The U. S. mail steamship Pacific, arrived at New-York on Sunday, brings Liverpool dates to the 28th ultimo. We find the following items of interest in the papers brought by her:

ENGLAND .- The elections are now over, with the exception of five vacancies still to be filled, namely, Orkney and Wick in Scot-land, and Tyrone and Donegal in Ireland. It is, even with the returns before us, a difficult matter to foretell what majority-for majority they will have-the Derby ministry are able to command in the House. The classified lists, published by the leading papers, differ so widely that they be regarded only a mere approximation to truth; and the terms Ministerial and Opposition in the present contest embrace so many shades of litical opinion that we cannot indicate with an approach to certainty the numerical force, on any division that would involve the fate of the Government. The Globe sets down the number at-Liberals 229, Derby-D'Israelites 289, doubtful 36. The Morning Chronicle, Ministerials 290, Whigs and more advanced Liberals 310, Liberal-Conservatives, or Peelites, between 50 and 60,

MINISTERIAL CHANGES .- It is again rumored that changes are about to be made in the Foreign office. Lord Malmesbury will, it is said, succeed Lord Camley at Paris, the latter going to Constantinople, and the portfolio of Foreign Affairs will then be confided to Lord Canning, better known as Sir Stratford Can-

MISCELLANEOUS .- On the 24th the submarine cable between Donaghadee, Ireland, and Portpatrick, Scotland, was laid down success fully, but was not put in connection with wires on land.

ELECTION RIOTS IN IRELAND .- In Ireland deplorable seenes have taken place at the electin county Clare, South of Ireland. The military were called out and several lives sacri-On Thursday, polling for Sir J. F. Fitzgerald, Cornelius O'Brien, and Col. Vanderleur, at Six Mile bridge, about seven miles from Limerick, when a riot arose between the voters on the respective sides. No clear statement of the affray can be had, but the most probable version of the story is, that the country people threw stones at a party of Lord Conyngham's tenants who were proceeding to the polls under an escort of military, and that some of their missiles striking the soldiers, they fired a volley among the crowd, and killed five men on the spot, besides wounding five or six others-three mor-

Twelve shots were fired by the soldiers and all took effect. It is asserted that no orders were given to fire. A jury had been empannelled; but, at latest accounts had not returned a verdict.

Most of the Irish provincial papers that have come to hand teem with accounts of election outrages. At Ballinna, the police had to charge the crowd with the bayonet, At Roscommon and elsewhere, the same disturbances took place. The outrages are much regretted by the moderate men of all parties.

France.—Louis Napoleon returned to Paris on Friday evening, the 23d ult., from Strasbourg. He drove in an open carriage, between two lines of troops, about the Boulevards, the Rue Royale, and the Champs Elysee, to the Barriere de l'Etoile. His reception is described as having been extremely cordial on the part of the Parisians. Extensive preparations are already making for his journey to the South. The Municipal Council of Montauban have voted 20,000 francs; Rosanna, 10,000; Bordeaux, 50,000; and Panda a like sum to give him a welcome.

For some time past, the President has been

arranging his household on quite an imperial footing. Gen. Roquet is to be Grand Marshfooting. Gen. Roquet is to be Grand Marsh-ul of the Palace; Col. De Beville, Palace Prefect ; Count Bacchiochi, Grand Master of the Ceremonies; Col. Fleuryi Grand Equer-

The Patric has taken to styling the President "His Highness Monseigneur the Prince President,' but all the opposition journals omit this handle to sets in an imperial direction. An additional subject of gossip is found in the approaching fete on the 15th of August, the birthday of the Emperor, on which occasion as many reminiscences of the Empire as can will be revived. One of the most impressive parts of the ceremonial was to have been the inauguration of Napoleon's tomb in the invalids,

but the works cannot be completed in season. M. Armand Bertin, editor and proprietor of the "Debats," was sent for, the other day, by the Minister of Police, and reprimanded for having announced the changes about to take place in the Ministry. The Minister did not deny the accuracy of the statement, but declared that Government would not permit to announce any changes in the Cabinet till the official decree had appeared. The approaching marriage of the President

is regarded in Paris as a fact beyond doubt. The lady, however, is now said not to be the Princess de Vasa, but another Baden princess, grand daughter of Eugene Beauharnais and of Don Pedro, Another body of Emigrants sent to Cali-

ed, announcing for sale the forests belonging to the Duc d'Aumale, in the departments of the Ardennes, Meuse, and Aisne. Accounts from the departments describe

the ravages occasioned by the late storms. In the Aisne particularly, a hurricane had caused great destruction of property. ITALY .- The Turin Gazette contradicts, as

absurd, the rumor that the island of Sardinia is to be sold to England.

The Milan Gazette quotes a letter from Rome, which states that public attention regards as suspicious the numerous fortifications which the French are constructing

around the castle of St. Angelo, as also the circumstances that Gen. Levailliart, under the pretext of instructing the pontifical artillerymen, has withdrawn them from Civita Vecchia and the other defences on the coast, all of which he has occupied with French artillery. On the other hand, it is asserted that a communication has been made to the Austrian Government that the French garrison will quit Rome within a year.

BARN BURNT .- The barn of Abraham Landis, in Ephrata township, was entirely consumed by fire, on Saturday morning last, with the whole crop of grain, &c. It is supposed to have been set on fire. The building was insured in the Lancaster County Mutual Insurance Company.—Lancaster Républican.

Some four hundred Latter Day Saints were assembled on the 12th of July, in Sunderland Hall, Newport, England, for a festival. Suddenly the ceiling of the one half of the hall fell upon them with a terrible crash, causing a frightful panic, Wonderful to relate no one was injured, and the Saints at once attributed their escape to a miracle.

A SHARK CAUGHT IN THE DELAWARE .- On Tuesday morning last, as two fishermen were engaged in their vocation of stargeon-fishing, near Ten Mile Point, between Tacony and Bristol, they found, on drawing their net, that they had captured a shark of the shovelnose species, full eight feet long, and weighing about 300 lbs. The monster was towed to Bristol, where it was sold by the fishermen for the small sum of one dellar, Such visitors are extremely rare in the Delaware.

THE HORSE TRADE OF THE WEST .- Horses are carried by Railroad from Cincinnati to New York or Boston in five days, and for the sum of \$13 each. The omnibus proprietors of New York are supplied from Cincinnati. The demand for good horses, says the Cincinnati Gazette, continues considerably ahead of the supply. The Mexican war emptied the pasture fields and stables of Ohio, Indi-ana, Kentucky and Illinois, and caused a rise in stock of fifty per cent.

The Cholera at Chambersburg.—The Chambersburg papers of last week state that up to that time there had been twelve or fourteen deaths in that place, of cholera, or some other disease equally fatal, for the physicians have not agreed to call it the real cholera, although it hurries off its victims as speedily. Among those who have died, are George Heck, Mrs. Ely, Geo. Hildebrandt, Mrs. Nesbit, Mrs. Amelia Smith, and Jas. Harden.

The New York Crystal Palace Fair is postponed till the spring of 1853. This project drags very heavily. In all probability the palace will be like the one in the tale of Aladdin—a palace in the air without any foundation. This practice of voting themselves books, to be paid for out of the selves books, to be paid for out of the public treasury, is a most scandalous affair: If the to be rigorously enforced. CONSUMPTION. THIS invaluable remedy for all diseases of the THROAT and LUNGS, has attained a celebrity from its remarkaures, never equalled by any other medicine before, r preparations have shown themseles palliatives, cometimes effected notable cures, but none has ever so fully won the confidence of every community where it is known. After years of trial in every climate, the results have indisputably shown it to possess over this dangerous class of diseases, which fail to attract the attention of physicians, patients, and

the public at large. See the statements, not of obscure individuals and from far distant places, but of men who are known and renecied throughout the country,
The whiely celebrated Surgeon, Br. Valentine Mott, of

New York city, says:
"It gives me pleasure to certify the value and efficacy
of Ayer's Cherry Fectoral, which I consider peculiarly
adapted to cure diseases of the throat and lungs.

Dr. Perkins, the venerable President of the Vermont Medical College, one of the eminently learned physicians of this country, writes, the Cherry Pectoral is extensively used in this section, where it has shown unmistakable evidence of its happy effects upon pulmonary diseases.

The Rey. Jno. D. Cochrane, a distinguished Clergyman of the English Church, writes to the proprietor fro Montreal, that "he has been cured of a severe asthmatic affection, by Cherry Pectoral." His letter at full length, may be found in our circular, to be had of the agent, and is worth the attention of asthmatic patients.

This letter is from the well known Druggist at Hills dale, Michigan, one of the largest dealers in the State; and this case is from his own observation.

DEAR SIR :- Immediately on the receipt of your CHER-RY PECTORAL, I carried a bottle to an acquaintance of mine who was thought to be near his end with quick consumption. He was unable to rise from his bed, and was extremely feeble. His friends believed he mus soon die, unless relief could be obtained for him, and I induced them to give your excellent medicine a trial. I immediately left town for three weeks, and you may judge of my surprise on my return, to meet him in the street on my way home from the cars, and find he had entirely recovered. Four weeks from the day he commenced taking your medicine, he was at work at his

arduous trade of a blacksmith.

There are other cases within my knowldedge, where the CHERRY PECTORAL has been singularly successful, but none so marked as this. Very truly yours

G. W. UNDERWOOD.

Hear the Patient. Dr. J. C. Ayers, Lowell, -- DEAR SIR :- Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief obliged to give up business, frequently raised blo could get no sleep at night. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now

consec the fifth bottle, and am hearly recovered. I how sleep well, my cough has ceased, and all by the use of your valuable medicine.

Lewistown, May 28, 1852-tf. Valuable Dwelling & Store Stand

Private Sale.

The subscriber offers for sale two lots of ground situate on the corner of the Diamond, in Reedsville, Millin county, with a large DWELLING and STORE STAND, Stabling for 8 horses, Kitchen, Wood House, Smoke House, and other out buildings thereon erected. There is also a well of water on the premises, Apple, Peach and Plum Trees in full bearing—in fact everything calculated to render it a clearant home.

it a pleasant home. The store stand is undoubtedly one of the Fancy Articles, superior Gold Pens, with Gold and Silver Hoiders, together with an excellent avenue (the Centre and Kishacoquillas Turnpike.) on which hundreds of thousands of bush els of grain are annually taken to market; the new turnpike from Milheim, in Centre county, intersects the Centre and Kisnacoquillas road between the store and tavern, and this, now

nearly finished, will largely increase the business—so that few places offer more inducements to an enterprising business man than this. The location in other respects is highly favorable—being six miles from Lewistown, but a short distance from Brown's well known Mills, convenient to Schools and Churches, and an unsurpassed valley beyond, whose thrifty popula-tion daily pass the door. It was last occupied by Wm. J. Glass, deceased.

A further description is not deemed necessary, as persons desirous of purchasing will of course call and examine for themselves. For further information apply to Wm. Brothers, Esq., or Wm. McKinney, Esq., Reedsville, or to the subscriber in Armagh township.

CHARLES COLFELT. June 4, 1852-tf.
