Suggestions to the Farmer.

will be without a manure shed. A structure of this kind, which will cost but a slight sum and endure for ages, if thoroughly built, will save a large sum every year. Although its beneficial results may not be so perceptibly apparent at first, they will become obvious in the long run Men who have no experience in the matter may smile at and ridicule the idea of manuring the air; but a very slight degree of examination and reflection will convince them that every year the air takes up no inconsiderable part of the best and most valuable portions of their manure. Good sheds, prevent, in a great measure, this unnecessary waste.

MATERIALS FOR MANURE .- Remember. that in order to be fed by your crops, the laws of nature require that you first feed them. A plant can no more thrive without food, than an animal. To stint it, then, is to limit its growth and value. Whenever you have an opportunity, gather materials for your compost heaps. You should take as much pride in making them | Cash. grow, as you do in the fattening of your animals. If the former be neglected, your fields will be barren and your animals necessarily poor. There is an intimate relationship subsisting between the three, and consequently to neglect one, is to prices. abridge the general profit.

CLOSE BARNS -Barns, and other buildings in which animals are kept during winter, cannot be made too comfortable. An animal exposed to cold draughts of air will eat vastly more than one of the same kind, age and size, comfortably lodged. The stomach is the heating furnace of the animal system, and the food is the fuel which supplies the heat. In proportion to the inclemency of the season and position of the animal will be the quantity of fuel or food consumed.

PAINT .- Farming tools, wagons and carriages and roofs should be painted white, or a very light color, to prevent heating in the sun, warping and cracking. A tin covered roof is always accompanied with a cool garret.

How to LAY OFF A SQUARE ACRE .-Measure 209 feet on each side, and you will have the quantity within an inch.

Receipts.

SALIVA IN HORSES .- Mix a tablespoonful of flour of sulphur in the salt given them, once or twice a week.

Sore Eyes IN SHEEP .- The editor o the New England Farmer recommends for sore eyes in sheep, an application of tar to their noses-wash their eyes with warm soap-suds, and give them a little sulphur in their salt.

Scums in Calves .- Remove the animal immediately to a warm stable, and reduce the allowance of milk one-half. Make a tea of oak, dog-wood, slippery elm and beech barks, and administer twice a day. The barks should be in equal quantities, and about half a pint of the tea given to a dose. If not enough, repeat as often as may be necessary.

To PURGE A HORSE .- Reduce a piece of chalk of the size of a walnut to powder, and put it in a quart bottle. Pour in sharp good vinegar till it effervesces. But httle vinegar will be got in at first, but the very low, in great varieties, and will be sold ondrenching can be repeated. A pint is ly for cash, from 15 to 20 per cent cheaper than generally sufficient, whether given at once | can be bought elsewhere. or at two different times is of little conse- Hardware, quence. It generally operates in five minutes, and affords almost instantaneous and complete relief.

Hoor Ail .- Take one gallon of tar and one pound of brimstone. Heat and stir till the tar boils and the brimstone melts. by Confine the animal so that you can have entire and perfect control of his feet, and clean and wash out the parts affected; then At the Cheap Drug & Variety with a proper instrument-a spoon or a ladle-pour in the mixture boiling hot. One application will generally be found sufficient to effect a thorough cure; if it does not, it may be repeated.

GREAT CURE FOR DYSPEPSIA! Dr. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, or, Gastric Inice.

Prepared from RENNET, or the fourth STOMACH OF future attack. THE GX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa. This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT CONSTIPATION, and DEBILITY, Curing after Na.

ture's own method, by Nature's own Agent, the Gas-

the Parifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL is formed by the Ox, thus formed by the Ox, DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it. By the aid of this preparation, the pains and evils of INDIGESTION and DYSPEPSIA are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of OEBILITY, EMACIATION, NERVOUS DECLINE, and DYSPEPTIC CONSUMPTION, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree CURIOUS and REMARKABLE.

Scientific Evidence!

GARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same man-ner as they would be in the human stemach."

5. Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence similar to the above, together with reports of REMARK-BLE CURES, from all parts of the United States.

As a Dyspepsia Curer,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Ema-ciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of the cases in the limits of this advertisement; but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York and Boston, alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, and the evil effects of Quinine, Mercury, and other Drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost feconciles Health with

Intemperance.
Dr. HOUGHTON'S PEPSIN, is sold by nearly all the dealers is fine Drugs and Popular Medicines, throughout the United States. It is prepared in Powder and it Fluid form-and in prescription vials for the use of

PRIVATE CIRCULARS for the use of physicians, may be obtained of Dr. Roughton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this are based. > ALSO. My Vegetable Worm Powders.

This is the most wonderful Worm Destroyer ever known, and at the same time, so pleasant to take, that almost every child will be fond of it, and many instances have been known of children crying for more after once

This medicine is in the form of a powder, the only medicine ever used in that form, and it operates on a principle entirely different from any other medicine ever dministered by any other physician. It is the only medicine which has no Worm-seed Oil or Turpentine combined with it, which is believed by all other physicians, to be the only two things which will destroy worms, and these two things combined, together with castor oil, are the active principles of all other worm medicines, which every person who has ever tasted or smelled, knows to be the most nauseous of all nause medicines, and on account of which, there is generally something added to destroy this nauseous taste, and in order to do this, it must be something stronger than the medicine itself, and therefore, it must necessarily destroy some of its medicinal properties. These powders are simple and so harmless, that a child may eat a whole box at once, and it will not be hurt, while at the same time, the principle upon which it acts being different from any-thing else ever used, it will destroy all kinds of Worms with a certainty never equaled. It will not only destroy the seat worms, or Ascarides, and long, round worms, or Teres, but is the most effectual medicina for the destruction of the Tape Worm ever known. Ten doses have brought as many as FIVE Tape Worms from one person.

If your children have any symptoms of worms, try

these powders, and in nine cases out of ten, you will never use any other. These are also warranted.

These medicines are all separate, and one for each disease, and each for only one disease. They are not recommended, as many other medicines are, to cure some fifteen or twenty diseases, and all of different natures, but they are each to cure but one disease, and that they will do in ninety nine cases out of every hundred, and where they have a fair trial and fail in all cases, the money will be returned.

CAUTION! CAUTION! - All persons are hereby cautioned against a swindler, who represents himself as my agent; he is going about soliciting persons to buy Lightning Rods, which he represents as my Electric Point Rods. In some instances he has produced a certificate purporting to be from me, authorizing him to act as my agent. He has not confined himself to this city, but has been operating on the unsuspecting farmers in the adjacent country. In one instance, a building (on which one of these rods had been placed, with assurance that it was one of my make,) was struck by lightning, and burnt to the ground. The point was brought to my factory, and on examination proved to be a a piece of cast iron, polished. Complaints of

this kind are coming in daily.

I now give notice, that I have no agent withdays, but remove the bile and create a healthy action of the liver, and consequently fortify the system against a be addressed to my Factory, Vine street, above 12th, Philadelphia, where they will receive

prompt attention: This is the only place where the genuine Electric Magnet Lightning Rod can be procured, in this city, wholesale or retail, and the electric influence wholly belongs to myself.
