From California

The steamship Northern Light arrived at New-York on Tuesday morning, at 10 o'clock, from San Juan, (which port she left on the 28th ult.,) with 360 passengers and \$312,000 in gold dust. The time made by the passengers from San Francisco is 23 days and 6

THE DUEL.-We were informed by our telegraphic despatch from New Orleans, that Hon. Edward Gilbert, late Member of Congress, from California, and senior editor of the Alta California, had been killed in a duel. The particulars are thus stated in the Sacramenta Union:

This morning a hostile meeting took place at Oak Grove, between Hon. Edward Gilbert, senior editor of the Alta California, and Gen. J. W. Denver, State Senator from Trinity county. The immediate cause of this lamentable affair was a card published by Gen. Denver, reflecting upon the personal character of Mr. Gilbert. Of the merits of the controversy, this is not the time nor place to Mr. Gilbert challenged the adverse party. The weapons selected were Wesson's rifles, and distance forty paces.

After the first interchange of shots, neither of which took effect, the weapons were re-loaded and the word given, when Mr. Gilbert fell almost instantly, having received the shot of Gen. Denver in the left side, just above the hip. The ball pierced the abdomen and passed entirely through his body, coming out n the right side, almost directly opposite the point where it entered. Mr. G. survived but our or five minutes after the occurrence, and without a word or scarcely a groan, his spirit assed from earth. His body was immedistely conveyed to the Oak Grove-House, where the sad duty of preparing it for its last resting place was performed.

Mr. Gilbert was formerly a resident of Al-bany, New-York, emigrated to this State in 1846, was a member of the Constitutional Convention, and afterwards elected to the lower house of Congress. He has been for the last four years the senior editor of the Alta California, and was about 33 years of added where not prepaid. age at the time of his decease

A FATAL TRAGEDY.-The Swedish bark Sarmiento, with two hundred and forty passengers from Panama for San Francisco, had put into the Sandwich Islands short of provisions. The Polynesian gives the following account of some of the incidents and sufferings

The passengers suffered the greatest hardships-were put on allowance of bread and water five days from Tobago.

On the 21st of May a most fearful tragedy

was enacted on board. A young man by the name of Woolfork, about 19 years of age, from Kentucky, shot a German, named Johnson, through the heart. The origin of this bloody business was a dispute about a tin-cup, of which Woolfork had two and the delphia show that a beneficial society called German none. In the hasty altereation the andle was wrenched off, when Woolfork drew his revolver and shot Johnson dead. A scene of the greatest excitement ensued.

The murderer was seized—114 voted that he should be hung, 33 against it, and the remainder neutral. A judge was appointed; a jury of twelve empannelled: the prisoner found guilty of murder, and sentenced to be hung within one hour.

During the interval between the sentence and execution, the dead body of the murdered German was brought on deck, the preparation made, and after allowing the condemned man a quarter of an hour over his time, he was run up to the yard-arm, where life soon became extinct. He was then cut adrift, fell upon his face into the sea, and continued to float until left out of sight by the vessel. San Diego and Los Angelos advices to the

Craig on the great desert, assembled at San Diego on the 29th of July, but had not finished its investigation at the latest account. Two Mexicans had been tried at Los Angelos for the mur-

delphia. A Monster Shark .- The Savannah Republican says that a monster shark was caught in that harbor on Friday last. It measured fifteen feet from the end of its tail to the tip of the nose, and when opened it was found to contain ten king crabs, a sea-gull, and a man's boot, with any quantity of bones, re-sembling those of the human body. It took seven men to haul and lash it to the gunnel rows of teeth.

Another Calamity on the Hudson.

The New York papers contain accounts of a frightful accident on the steamboat Reindeer, on Saturday afternoon, by which already twenty-eight lives have been lost, and others will probably die of their injuries. The Tribune describes the disaster as follows:

The Reindeer left this city on Saturday, at 8 o'clock in the morning, for Albany, under command of Capt. C. W. Farnham, having on board a large number of passengers. Immediately after she left Bristol landing, one of her pipes exploded, killing ten or twelve instantly; others that were scalded badly have since died. A large number of passengers are scalded, and some of them will probably die of their injuries.

The pipe which connects the flues, called the connection of the return flues, burst. The steam forced its way through a partition between decks, and thence through a pantry into the lower cabin, where a large number of passengers were dining. It is said that nearly every person in that cabin was killed or seriinjured. The force of the steam also carried away the smoke pipe, which fell across the hurricane deck, breaking it down. Above the deck no one was injured except the engineers and cooks. The explosion occurred shortly after 1 o'clock P. M. on Saturday.

Many of the passengers were dining in the lower saloon when the catastrophe occurred. The boilers being below deck, the loss of life was most serious in that cabin. A majority of the killed are believed to be waiters at the table. The wounded were taken on shore and every attention rendered them by the citizens. The number of passengers on board is reported at 300. A number of them threw

themselves into the river.

The Reindeer was considered to be in an excellent condition-this being the second season that she has been on the line. The cost of her was about \$100,000. She was 322 feet long, 34 feet wide and 9 feet deep. Her burden 850 tons. Mr. Thomas Collyer built her for Captain De Groot. She was launched March 2, 1850.

Another Anti-Rent outrage occurred at Berlin, Renselear county, on Saturday night, which resulted in one of the rioters being killed. A party, disguised as Indians, went to the house of Mr. Shaw, and endeavored to entice him to come out. From the Baltimore American.

The 'Old Defender.' a spirited campaign paper recently started in this city, has the following article in its last Saturday's issue: Gen. Pierce's Gallantry.

Mr. EDITOR :- Having heard it reported in Baltimore that a personal indignity of the grossest character was inflicted upon Gen. Franklin Pierce, over a 'game of cards,' in the city of Mexico, after its capture by our troops, which insult was never resented, I write this to enquire whether you have any information upon the subject, and if so, to ask the favor of you to explain the nature of the indignity, and the authority from which

the report has originated. J. R. B.
Baltimore, September 3d, 1852.
We have no hesitation in answering the enquiry of our correspondent. For the last two weeks, the report to which he alludes, has been current in our city. We have taken some pains to inform ourselves of its truth. and have not the slightest doubt of the correctness of the answer, which we now give to

the above query:
On the night before Gen. Pierce left the city of Mexico, his face was slapped, by a brother officer, at a game of cards, played in a place of public resort—which insult was

not resented by him." The authority for this statement, is a Captain in the United States Army, of the highest personal character, who served with dis-tinction in the battles near the city of Mexicowho up to this time, has ever been a decided democrat—and whose brother and father now hold distinguished positions in the democrat-

ic party.

The Captain alluded to, is a resident of this city, but will not vote for Frankin Pierce. If any Democratic Journal will deny the truth of the above statement, proof can be found to remove the doubts of the most in-

credulous. If any friend of Gen. Pierce thinks this charge partakes of a personal nature, and is therefore not properly in the canvass, we will ask him which party commenced personalities in the campaign, by publishing anew a garbled statement of the private quarrel between Gens. Jackson and Scott?

.... AGILITY.—An astonishing feat was performed in Jersey City, on Friday, by a man well known in New-York by the congnomen of Micky Free. He jumped two hundred and ten hurdles, which were three feet and one inch high, in twenty-four and a-half minutes. There were ten hurdles placed in a circle of about one-ninth of a mile, and he repeated the circuit, leaping the hurdles two hundred and ten times in the space of time above named. He had made a wager to do it in an hour. He is walking a match at the Thatched Cottage, of one thousand half miles in one thousand consecutive half hours. for a wager, it is said, of two thousand dollars.—New-York Tribune.

MADAME SONTAG. - This new Prima Donna. who also bears the title of Countess Rossi, arrived at New York in the Arctic, on Sunday night. She is accompanied by her husband and suite, which is composed of Eckert, the composer, Pozzolini, Heller, Palmer, &c. New York papers are in ecstacies with her already, and she is doubtless destined to create a sensation equalled only by that of the matchless Jenny Lind. Sontag comes to America, however, with a very considerable reputation. An English paper, referring to her performances in private circles, says of her—"We have heard Schroder and Malibran, both grand and true in this composi tion, but neither searched the depth of its passionate tones, and with it the hearts of the audience, so completely as the matchless Ma-
