The present and ensuing month closes the year for a large number of subscribers. Those who wish to take advantage of the advance terms, had better send on their money, as a DOLLAR will now pay for a year—a fact worth remembering.

The Cumberland Alleganian of Friday says

—A disease which has baffled the best medical skill has been prevailing for some time past in the Glades, the upper part of this county. Its approach is known by a slight pain, which soon extends over the system, drawing the body nearly double, and causing the most excruciating pain to the person attacked, who is only relieved by death, which usually takes place in a few hours. Families have been almost entirely destroyed by it, and we hear of an instance where a widow and three children were attacked, and died—one little child only

escaping.

Four cows were killed by lightning in a stable in Baltimore on Saturday.

Two children out of four who were plunged into a mill-pond in Upton county, Georgia, by an insane mother, were drowned.

Two men were killed by the falling of a bank of earth, near which they were working in the Coal diggings in Augusta county, Virginia, on last Wednesday.

Three men were killed and two others seriously injured by the explosion of a can of powder, at Hurl Gate, New York, where Mons. Mailefert is engaged in blowing rocks under water.

Henry Hollinger, a most estimable young man, and Charles Buckmaster, (a colored man) were instantly killed at Gettysburg on Friday last, while engaged in undermining the wall of the Catholic Church, which prematurely gave way.

A three-story brick house, in progress of erection on Thirty-second street, New York, fell on Saturday afternoon, while twelve or fourteen mechanics were at work in it. The ruins are being cleared up, and it is reported that five persons have been taken out dead. It is feared that more bodies are still beneath the rubbish.

A SMASH.—Twenty-one freight cars ran down Plane 10 of the Allegheny Portage Railroad on Monday last and eleven of them were smashed to atoms. Fortunately they contained but little lading, or the loss would doubtless have been large. But it is heavy enough, as it is; and as it occurred through the remissness of the State Agents, the tax-payers we suppose will have the bill to foot.—*Holiday Register*.

A LADY KILLED BY LIGHTNING.—During the thunder storm on Saturday morning the dwelling house of John Richey, Near Stewartstown, York county, Pa., was struck by lightning, and his daughter Miss Eva Richey, about 37 years of age, killed instantly. Two little children was standing within a few feet of her at the time, but neither was injured. Richey was in a room above, and also escaped without harm. The dwelling sustained no serious damage.

Fire on the PENNSYLVANIA RAILROAD.—On Friday morning, about half-past 9 o'clock, the train of cars which left the city the preceding evening at 10 o'clock, lost the baggage car by fire. The train was four miles east of Altoona, and going at a rapid rate, when the baggage car was discovered to be on fire. It originated, doubtless, from the locomotive, and before the flames were extinguished, all the baggage, belonging to one hundred and eighty passengers, was destroyed. The loss, is supposed, will reach \$10,000.

New York was visited with a most destructive fire, on Saturday morning. The stores of Latimer & Large, and Merritt, Blis, & Co., in Day street, were destroyed; and those of White, Bramell & Lockwood, Mott, Weaver & Richardson, and Crane & Thompson, damaged by fire and water.—The whole loss is estimated at \$15,000, and the insurance at \$850,000. The Philadelphia offices are sufferers to the following amounts: Reliance, \$15,000; Philadelphia, \$10,000; North America, \$10,000; American, \$15,000; and Franklin, \$500.
