## ALSO,

My Vegetable Anti-Dyspepsia Bitters. This Medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been com-pletely cured by it within the last year, which have been entirely despaired of by the regular family physi-clans. We do not recommend it to cure everything-we ecommend it to cure Dyspepsia, and the diseases originating from it, and that it will cure in almost every case,

and it is recommended for nothing else. In many in-stances, even the worst of cases have been completely cured in two and three months, but it depends somewhat npon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned. ALSO.

### My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer even known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once taking it.

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of aR other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in something added to destroy this nauecous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from any-thing other acts used it will destron all hinds of Warne FOR sale by HARTLEY & KNIGHT. 148 South Second streat, five doors above Spruce, Phil. with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destrucion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

If your children have any symptoms of worms, try these powders, and in nine cases out of ten, you will nev r use any other. These are also warranted. These medicines are all separate, and one for each dis-

ease, and each for only one disease. They are not re-commended, as many other medicines are, to cure some tifteen or twenty diseases, and all of different natures, {CARPETING. but they are each to cure but one disease, and that they will do in ninety wine cases out of every hundred, and where they have a fair trial and fail in all cases, the Ingrain Carpetings from 25 ets. to\$1. The Rev. Jno. D. Cochrane, a distinguished Clergyman of the English Church, writes to the proprietor from Montreal, that "he has been cured of a severe asthmatic affection, by Cherry Pectoral." His letter at full length,

may be found in our circular, to be had of the agent, and is worth the attention of asthmatic patients. This letter is from the well known Druggist at Hills-

dale, Michigan, one of the largest dealers in the State; and this case is from his own observation.

HILLSDALE, MICH., Dec. 10, 1849. DEAR STR :- Immediately on the receipt of your CHER-RY PECTORAL, I carried a bottle to an acquaintance of mine who was thought to be near his end with quick consumption. He was unable to rise from his bed, and was extremely facelle. His friends believed he must soon die, unless relief could be obtained for him, and I soon die, unless relef could be obtained for mor, and 1 induced them to give your excellent medicine a trial. I immediately left town for three weeks, and you may judge of my surprise on my return, to meet him in the street on my way home from the cars, and find he had entirely recovered. Four weeks from the day he com-menced taking your medicine, he was at work at his arduous trade of a blacksmith.

There are other cases within my knowldedge, where the CHERRY PECTORAL has been singularly successful, but none so marked as this. Very truly yours G. W. UNDERWOOD.

#### Hear the Patient.

Dr. J. C. Ayers, Lowell,-DEAR SIR :- Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced according to directions. I have just pur-chased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine. E. S. STONE, A. M., Principal Mt. Hope Seminary.
