ALSO,

My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that

almost every child will be fond of it, and many instances

have been known of children crying for more after once

This medicine is in the form of a powder, the only

reflective viewed in that form, and it operates on a principle entirely different from any other medicine ever

administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physi-

cians, to be the only two things which will destroy

worms, and these two things combined, together with castor oil, are the active principles of all other worm

medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous

smeliced, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are

simple and so harmless, that a child may eat a whole box

at once, and it will not be hart, while at the same time, the principle upon which it acts being different from any-

thing else ever used, it will destroy all kinds of Worms

with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or

Teres, but is the most effectual medicine for the destruct

tion of the Tape Worm ever known. Ten doses have

rought as many as FIVE Tape Worms from one person. If your children have any symptoms of worms, try

these powders, and in nine cases out of ten, you will nev-

er use any other. These are also warranted. These medicines are all separate, and one for each dis-

ease, and each for only one disease. They are not re-

commended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety-nine cases out of every hundred, and

where they have a fair trial and fail in all cases, the money will be returned.
