Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON,

This is a truly wonderful remedy for INDIGESTION,

Half a teaspoonful of Perstn, infused in water, will

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Parifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PRINCES IN THE TRANSPORT OF THE STATE OF and PERFECT SUBSTITUTE for it. By the aid of this pre-paration, the pains and evils of LNDIGESTION and DYSPEPSIA are removed, just as they would be by a DECLINE, and DYSPEPTIC CONSUMPTION, sup-posed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree CURIOUS and REMARKABLE

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Pluid, analogous to the Gastric Juice, may be readily prepared from the nucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as then would be in the human stomach." as they would be in the human stomach.

No instance has ever been known, where more than six descriptions. than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to eure, if taken according to the directions, or the money

These pills not only perform a perfect cure in three days, but remove the bile and create a heaithy action of the liver, and consequently fortify the system against a future attack.

ALSO.

My Vegetable Anti-Dyspepsia Bitters. This Medicine is a certain cure for Dyspepsia in i very worst forms. Thousands of cases have been com-pletely cured by it within the last year, which have been entirely despaired of by the regular family physi-cians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases origin nating from it, and that it will cure in almost every case and it is recommended for nothing else. In many in-stances, even the worst of cases have been completely cured in two and three months, but it depends somewhat noon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned.

ALSO, My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer eve known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once

This medicine is in the form of a powder, the only principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physi-cians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted o smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time the principle upon which it acts being different from any thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruc-tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person If your children have any symptoms of worms, try these powders, and in nine cases out of ten, you will nev-

er use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not re-commended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety -nine cases out of every hundred, an where they have a fair trial and fail in all cases, th
