A major of militia, in Pennsylvania, who had recently been elected, and who was not over burthened with brains, took it into his head on the morning of parade, to go out and exercise a little by himself. 'The 'field' selected for this purpose was his own stoop. Placing himself in a military attitude, with his sword drawn, he exclaimed--- 'Attention the whole! No instance has ever been known, where more days. No instance has ever been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to euro. If taken according to the directions, or the money returned.

These pills not only perform a perfect cure in three days, but remove the bile and create a healthy action of the liver, and consequently fortify the system against a future attack.

My Vegetable Anti-Dyspepsia Bitters.

This Medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case. nating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat npon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine fair trial, and if it fails to do good, your money will be returned.

My Vegetable Worm Powders,

This is the most wonderful Worm Destroyer eyer known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from anything else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Feres, but is the most effectual medicine for the des tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person. If your children have any symptoms of worms, try these powders, and in nine cases out of ten, you will nev

er use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, out they are each to cure but one disease, and that the will do in ninety nine cases out of every hundred, and where they have a fair trial and fail in all cases, the

"It gives me pleasure to certify the value and efficacy
of Ayer's Cherry Pectoral, which I consider peculiarly

adapted to cure diseases of the throat and lungs. Dr. Perkins, the venerable President of the Vermont Medical College, one of the eminently learned physicians of this country, writes, the Cherry Pectoral is extensively used in this section, where it has shown unmistakable evidence of its happy effects upon pulmonary diseases The Rev. Jno. D. Cochrane, a distinguished Clergyman of the English Church, writes to the proprietor from Montreal, that "he has been cured of a severe asthmatic affection, by Cherry Pectoral." His letter at full length,

and this case is from his own observation HILLSDALE, MICH., Dec. 10, 1849. DEAR SIR :- Immediately on the receipt of your CHER-BY PECTORAL, I carried a bottle to an acquaintance of mine who was thought to be near his end with quick consumption. He was unable to rise from his bed, and was extremely feeble. His friends believed he must soon die, unless relief could be obtained for him, and I induced them to give your excellent medicine a trial. I immediately left town for three weeks, and you may judge of my surprise on my return, to meet him in the street on my way home from the cars, and find he had entirely recovered. Four weeks from the day he menced taking your medicine, he was at work at his

arduous trade of a blacksmith. There are other cases within my knowldedge, where he CHERRY PECTORAL has been singularly successful, but none so marked as this. Very truly yours

Dr. J. C. Avers, Lowell .- DEAR SIR :- Feeling under obligations to you for the restoration of my hea th, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine. E. S. STONE, A. M.,

Persons of debili tated constitutions will find these bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems.
