We frequently see heaps of lime lying upon the premises for months-Sometimes for a year-before it is applied to the soil. This is very bad economy. It is most valuable when applied directly after fal-ling to powder. When long exposed to dew and rain, it loses considerable of its fertilizing power. It should be recollected that one of the cardinal virtues of lime consists in aiding the decomposition of vegetable matter in the soil, and in neutralizing the acids which abound therein. Quick lime is much more effective for this purpose, because long exposed to rains and dews, it loses much of its power and strength. Every one who has worked

among lime has observed this. Lime plowed in with any green crop must have a happy effect in aiding the decomposition of vegetable manures, and also in neutralizing the acidity common to manures of the kind. When thus plowed down, however, care should be taken to plow it up again soon after, as the natural tendency of the mineral is to sink deep, and if not returned to the top soil, would soon go beyond the reach of the roots of many crops. Hence we find that many farmers are opposed to plowing in lime .-Plowing in lime with the sod or any green crop, cannot fail to be as useful as any other method, if care is taken to have it upturned again by early after cultivation.

Weevil in Grain.

We are informed from various quarters, of the serious depredations of the weevil in the wheat granaries of our farmers-in | \$6.00 per ton freight. some instances the grain being almost entirely destroyed, or injured to such an extent as to be unfit to manufacture into flour. Several persons have inquired for us for a remedy; and we see the same inquiry made in several other agricultural journals, without eliciting a reply.

We have but a small amount of knowledge on which to prescribe a preventative for this evil. We know of no better than to thoroughly white-wash the granary, in every part, inside and out, as well as the under timbers if possible, before the grain is put in. This we think, if well done, will stop their entrance.

Where grain is already infested, airslacked lime, perfectly dry, sieved over and mixed through the grain, we believe will drive away the insect and will not injure the grain, as the lime can be blown away by running through the fan .-Germantown Telegraph.

Syrups for Preserves.

Take eight pounds of bright, clear New Orleans or sugar house molasses, eight pounds pure water, and one pound coarse broken charcoal. Boil together for twenty minutes, and then strain through a flannel cloth folded double. Return the liquor to the kettle, with the white of one fresh egg, and boil moderately until the syrup forms a candy of the desired consistency, and strain again. This syrup is a superior article for preserving pears, plums, &c., for tarts, and is preferred by most to that made of the best sugar, being less liable to candy and ferment.

Tomato Pies.

Cover the bottom with alternate layers of sliced tomatoes, ripe and sound, and bread crumbled fine, with butter, and spice to taste; then take a bake-pan with loaf bread sliced fine, and sprinkle fine sugar Cover with sliced bread and bake as you do other pies.

To Preserve Tomatoes.

Pack them in jars-laying alternately a layer of tomatoes and a layer of sand, until the vessel is full. Cover them closely to prevent the introduction of air, and place them where they will remain cool.

Thus packed, it is said they will last a by may21 F. G. FRANCISCUS. whole year.

To Boil Green Corn.

Husk it as soon as gathered, and put it on to boil immediately, covering it closely with the fine inner husks. Corn soon grows vapid after gathering, and should never be exposed to the air without the husks on.

ANOTHER SCIENTIFIC DISCOVERY! GREAT CURE FOR DYSPEPSIA

THE TRUE DIGESTIVE FLUID, or, Gastric Juice.

Prepared from RENNET, or the fourth STOMACH OF future attack. THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa. This is a truly wonderful remedy for INDIGESTION,

DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY, Curing after Nature's own method, by Nature's own Agent, the Gas-

5- Half a teaspoonful of Persin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about ours, out of the stomach. PEPSIN is the chief element, or Great Digesting

Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digesve Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it. By the aid of this pre-paration, the pains and evils of INDIGESTION and DYSPEPSIA are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspentics. g cases of DEBILITY, EMACIATION, NERVOUS DECLINE, and DYSPEPTIC CONSUMPTION, Sup-posed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree

CURIOUS and REMARKABLE. Scientific Evidence!

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

C-Call on the Agent, and get a Descriptive Circular, gratts, giving a large amount of Scientific Evidence similar to the above, together with reports of REMARK. BLE CURES, from all parts of the United States.

As a Dyspepsia Curer,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Ema-ciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of the cases in the limits of this advertisement; but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York and Boston, alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful,

It is a great NER VOUS ANTIDOTE, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, and the evil effects of Quinine, Mercury, and other Drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with

Intemperance.
Dr. HOUGHTON'S PEPSIN, is sold by nearly all the dealers in fine Drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in prescription vials for the use of physicians. PRIVATE CIRCULARS for the use of physicians,

may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is NOT A SECRET REMEDY, no objection can be raised against its use by physicians in respectable standing and regular practice. Tuscarora Academy.

THIS flourishing institution is located in Tuscarora Valley, Juniata county, Pa., eight miles S. W. of Mifflintown, and six miles from the Perryville station, of the Pennsylvania Railroad. It has been in successful operation for more than fourteen years, and is believed to be equal to any Academy in the State, in affording facilities to young men for acquiring a thorough Aca-demical education, either for business or for college. There were present, during the last session, (previous to the fire,) more than one hundred students. Since then, the buildings have been entirely remodeled and greatly enlarged, so as to afford private rooms to all the students; an advantage not ordinarily found even in the best Institutions in the country. Being in the country, the students are removed from those temptations to idleness, dissipation, and vice, which are the bane of similar institutions in towns.

ALSO,

My Vegetable Worm Powders. This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever administered by any other physician. It is the only medicine which has no Worm-seed Oil or Turper combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nauseous medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same tim the principle upon which it acts being different from any-thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicine for the destruc-tion of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

If your children have any symptoms of worms, try
these powders, and in nine cases out of ten, you will nev-

er use any other. These are also warranted. These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety -nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.

ck Trimmings of every description constantly for sale MAUTION! CAUTION! -- All persons are hereby cautioned against a swindler, who represents himself as my agent; he is going about soliciting persons to buy Lightning Rods, which he represents as my Electric Point Rods. In some instances he has produced a certificate, purporting to be from me, authorizing him to act as my agent. He has not confined himself to this city, but has been operating on the unsuspecting farmers in the adjacent country. In one instance, a building (on which one of these rods had been placed, with assurance that it was one of my make,) was struck by lightning, and burnt to the ground. The point was brought to

my factory, and on examination proved to be a a piece of cast iron, polished. Complaints of this kind are coming in daily. These pills not only perform a perfect cure in three days, but remove the bile and create a healthy action of the liver, and consequently fortify the system against a part of the liver. The consequently fortify the system against a part of the pa be addressed to my Factory, Vine street, above 12th, Philadelphia, where they will receive

prompt attention. This is the only place where the genuine Electric Magnet Lightning Rod can be procured, in this city, wholesale or retail, and the electric

influence wholly belongs to myself.

Beware of imposters and pedlers.
