The storm yesterday, we regret to learn, blew down an unfinished frame building in course of erection on the Steeley property, two miles east of Belleville. Mr. Wm. B. Hoffman, of this place, the contractor, and some of his hands, were in the building at the time, but fortunately found refuge in the cellar as it was falling. The storm is reported to have been one of great force, and has doubtless done considerable damage in the upper end of the valley.
