates on a This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Wogm-seed Oll or Turpentine combined with it, which is believed by all other physi-cians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which enter merce merce when hencer trade or medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from any-thing else ever used, it will destroy all kinds of Worms thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruc-tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person. If your children have any symptoms of worms, try these howders, and in nine cases out of ten your will nevthese powders, and in nine cases out of ten, you will nev

or use any other. These are also warranted. These medicines are all separate, and one for each dis-ease, and each for only one disease. They are not reommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety -nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.

DYSPEPTICS AND SKEPTICS, READ.

In three-fourths of the cases of diseased Liver, Stom-ach and Nerves, the effect of Dr. Hoofland's Celebrated German Blitters, (prepared only by Dr. Jackson, at the Medicine Store, 120 Arch street.) is as positive as in the case of A. A. Kaufman, Esq. Read what he says !

LANCASTER, April 30, 1850. Respected Sir : I have been for a sories of years afflict. ed with Dyspepsia, Inactivity of the Liver, and Nervous Debility. My mental powers have been so reduced as to render me quite unfit for the transaction of any kind of business. After consulting many emiment physicians, and using their prescriptions, and after using the most popular remedies of the day, supposed to be applicable to my case, I always failed to have permanent relief. A friend, with much persuaston, induced me to try a bottle of your celebrated Bitters. I have used one bottle, and this day commenced the second. I can with cheerful-ness state that it has happily improved me. Myappe-tite and spirits have astonishingly improved, and I begin to feel as though I had grown (suddenly) ten years younger, and really, I am almost prepared to say that I now consider myself calculated for any business while now consider myself calculated for any business, while ten days ago, I would have as soon undertaken to square a circle as to have attempted it.

Yours respectfully, A. A. KAUFMAN. To Dr. C. M. Jackson,

120 Arch street, Philadelphia,

The Editor of "Scott's Weekly Paper," one of the largest literary and family newspapers published in Philadelphia, says: "Dr. Hoofiand's German Bitters, manufactured by Dr

Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much prominent members of the faculty, as an article of much efficacy in cases of female weekness. As such is the case, we would advise all mothers to obtain a bothe, and thus save themselves much sickness. Persons of debil-tated constitutions will find these bitters advantageous to their both as a how from experience the salutary to their health, as we know from experience the salutar

effect they have upon weak systems." That this medicine will cure Liver Complaint and Dys-pepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver ; it is prefer able to calomel in all bilious diseases—the effect is imme-diste. They can be administered to FENALE or INFANT with safety and reliable benefit, at any time

Beware of Counterfeits !

This medicine has attained that high character which is necessary for all medicines to attain to induce coun-terfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the Marks of the Gennine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
