THESE PILLS are composed entirely of Vegetable I Substances, and in ninty-nine cases outof every hun-dred, will perform a perfect and Complete cure in three days. No instance has ever been known, where more than six days have been required to perform a complet cure, even in the very worst cases, and on the strongest constitutions. We would carnesly say to all who are afflicted with this distressing disease, to get one box and try them, and in all cases, two boxes are warranted to eure, if taken according to the directions, or the money These pills not only perform a perfect cure in three

days, but remove the bile and create a healthy action of the liver, and consequently fortify the system against a futureattack.

ALSO, My Vegetable Anti-Dyspepsia Bitters.

This Medicine is a certain cure for Dyspepsia in its very worst forms. Thousands of cases have been combeen entirely despaired of by the regular family physicians. We do not recommend it to cure everything-we recommend it to cure Dyspepsia, and the diseases origi-nating from it, and that it will cure in almost every case, and it is recommended for nothing else. In many instances, even the worst of cases have been completely cured in two and three months, but it depends somewhat apon the constitution of the patient. We would say to all who are afflicted with Dyspepsia, give this medicine a fair trial, and if it fails to do good, your money will be returned.

ALSO, My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once CALL.

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever A WARANTED CURE for this prevalent and distressing disease, agreeable to take, and guaran-takes, and these two things which will destroy worms, and these two things which will destroy worms, and these two things which will destroy worms, and these two things combined, together with are not so good at bragging as some of our neighbors) that in point of style there is no-thing in this place quite equal to them-at least the ladies say so. We have all kinds of Ladies wear, such as **BONNETS, RIBBONS, SPENCERS, SLEEVES, COLLAPS, SLEVES, COLLAPS, SLEVES,** some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from any thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destru tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

If your children have any symptoms of worms, try hese powders, and in nine cases out of ten, you will nevr use any other. These are also warranted.

These medicines are all separate, and one for each dis-ase, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures but they are each to cure but one disease, and it at they will do in ninety -nine cases out of every hundred, and where they have a fair trial and fail in all cases, the oney will be returned.

CONSUMPTION.

THIS invaluable remedy for all diseases of the THROAT and LUNGS, has attained a celebrity from its remarkable cures, never equalled by any other medicine before. Other preparations have shown themseles palliatives, etimes effected notable cures, but no so fully won the confidence of every community where it is known. After years of trial in every climate, the results have indisputably shown it to possess a mastery over this daugerous class of diseases, which could not fail to attract the attention of physicians, patients, and

the public at large. See the statements, not of obscure individuals and from far distant places, but of men who are known and re-

The widely celebrated Surgeon, Dr. Valentine Mott, of

New York city, says: "It gives m_2 pleasure to certify the value and efficacy of Ayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the throat and lungs.

Dr. Perkins, the venerable President of the Vermont Medical College, one of the eminently learned physicians of this country, writes, the Cherry Pectoral is extensive-ly used in this section, where it has shown unmistakable evidence of its happy effects upon pulmonary diseases.

The Rev. Jno. D. Cochrane, a distinguished Clergyman of the English Church, writes to the proprietor from Montreal, that "he has been cured of a severe asthmatic affection, by Cherry Pectoral." His letter at full length may be found in our circular, to be had of the agent, an is worth the attention of asthmatic patients.

This letter is from the well known Druggist at Hills dale, Michigan, one of the largest dealers in the State; and this case is from his own observation.

HILLSDALE, MICH., Dec. 10, 1849. DEAR SIR :- Immediately on the receipt of your CHER-RY PECTORAL, I carried a bottle to an acquaintance of nine who was thought to be near his end with quick consumption. He was unable to rise from his bed, and was extremely feeble. His friends believed he mus soon die, unless relief could be obtained for him, and I induced them to give your excellent medicine a trial. I immediately left town for three weeks, and you may judge of my surprise on my return, to meet him in the street on my way home from the cars, and find he had entirely recovered. Four weeks from the day he commenced taking your medicine, he was at work at his arduous trade of a blacksmith.

There are other cases within my knowldedge, where the CHERRY PECTORAL has been singularly successful, but none so marked as this. Very truly yours G. W. UNDERWOOD.

Hear the Patient.

Dr. J. C. Avers, Lowell,-DEAR SIR :- Feeling under and other Drugs upon the Digestive Organs, after a long sickness.
