Peach Leaves vs. Sheep.

are poisonous, and often prove fatal when eaten by animals. A few days since, in approved Corn Sheller, acknowledged on all are poisonous, and often prove fatal when Western New York, we witnessed the death of two sheep, caused by eating freely of peach leaves. The peach is a native of Sicily, we believe, and was originally poisonous; but by cultivation, has become one of the most delicious of fruits. The leaves, however, are said to contain prussic leaves, however, are said to contain prussic dinary threshing machine, and will easily shell one nundred bushels of clean corn in an hour. run in peach orchards. Several cases have occurred in which cattle have been poisoned by eating the leaves of the wild cherry. The same cherry is equally poisonous. It has been said that cherry leaves are free from poison until the leaves have wilted; but cases have been known in which the green leaves have proved poisonous and fatal to animals.

In the case we witnessed, the sheep exhibited vertigo and trembling, and frothed at the mouth, and evidently endured much pain. After seven hours had elapsed, a noble lamb, belonging to one of the poisoned sheep, came up and called out urgently for his supper. The sick and dying mother raised her head, turned and looked piteously at her offspring, crying with hunger. Nerved with a spirit of maternal affection, she struggled and gained an upright position, and with much difficulty maintained it and gave nurse to the bleating lamb. This done, she laid down and died instantly; and, we presume, in peace.

Various remedies have been suggested. A writer in the Massachusetts Plowman recommends a pint of New England rum, mixed with a pint of molasses, and given to each grown animal; one third of the quantity for a lamb. Salt would doubtquantity for a lamb. Salt would doubt-less be beneficial, as it is useful in cases all kinds of Ripping, also done on the shortest of poison from the bite of snake, the sting of bees, &c. A gill of sweet oil, lard or fresh butter, given in a pint of new milk, it is said, will sometimes effect a cure .-Most vegetable poisons, however, are acids, and require alkalies to neutralize and pot and pearl ashes are used for the purpose .- Buffalo Wool Grower.

Leaves as Manure.

Leaves, buds, and tender branches are peculiarly rich in the vegetable alkali; beside which, they contain other organic elements derived from the soil, and which, by being returned to the soil, enrich its surface, tending to prevent its exhaustation, or when newly applied, that is to other ground, to enrich it more than superficially.

Leaves-and the remark is applicable to the tender branches also-seem destined by nature for the manure of forest land; and, indeed, of ground generally wherever trees grow. The roots connect the inorganic elements essential to vegetation with the soil, penetrating deeply and widely; the leaves detain and store up a certain portion of them, with other elements derived from the atmostphere, such as are required for their growth; and these return to the soil with the fall of the leaf. and there undergoing decomposition, are left to be appropriated again, and re-administer to the wants of vegetable growth. -Farmer's Herald.

More Truth than Poetry.

The people dear, as politicians say, Is what makes us appear to-day, We write in rhyme so that you all May read, reflect, and give us a call. For we have opened, and for sale designed Boots and Shoes of every kind; For men and women we've supplies For children, too, of every size We've Ladies' Boots, the best that's made And Misses' too, of every grade; Our stock of Gaiters is complete-Our Jefferson's cannot be beat Our Jenny Lind's are just the thing : But of them we need not sing, Merely say that they are cheap, Double soled, and can't be beat. Our Boots are all of the best kind, A little the best in town, you'll find; We've boy's boots too, so very low, We are surprised how fast they go. Of half our stock we cannot sing, For it consists of every thing That women, men, or boys do wear-So much we can't describe with care. And if it suits the people's mind, We'll take produce of every kind; But, then, the Cash, it is confess'd At all times will suit us the best. You need not fear our shelves to thin.

Supplies are always coming in; We buy them cheap, and well we know, We can't be beat in selling low. Now, we invite you, one and all. We hope you'll not forget to call : You'll find us two doors from Wattson's store.

And now we are done—we'll say no more.

This Medicine is a certain cure for Dyspepsia in its ery worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despaired of by the regular family physi-cians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case and it is recommended for nothing else. In many in-stances, even the worst of cases have been completely cured in two and three months, but it depends so apon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be

ALSO, My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instance have been known of children crying for more after once

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle extirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turnenting combined with it, which is believed by all other physi-cians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destro some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time the principle upon which it acts being different from any thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruc tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

If your children have any symptoms of worms, try these powders, and in nine cases out of ten, you will nev

r use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety nine cases out of every hundred, and where they have a fair trial and fail in all cuses, the

A. FELIX, At the Lewistown Cheap Cabinet Ware Rooms,

HERE the article can be seen at any time among his large stock of other FURNITURE of all descriptions. The following testimonials from those who purchased and have now in use, or had the bottom put into their old bedsteads, will speak for themselves:

CERTIFICATES: This is to certify that I purchased twenty pair of new bedsteads with Hinkley's patent elastic spring bottom in, am well pleased with them, consider them a good article, and would buy no others. I would recommend them to all persons, as they are easily screwed together, and can be kept cleaner than any hitherto made.

JAMES ALLISON. I concur with the above and consider it a good article for tavern keepers and others.

THOMAS MAYES. We certify that we got A. Felix to put B. Hinkley's patent bottom into our old bedsteads. and that they answer the purpose exceedingly well. We consider it a bedstead that can be kept much cleaner from insects, screwed up firmer than any others, and recommend them

"For a long time I was afflicted with general debility and intestinal weakness, costiveness, &c., for which I used many different remedies, without change. At last I acjedentally stumbled upon Hoofland's German Bitters, prepared by you. I took a few bottles according to directions, and was completely cured. I have not been so healthy for ten years as I have been since I took your bitters, which was about one year ago. Some of my

Gilles, Newton Hamilton, Pa., said: "I have used a half dozen of your German Blitters myself, for Liver Complaint and diseases of a nervous character, resulting from the abuse of mercury. I was poisoned and affected with spasms from the use of this latter article, and your German Blitters was the first article from which I obtained relief, although I have not yet quite recovered. All who have used this medicine of yours peak well of it."

In three-fourths of the cases of diseased Liver, Stomach and Nerves, the effect of Dr. Hoofand's Celebrated German Bitters. (prepared only by Dr. Jackson, at the Medicine Store, 120 Arch street,) is as positive as in the

case of A. A. Kaufman, Esq. Read what he says! LANCASTER, April 30, 1850.

Respected Sir: I have been for a series of years afflicted with Dyspepsia, Inactivity of the Liver, and Nervous Debility. My mental powers have been so reduced as to render me quite unfit for the transaction of any kind of business. After consulting many eminent physicians, and using their prescriptions, and after using the most popular remedies of the day, supposed to be applicable to my case, I always falled to have permanent relief. A my case, I always failed to have permanent reflet. A friend, with much persuasion, induced me to try a bottle of your celebrated Bitters. I have used one bottle, and this day commenced the second. I can with cheerful the second in the second of the secon ness state that it has happily improved me. My appe-tite and spirits have astonishingly improved, and I begin to feel as though I had grown (suddenly) ten years younger, and really, I am almost prepared to say that I now consider myself calculated for any business, while, ten days ago, I would have as soon undertaken to square a circle as to have attempted it. Yours respectfully, A. A. KAUFMAN

To Dr. C. M. Jackson. 120 Arch street, Philadelphia. The Editor of "Scott's Weekly Paper," one of the argest literary and family newspapers published in Phil-

adelphia, says:
"Dr. Hoofland's German Bitters, manufactured by Dr. "Dr. Hoofiand's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weekness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debili-tated constitutions will find these bitters advantageous to their health, as we know from experience the salutary

effect they have upon weak systems." That this medicine will cure Liver Complaint and Dys-pepsia, no one can doubt after using it as directed. It pepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is prefer able to calomet in all bilious diseases—the effect is immediate. They can be administered to FEMALE OF INFANT with safety and reliable benefit, at any time.
