Essentials to Productive Farming.

The following fifteen essentials to productive farming are from the pen of the editor of the American Farmer, which is, we believe, the oldest agricultural paper in the United

1. Good implements of husbandry, and plenty of them, which should always be kept in good order.

Deep ploughing and therough pulverization of the soil, by the free use of the harrow,

drag, or roller.

3. An application of lime, marl, or ashes, an elegant supply of where calcareous matter or potash may not be

present in the seil. 4. A systematic husbanding of every substance on a farm capable of being converted into manure, a systematic protection of such substances from loss by evaporation or waste

of any kind, and a careful application of the same to the lands in culture. 5. The draining of all wet lands, so as to relieve the roots of the plants from the ill effects of a superabundance of water, a condition equally pernicious as drought to their

healthful growth and profitable fructification.
6. The free use of the plow, cultivator, and hoe, with all row cultured crops, so as to keep down, at all times, the growth of the grass and weeds, those pests which prove so destructive to crops.

pair of fences, so that what is made through the toils and anxious cares of the husbandman, may not be lost through his neglect to protect his crops from the depredations of

9. Daily personal superintendence, on the part of the master, over all the operations of the farm, no matter how good a manager he may have, or how faithful his hands may be, as the presence of the head of a farm, and the use of his eyes, are worth several pairs of

10. Labor-saving machinery, so that one may render himself as independent as needful of neighborhood labor, as a sense of the comparitive independence of the employer upon such labor begets a disposition of obedience and faithfulness on the part of the

11. Comfortable stabling and sheds for the horses and stock, all necessary out-buildings, for the accommodation of the hands, and protection of the tools and implements, as well as for the care of the poultry.

12. Clover and other grasses to form a part of the rotation of crops, and those to be at the proper periods plowed in, to form pabu-

ashed, each succeding spring-1 bushel of the and from too to bottom, whether COTTON, former and 6 of the latter per acre.

14. To keep no more stock than can be well

cept, but, be sure to keep as many as the farm can keep in good condition, as it is wise policy to feed as much as possible of the crops grown on the farm, and thus return to it that which

has been abstracted from it.

15. To provide a good orchard and garden—the one to be filled with choice fruits of all kinds—the other with vegetables of different sorts, early and late, so that the table may, at all times, be well and seasonably supplied, and the surplus to contribute to increase the wealth of the proprietor.

Farmer's Weather-ometer;

Comprising General Indications and Local Predictions respecting the Changes of Weather, gathered during travels in Europe and

> " A rainbow in the morning. Is the Shepherd's warning. But a rainbow at night, Is the Shepherd's delight."

A rainbow in fair weather denotes foulif foul, fair weather will follow. A double rainbow indicates much rain.

A predominance of the purple color of the rainbow, snows, wind and rain-dark red, tempest-light red, wind-yellow, dry weath--green, rain-blue denotes that the air is

If the Aurora Borealis appear after sever- Chisel and Auger Handles, Columns, &c. al warm days, it is generally succeeded by a cloudiness of the air. If the Aurora Borealis has been considerable, either an increased legree of cold is immediately produced, or bodies of clouds are immediately formed.

If in a very wet season the sky is tinged with a sea green color, near the bottom, where it ought to be blue, it shows that rain will speedily follow and increase; when it is of a deep dead blue, it is overcharged with vapors, and the weather will be showery.

When the sun appears white at the setting, or goes dewn into a bank of clouds, which he in the horizon, they indicate the approach or continuance of bad weather. When it rains with an east wind, it will

probably continue twenty-four hours. The harvest rains, when of long continuance, generally begin with the wind blowing easterly, which gradually veers round to the south-and the rains do not cease until the wind has got to the west, or a little north-

While rain is falling, if any small space of the sky is visible, it is almost a certain sign

that the rain will speedily cease.

If the clouds that move with the wind be come stationary when they arrive at the part of the horizon which is opposite to the wind and appear to accumulate, they announce a

speedy fall of rain. A frequent change of wind with an agitation of the clouds, denotes a sudden storm.

A fresh breeze generally springs up before sunset, particularly in the summer.

The weather usually clears up at noon— but if it rains at midnight, it seldom clears The winds which begin to blow in the day-

time are much stronger, and endure longer than those which begin to blow only in the night.
A hollow or whistling wind denotes rain.

If the wind follow the course of the sun, fair weather will follow.

Weather, either good or bad, which takes place in the night time, is not generally of long duration-and for the most part, wind is more uncommon in the night than in the day time. Fine weather in the night with

scattered clouds does not last. Violent winds prevail more in the vicinity

of mountains than in open plains. A Venetian author says: 'A sudden storm from the north does not last three days.' If it thunders in December, moderate and

fine weather may be expected. If it thunders at intervals, in the spring season, before the trees have acquired leaves, cold weather is still to be expected.

Thunder in the morning denotes wind at noon—in the evening rain and tempest. If in summer there be no thunder the ensuing fall and winter will be sickly.

"He who by the Plow would thrive, Himself must either held or drive."

REGIMENTAL ORDERS. ATTENTION the WHOLE! Forward March, by Sections of Eight, to the McClure stand!

M P. MILLIKEN has just received from the city a large and well selected stock

SPRING & SUMMER GOODS. which he is disposed to offer to customers at GREAT BARGAINS, the proof of which he respectfully invites the public to call and test for themselves. Among his stock will be found

JOHN A. STERRETT;

Great Scientific Discoveries. BY DR. J. W. COOPER.

BRARB VND VOLR Completely Cured in Three Days,

By Dr. J. W. Cooper's Vegetable Compound

Fever and Ague Pills. THESE PILLS are composed entirely of Vegetable 1 Substances, and in ninty nine cases out of every hundred, will perform a perfect and Complete cure in three days. No instance has ever been known, where more than six days have been required to perform a complete cure, even in the very worst cases, and on the strongest constitutions. We would earnestly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to cure, if taken according to the directions, or the money

These pills not only perform a perfect cure in three days, but remove the bile and create a healthy action of by his numerous Omish customers, will be the liver, and consequently fortify the system against a futureattack.

ALSO. My Vegetable Anti-Dyspepsia Bitters.

This Medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been completely cured by it within the last year, which have been entirely despaired of by the regular family physicians. We do not recommend it to cure everything—we recommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three moaths, but it depends somewhat upon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if st fails to do good, your money will be

ALSO, My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to-take, that almost every child will be foud of it, and many instances have been known of children crying for more after once

This medicine is in the form of a powder, the only

medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physi-cians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from an thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruc-tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person. If your children have any symptoms of worms, try these powders, and in nine cases out of ten, you will nev-er use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not rebut they are each to cure but one disease, and that they will do in ninety -nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.

DR. J. W. COOPER'S Celebrated Vegetable Anti-Dyspepsia Pills,

A certain cure for Indigestion, Debilty, Sickness or Burning in the Stomach, Pain in the Side and Stomach, Costiveness. Sensation, of Weight in the Stomach after Eating, Difficulty of Breathing, Restlessness, Want of Appetite, Palpitation of the Heart, and all other Biseases which arise from INDIGESTION.

CROUP, ASTHMA, AND CONSUMPTION. THIS invaluable remedy for all diseases of the Throat and Lungs, has attained a celebrity from its remarkable cures, never equalled by any other medicine before. Other preparations have shown themseles palliative and sometimes effected notable cures, but none has ever so fully won the confidence of every community where it is known. After years of trial in every climate, the results have indisputably shown it to possess a mastery over this dangerous class of diseases, which could not fail to attract the attention of physicians, patients, and

COUGHS, COLDS, HOARSENESS,

BRONCHITIS, WHOOPING-COUGH,

the public at large. See the statements, not of obscure individuals and from far distant places, but of men who are known and respected throughout the country,

The widely celebrated Surgeon, Dr. Valentine Mott. of 'It gives me pleasure to certify the value and efficaev of Ayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the throat and lungs. Dr. Perkins, the venerable President of the Vermont

Medical College, one of the eminently learned physicians of this country, writes, the Cherry Pectoral is extensively used in this section, where it has shown unmistakahl evidence of its happy effects upon pulmonary diseases. The Rev. Jno. D. Cochrane, a distinguished Clergyman of the English Church, writes to the proprietor from Montreal, that "he has been cured of a severe asthmatic

affection, by Cherry Pectoral." His letter at full length, may be found in our circular, to be had of the agent, and is worth the attention of asthmatic patients. This letter is from the well known Druggist at Hillsdale, Michigan, one of the largest dealers in the State;

and this case is from his own observation.

HULLSDALE, Mach., Dec. 10, 1849. DEAR SIR:—Immediately on the receipt of your CHER-RY PECTORAL, I carried a bottle to an acquaintance of mine who was thought to be near his end with quick consumption. He was unable to rise from his bed, and was extremely feeble. His friends believed he must soon die, unless relief could be obtained for him, and I induced them to give your excellent medicine a trial. immediately left town for three weeks, and you may judge of my surprise on my return, to meet him in the street on my way home from the cars, and find he had entirely recovered. Four weeks from the day he commenced taking your medicine, he was at work at his arduous trade of a blacksmith.

There are other cases within my knowldedge, where the Cherry Protoral has been singularly successful,

but none so marked as this. Very truly yours

G. W. UNDERWOOD.

Hear the Patient.

Dr. J. C. Ayers, Lowell, -- DEAR SIR :- Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine. E. S. STONE, A. M., Principal Mt. Hope Seminary.

Call at the old stand, a few doors east of the

Entered according to Act of Congress, in the year 1831, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pa. ANOTHER SCIENTIFIC DISCOVERY! GREAT CURE FOR

THE TRUE DIGESTIVE FLUID,

or, Gastric Juice. Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the

great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa. This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Persin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juce—the Solvent of the Food, the Parifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Og, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Judee in its Chemical powers, and furnishing a computer and perfect substitute for it. By the and of this and perfect substitute for it. By the and of this in the state of the sta on, the pains and evils of INDIGESTION and DYSEPSIA are removed, just as they would be by a healthy stomach. It is doing wonders for Byspeptics, curing cases of DEBILITY, EMACIATION, NERVOUS DECLINE, and DESPETIC CONSUMPTION, sup-posed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree

CURIOUS and REMARKABLE.

Scientific Evidence! BARON LIEBIG in his celebrated work on Animal BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, ana-logous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach.' Co-Cetl on the Agent, and get a Descriptive Circular,

gratis, giving a large amount of Scientific Evidence similar to the above, together with reports of REMARK-BLE CURES, from all parts of the United States. As a Dyspepsia Curer, Dr. HOUGHTON'S PEPSIN has produced the most arvellous effects, in curing cases of Debility, Emaciation, Nervous Dectine, and Dyspeptic Consumption. It is impossible to give the details of the cases in the limits of this advertisement; but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York and Boston, alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

but permanent. It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, and the evil effects of Quinine, Mercury, and other Brugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Br. HOUGHTON'S PEPSIN is sold by nearly all

the dealers in fine Drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form-and in prescription vials for the use of PRIVATE CIRCULARS for the use of physicians, may be obtained of Dr. Houghton or his Agents, de scribing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is NOTA SECRET REMEDY, no ob-

jection can be raised against its use by physicians in re-spectable standing and regular practice. Price, ONE DOLLAR per bottle.

55-OBSERVE THIS!—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGH-TON, M. D., sole proprietor, Philadelphia, Pa. Copy-sight and Trade Mark secured. & Sold by all Druggists and dealers in Medicines.
