LEWISTOWN, PA.

Friday Evening, March 5, 1852.

Whig State Convention.

A WHIG STATE CONVENTION will be held at Harrisburg, on the 25th of March, 1852, for the purpose of nominating a Canal Commissioner, forming an Electoral Ticket, and choosing delegates to the National Convention.

County Meeting.

THE Whigs of Millin county are invited to attend a meeting to be held at Irwin's Hotel on SATURDAY EVENING, March 13th, 1852, to appoint a representative delegate to the State Convention, and, if necessary, confer to select a senatorial delegate.

Notices of New Advertisements.

Alfred Marks is in readiness for the boating season, and will promptly attend to business pertaining to storage, forwarding, &c. Cream and milk can be had daily hereafter at Wise's old stand.

Pennsylvania Legislature.

In the Senate, on February 25th, Mr. Shifer presented a remonstrance from Millin county, against the law prohibiting peddling; and a petition for the repeal of a law prohibiting the hunting of deer with dogs in said county.

In the House, on the 25th, Mr. Ross introduced a bill to change the name of Mary Ann Van Zandt to that of Mary Ann Somerville; and a bill to incorporate the Odd Fellows' Hall of McVeytown.

In the House, on the 25th, a large number of petitions, &c., were presented, the greater portion of them being upon the subject of the sale of liquors; some asking for the Maine liquor laws, which had an aggregate of eight thousand names; and others remonstrating against the passage of that law, or any change in the license laws as they are at present, one of which, from Allegheny county, was signed by three thousand persons.

In the House, on the 27th, on motion of Mr. Bonham, it was Resolved, That the Committee of Ways and Means be instructed to enquire into the expediency of requiring the vendors of patent rights to take out a State license, as is now required of the retailers of foreign merchandise, and report by bill or otherwise to this House.

Mr. Ross introduced a bill for the relief of William Lathrop. Mr. Leech, on leave given, presented a remonstrance signed by nine thousand three hundred and ninety citizens of the city and county of Philadelphia, remonstrating against the passage of any law similar to that commonly known as the Maine liquor law.

In the Senate, on the 28th, on motion of Mr. Griesbach, the bill to alter the fee bill so far as it related to aldermen, justices of the peace and constables, which revives the fee bill of 1814, was taken up and discussed, and the first section negatived by the following vote—yeas 10, nays 21.

On motion of Mr. Fernon, the bill relative to the vendors of mineral water and other beverages in bottles, was taken up and passed committee of the whole.

In the Senate, on the 1st, the bill authorizing a loan for the immediate completion of the North Branch Canal, came up in order on second reading. The first section was agreed to by the following vote—yeas 18, nays 12.

The Deputy Secretary of the Commonwealth being introduced, presented a message from the Governor, returning with his objections the bill authorizing corporations other than municipal to subscribe to the stock of the Pennsylvania and Ohio railroad company, and for other purposes, which was read.

In the Senate, on the 2d, Mr. Sanderson presented a number of petitions signed by 14,876 ladies of the city and county of Philadelphia, praying for the passage of the Maine liquor law; also one signed by 124 Ministers of the Gospel, of Philadelphia; and one signed by 475 voters of the North Ward in that city in favor of the same measure.

Mr. Buckalew, from the select committee appointed to investigate the facts relating to the contested seat of Samuel G. Hamilton, the sitting member from the county of Philadelphia, reported that they find that said Samuel G. Hamilton did receive the greatest number of legal votes, and is therefore entitled to his seat.

The bill to provide for the better regulation and management of the public works came up in order on second reading, and before the Senate, Mr. Muhlenberg obtained the floor, and briefly explained the general features of the bill, of which he is the author, referring also to the most prominent defects of the present system, and urging the necessity of a change. He did not deem it necessary to proceed further at this time, though prepared to discuss the whole subject at length whenever the arguments urged against the passage of the bill should render that proper and needful.

From California.

NEW YORK, February 28.—The steamer Prometheus, from San Juan, arrived at 11 o'clock on Monday morning. She brings San Francisco dates to the 2d instant, 334 passengers, \$32,000 on freight, and about \$400,000 in the hands of passengers.

The sloop of war Albany sailed from San Juan, leaving no vessel of war there. The Decatur was spoken on the 19th, 200 miles from San Juan, bound in.

A gentleman just returned to Portland, Oregon, from Salt Lake, says that affairs there have a very threatening aspect, and the people freely and openly declare their hatred of the General Government.

The miners of the Sacramento were working night and day, and had met with great success. A scarcity of water, however, was apprehended. A ledge of marble and limestone had been discovered near Sacramento city.

Col. Weller, Democrat, has been elected United States Senator from California, by the State Legislature, by a vote of 71 to 17. The Whigs made no regular nomination.

Col. Fremont and his family left San Francisco in the mail steamer Tennessee, which sailed on the 2d instant. The Tennessee took 330 passengers and \$1,600,000 in freight. A lump of pure gold had been picked up near Gregory's express office, in Sacramento city, weighing over two pounds. This was found in ground which heretofore had yielded only the finest dust.

Advices from San Joaquin state that the difficulty at Carson's Hill was still unsettled, and the quartz miners had almost entirely suspended operations.

The farmers in the vicinity of San Francisco were making preparations for putting in heavy crops during the present year.

The town of Nevada was about to be sold. Discoveries of quartz had recently been made at Ophir, said to be as rich as any in the State.

Captain Woods, formerly of Savannah, was shot by Bear Valley, recently, by a man named Pendleton, with whom it appears the deceased had had a difficulty in regard to the title to a gold placer.

The Alta California says that the election of Col. Weller gives general satisfaction. Governor Bigler has issued a special message, in which he states the aggregate indebtedness of the State to be two millions and a quarter.

The Settlers of the Miners' Convention had made little progress and appear to receive but a slight degree of sympathy. In Oregon the Legislature and the Judiciary were still at loggerheads.

The winter at Oregon had been very severe. All was quiet at San Diego. The troops have gone to Gila river, and a company of the 3d Artillery, with Major Andrews, had gone to the mouth of the Colorado river.

Foreign News.

ENGLAND.—The war fever seems to be subsiding. Louis Napoleon continues to give the fullest announcement that an invasion of England is about the last thing he thinks of.

Mazzini, the Italian patriot, addressed the friends of Italy at Freemason's tavern, in London, on the evening of the 11th inst. He thought that if the English capitalists and loan-mongers would but give a little of that material aid they were daily sending to despotic powers, the cause of Roman freedom would ere long be triumphant.

FRANCE.—We read in the *Courrier de Marseille*: A commencement of insurrection has taken place in the department of the Gard, the Herault, and the Ardeche. Large masses of persons assembled round the prisons to set the persons in confinement at liberty, and the troops were obliged to fire on them. The details are wanting.

A rumor was current this day, which, if well founded, would be anything but agreeable. It had reference to the state of feeling in certain districts of Belgium, as also some regiments of the Belgian army. If these rumors can be depended on they would imply that a feeling unfavorable to their own government, and too favorable to France, is apparent. There is reason to believe that something not of an ordinary nature is going on with respect to the relations of France and Germany and the powers generally.

The Queen of Spain has made a present to our Lady of Atocha of the mantle she wore on the day she was stabbed, and which was pierced by the knife of the assassin.

Merino, the assassin, declared in the presence of the governor of the prison, and of several officers, that he had no accomplices.

SWITZERLAND.—The Swiss journals mention that the government of the Republic is in a state of great alarm on account of a new note which has been sent to it by the French Government. The latter not only insists on the expulsion of all the French refugees who are suspected of plotting against the government of their country—to which demand the Swiss Government at once, and without the slightest hesitation, gave its consent—but it insisted on its employing energetic measures against any popular manifestations which have been got up in that country for the purpose of forcing the government to have new elections.

It is said that the French Minister of Foreign Affairs has intimated to the Swiss Minister resident in Paris, that great as is the interest which the President feels in the Helvetic republic, he cannot avoid if his counsels should not be followed, coming to an arrangement with Austria and Prussia with a view to their coming to an understanding with respect to the adoption of joint coercive measures for the purpose of keeping down the democratic spirit in Switzerland.

Rome, Feb. 4th.—The night before last, a well known spy and scribe, nicknamed "Tablino," was assassinated. The unfortunate man was crossing the Piazza Borgnese, a very central part of Rome, when he was stabbed from behind by a man who immediately took flight. He had not even time to make use of a pistol with which he was armed, but dropped to the ground almost instantaneously. Four French soldiers carried him to the guard house. The dagger was found broken in the wound, which passed through the back, and it could only be extracted by a surgical instrument.

GERMANY.—Great distress prevails, in consequence of dearth, in east and west Prussia, Silesia, and the neighborhood of Erfurt, where there has been an inundation. The Thuringian town Suhl, inhabited by very expert gun-makers, is also in the utmost distress for want of work. If English merchants knew that very good warranted rifles may be bought there at from 30s. to 40s. apiece, the workmen at Suhl might get employment enough for the supply of the rifle companies now forming in England. For £3 one gets there a handsomely finished rifle for an amateur.

Bread stuffs are dull and rather lower. The extreme quotations of Flour and Wheat are nominal. Speculators are quiet, and dealers supply themselves only in retail, but holders are not pressing, their stocks being generally much reduced. There is a good demand for Indian Corn.

By the Steamer Franklin—four days later. Flour and wheat were dull, at a decline of 6d on flour and 1 a 3d on wheat. Corn was in fair request at 6d in advance. Provisions firm.

ENGLAND.—Parliamentary proceedings had not been very important. Lord John Russell had introduced a bill to organize the local militia. The fear of a French invasion still prevailed, and was by no means limited to the lower classes. The British squadron in the Tagus has been recalled by Government, and is to compose part of a fleet to cruise in the channel, consisting of 15 ships of the line, 10 frigates and 15 or 20 steam frigates.

The town of Tagus, on the West Coast of Africa, had been almost totally destroyed by the British squadron on December 20th. The English sustained a severe loss, having 30 killed and 66 wounded.

A fair proportion of the engineers and mechanics of Manchester had gone to work, and only one establishment was entirely closed.

In the House of Commons on the 17th Lord Clanricarde presented himself to be sworn, but he declined taking the oath of supremacy, claiming, tho' a Protestant, the right to take the oath for Catholics—objection being made the noble Lord left the House.

FRANCE.—France was perfectly tranquil. The approaching elections were the absorbing topics of conversation and excited great interest.

It is still affirmed that President Napoleon has designs upon Belgium. He has also made demands upon the Swiss Government for the suppression of the clubs and the banishment of the refugees. The Swiss Government has refused to accede and claimed the intervention of Great Britain.

The correspondent of the London Daily News states that some great movement may be expected in Paris on the 23d of February, and orders have been issued to the various Generals to be prepared for the emergency.

In Austria, Belgium, Italy and the other Continental States, active military preparations were in progress to meet any contingency that may arise.

Balance in the hands of T. W. Moore, Esq., Acting Treasurer, \$125 43 The society held its first annual fair or exhibition at Lewistown on the 4th, 5th and 6th days of November, 1851.

Eighty-one persons entered 251 articles for exhibition. The number of those who did not comply with the requisition of the constitution was about 20, and the number of articles exhibited by them was about 60. Of live stock there were—

Horses 23—cattle 27—sheep 13—swine 92—mules 2—goats 81. The other articles presented consisted of agricultural implements, machines, and mechanical inventions and manufactures, products of the farm, the dairy, the orchard, and the nursery.

There was also an excellent display by the ladies of domestic and household manufactures, and useful and ornamental handwork, highly creditable to the taste and skill of the fair contributors.

From the interest manifested on the occasion, it is evident that if properly conducted, the society will be sustained by the public. SHEM ZOOK.

ANOTHER SCIENTIFIC WONDER! Important to Dyspeptics.—Dr. J. S. HOUGHTON'S PEP SIN, THE Tonic Digestive Fluid, or Gastric Juice, prepared from the RENNET, or the Fourth Stomach of the Ox, after directions of BARON LIEBIG, the greatest Physiological Chemist, by J. S. HOUGHTON, M.D., Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method by Nature's own Agent, the Gastric Juice. Pamphlets, containing Scientific evidences of its value, furnished by agents gratis. See notice among the medical advertisements.

Articles of Agreement

MADE and entered into this ninth day of February, A. D. 1852, between the "Lewistown Water Company" of the Borough of Lewistown, county of Millin, and State of Pennsylvania, of the one part, and the "Burgess and Town Council" of the Borough of Lewistown, county and State aforesaid, of the other part, WITNESSETH that the "Lewistown Water Company" aforesaid, for the consideration hereinafter mentioned, doth contract to erect and to maintain a Burgess and Town Council, that they, the said Burgess and Town Council, will furnish unto the said Burgess and Town Council, eleven new fire plugs, ready to put up, and as good as those already erected in said borough. Also, to sell and convey to the said Burgess and Town Council all the fire plugs now erected in the aforesaid borough.

And to refund to the said Burgess and Town Council the money subscribed and paid for the erection of three fire plugs, (without interest,) to wit: one at or near the residence of John R. Weekes, two in Valley street, (one near the marble yard at Sunderland's, and one near Montgomery's corner.)

And further, they grant and agree unto the said Burgess and Town Council, the use of water at all the said fire plugs that are now or may hereafter be erected in said borough, for the purpose of extinguishing fire, and for the washing of hose, house, engines, or horse carriage; and for trying engines, free of all charges or rents forever; and to charge no rent on fire plugs for any previous use of water. The said Burgess and Town Council further covenants and agrees that the said Burgess and Town Council may hereafter put up and erect any number of additional fire plugs, that they, the said Burgess and Town Council, may from time to time think necessary for the better extinguishing of fires, under the supervision of the said Burgess and Town Council.

The Water Company aforesaid further agrees to extend the pipes for conveying the water on Third street, from their western termination to the main pipe on the turnpike, as soon as the said Burgess and Town Council shall build a culvert over the run at the west end of Third street, upon which the said Water Company can safely lay their pipes below frost. The said Water Company further covenants and agrees to use all due diligence from time to time, and at all times hereafter, to keep a sufficient supply of water in their basin or basins for the purposes herein mentioned.

In consideration whereof, the said Burgess and Town Council hereby covenant, promise and agree to pay to the Lewistown Water Company aforesaid, upon the execution of this article, the sum of two hundred and twenty-six dollars and eighty cents; and on the first day of May next, the further sum of three hundred dollars; and on the first day of August next the further sum of ninety-seven dollars and seventy cents; making in all the sum of six hundred and twenty-four dollars and fifty cents—and to put up, at the expense of said Burgess and Town Council, as many fire plugs as may in their judgment from time to time become necessary for the extinguishing of fires in said borough, under the supervision of said Water Company, and to use such pipes as the Water Company, for the mutual benefit of the parties, shall approve of.

And the Burgess and Town Council further agree to keep in repair the fire plugs that are now erected, as well as those that may hereafter be erected, and to discontinue the suit now pending in the Common Pleas of Millin county, brought by the Burgess and Town Council against said Water Company. Each of the abovesaid parties to pay the one-half the expense of recording this article in the Recorder's office of Millin county. In testimony whereof, the parties hereto have subscribed the names of their proper officers respectively, and have hereto affixed their respective corporate seals, the day and year first above written.

FRANCIS MCCLURE. P. L. W. Co. JAMES L. McLVAIN, Chief Burgess.

Witness present, JAMES McDOWELL, MIFFLIN COUNTY, ss. Personally came before the subscriber, a Justice of the Peace in and for said county, Francis McClure, President of the said Water Company, and James L. Melville, Chief Burgess of the Borough of Lewistown, in said county, and severally acknowledge the above and foregoing instrument to be their several act and deed in their respective official capacities, and desired that the same might be recorded as such according to law. Witness my hand and seal at Lewistown the day and year aforesaid.
