Agricultural, &c.

Perfumes as Preventives of Mouldiness.—Mouldiness is occasioned by the growth of minute vegetation. Ink, paste, leather and seeds most frequently suffer by it. A clove will preserve ink; any essential oil answers equally well. Leather may be kept free from mould by the same substances. Thus, Russian leather, which is perfumed with the tar of birch, never becomes mouldy; indeed, it prevents it occurring in other bodies. A few drops of any essential oil will keep books entirely free from it. For harness, oil of turpentine is recommended. Alum and rosin are used to preserve bookbinder's paste, but ineffectually; oil of turpentine succeeds better; but, by small quantities of oil of peppermint, anise, cassia, paste has been preserved for several years. Dr. Macculloch recommends the addition to the flour and water of some brown sugar and a little corrosive sublimate; the sugar keeping it flexible when dry, and the sublimate preventing it from fermenting, and from being attacked by insects. A few drops of any of the essential oils may be added to the paste when it is made. It dries when exposed to the air, and may be used by merely wetting it. Seeds may also be preserved by the essential oils; and this is of great consequence when they are sent to a distance. Of course, moisture must be excluded as much as possible, as the oil of ottos prevents only the bad effects of moulds.—*Family Friend.*

TETHERING COWS TO PREVENT INJURY.

Take a tough light pole, ten or twelve feet long, to a blacksmith, and let him bend over each end and rivet fast a hoop of iron, and insert into it a swivel ring.—Attach a chain with a strap to the cows horns, of sufficient length to reach the ground when the animal stands up; this lower end to be attached to the swivel on the pole. Fasten to the other end of the pole a chain of any suitable length, with its free end, armed with a wedge shaped piece of iron eighteen inches long, to be driven into the ground with a billet of wood, and your cow can thus be tethered without any danger of entanglement, while the pasture will feed one-third more.—fences dispensed with, and shrubbery not broken, by being run into when the animal is frantic with flies.—*Country Gentleman.*

A WRINKLE ABOUT THE AGE OF HORSES.

A few days ago we met a gentleman from Alabama, who gave us a piece of information in regard to ascertaining the age of a horse, after he or she has passed the ninth year, which was new to us, and will be we are sure to most of our readers. It is this: after the horse is nine years old, a wrinkle comes on the eyelid at the upper corner of the lower lid, and every year thereafter he has one well-defined wrinkle for each year over nine. If, for instance, a horse has three wrinkles, he is twelve; if four, he is thirteen.

Add the number of wrinkles to nine, and you will always get it. So says the gentleman: and he is confident it will never fail. As a good many people have horses over nine it is easily tried. If true, the horse dentist must give up his trade.—*Southern Planter.*

GLAD NEWS.

Full of Hope to the Afflicted and Suffering!

Many of the Thousand Portals of Death may be closed, and life made happier and more comfortable to thousands who are now in danger. Doubtless this world contains many a balm to sooth its physical woes and cure its Diseases. Among those in prominent rank stands

BOWMAN'S

VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsey, Difficulty of Breathing, Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Ulcer, Spitting of Blood, Influenza, Croup, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more advanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimonials. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubting may try and be convinced. The proprietors point to the following *bona fide* certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession:

Allegheny, July 19, 1856

Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt,) was engaged in business. In six months after her husband died, and I sent for her to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her.—Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbor's houses (Mr. Mayness') and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Diseases that we ever got hold of. Try it suffering one and see. Believe me, my dear sir, to ever remain

Your earnest friend,
THOS. H. BANKS.

Philadelphia, Aug. 13, 1856.

Last spring, while in Pittsburgh, I had a bad cold and cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best antidote for coughs and hoarseness that is out, and cheerfully recommend it to the public. T. H. STANTON,

Pastor of the 1st Prot. Meth. Church, Philadelphia.

From Judge Vanhorn, of the District Court at Cincinnati:

Cincinnati, May 5, 1856.

I have used Bowman's Vegetable Compound for bronchitis and cough, and believe it to be the best medicine out for those diseases, and the only one I ever got to give me any permanent relief. *It will cure.* I recommend it to the public as an honest and efficient medicine and will perform what it is published to do

WM. VANHORN, Esq.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat and believe it to be the best thing that I ever got for those complaints, and cheerfully recommend it to the public.

Rev. JACOB GASTON,
Pastor of the Clinton street M. E. Church,
June 10, 1856. Cincinnati.

Here is one from the old pioneer Methodist preacher of Ohio, Rev. J. B. Finley:

I believe Bowman's Vegetable Compound to be the best remedy for diseased throat and lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public—try it and you will be convinced of its superiority. Rev. J. B. FINLEY.

Cincinnati, July 12, 1856.

Hear what the celebrated Dr. Peck says:

I have used Bowman's Vegetable Compound for coughs and hoarseness in speaking; and believe it to be the best preparation for throat and lung complaints I ever got; and I recommend it to the public speaker and singer as well as those afflicted with lung diseases. J. T. PECK

New York, May 12, 1856.

Hear what Dr. Benson, of Cincinnati, says—(extract from a letter):

Bowman's Vegetable Compound contains a virtue that is not possessed by any other popular medicine in my knowledge. It does not only smooth the disease over, giving it only temporary relief (like most of patent medicines), but it commences at the root of the disease and *performs a perfect cure.* G. W. BENSON, M. D.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD, with Headache and Soreness of the Body. Take the Cherry Pectoral on going to bed and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral that on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy. From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP. Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors without the Cherry Pectoral, were suffering from the disease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled Consumption of the Lungs, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords relief, and not unfrequently cures patients that were considered past hope. There are many thousands scattered all over the country, who feel and publicly proclaim that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectation of its friends. Nothing but its intrinsic virtues and the unmistakeable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed. As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

HAIR VICTORY

GOING AHEAD!

THIS Wash is his own composition. It possesses wonderful properties for removing dandruff and all scrofulous excrescences from the head, causing the hair to thrive and grow luxuriantly wherever any roots remain, and consequently all persons, young and old, whose hair is falling off and becoming thin, can have the evil remedied by

GRIFFITH'S VICTORY

in a very short time. Persons who are bald, should give this Wash a fair trial, for, unless the hair roots are entirely dead, a handsome crop of hair can be produced.—This Wash is unquestionably a valuable article, which cannot be surpassed by any hair mixture ever invented.

Read the following Certificates.

We, the undersigned, citizens of Lewistown, do certify that we have used Griffith's Hair Victory, and cheerfully recommend it to all persons as a most valuable article for causing hair to grow, and removing dandruff and other excrescences from the head.

HOME MANUFACTURE!

Neat, Cheap & Durable.

W. G. ZOLLINGER,

Market street, Lewistown, next door to Kennedy's store.

Respectfully invites all who desire to improve their upper stories with a neat and fashionable topping, to call at his store, where they will find a good assortment of Hats, manufactured under his immediate superintendence by competent and faithful workmen, or should a fit not be on hand, a hat of any description can be got at short notice, all of which are warranted to be equal, if not superior, to any sold either in Lewistown or any other place in or out of this State. There is no gammon about this, no idle boasting, as the people can learn for themselves by making the inquiry and trial.

For the Omish he has constantly on hand, or will make to order, hats to their taste of any required size or brim, at prices that cannot fail to be satisfactory.

Country Merchants will find it to their advantage to give me a call, as a liberal deduction will be made on wholesale purchases, and especially so to punctual men.

Thankful for the liberal patronage heretofore received, his study will be to please all who may favor him with their custom in future, and trusts that as the times are hard, eatables high, and other things in proportion, the mass will act as much as possible on the cash system or at least on the saying that "short credits make long friends." feb22

Mrs. S. E. B. WARNER, Principal of the Female Department.

THE Fall and Winter Session of this Institution commenced Thursday, Oct. 16th, and is now open for the reception of students. It is the design of the present teachers to devote themselves exclusively to the interests of the Academy; to establish a full and thorough course of education, practical and ornamental, both in the male and female departments; and to render the facilities for acquiring useful knowledge desirable, not only for those in the immediate vicinity, but also for those living abroad. Particular attention will be given, in the male department, to the practical application of Geology and Chemistry to Agriculture and general Arts.

No pains will be spared to keep up a good and careful discipline, and to maintain a high moral and Christian character in the school.

KISHACOQUILLAS SEMINARY.

L. G. Grier, A. B.,
H. S. Alexander, A. B., } *Principals.*

THIS Institution is designed to afford facilities to male and female pupils for the acquisition of a solid and ornamental education. The course of study in English, the classics, mathematics, and natural sciences, is thorough and extensive—designed to qualify young ladies to act well their part in life, and young men for entering any class in college or any of the liberal professions. The studies will be adapted to the capacity of the student, so as to secure a symmetrical development of the mind. This institution enjoys many superior advantages. The locality is proverbial for healthfulness—students are far from scenes of vice and immorality so common to large towns and small villages, as the institution is *entirely* in the country. It also enjoys the advantages of a preached Gospel, of a moral and intelligent community, and of the most beautiful mountain and valley scenery. Parents and guardians may rest assured that the Principals will spare no pains to preserve the health, and improve the minds and morals of all that may be intrusted to their care.

TERMS:—$55.00 per session of 5 months. This includes tuition in the English branches, board and furnished rooms. The common charges made for Music and the Languages. Light and Fuel at the expense of the student. Payments quarterly in advance. No deduction made, except in case of *protracted* illness.

The institution is 10 miles from Lewistown on the Pennsylvania Railroad—at that place students can take the coach for Reedsville, and there, if notice be given, a conveyance will meet them from the Seminary. The Winter Session commences on *Thursday, the 30th of October.*

SHADE GAP, HUNTINGDON CO., PA.

W. H WOODS, Proprietor and Principal.

Rev. JAMES CAMPBELL, Lecturer on General Literature.
J. A. SHADE, M. D., Lecturer on Anatomy and Hygiene.
SAMUEL CAMPBELL, Assistant.
JOHN McCAUSLAND, Teacher in Preparatory Department.

THE annual exhibition will take place on the first Wednesday of October. An address will be delivered by the Rev. D. X. JUNKINS, D. D., before the Philo and Diagnothian Societies, at 2 o'clock, p. m. The exhibitional performances will take place at 6½ o'clock, p. m.—the examination previous. These exercises the friends of education are respectfully invited to attend. The next Session opens on *Wednesday, the 29th of October.*

This institution holds out peculiar inducements to young men seeking an education. The board of instructors is composed of gentlemen of high literary attainments and skilled in their profession. The location is very healthy, having the pure mountain air, and free from all noxious vapors arising from stagnant waters and marshy ground. Those subject to ague could not find a more desirable place.

The course of instruction is such as is best calculated to prepare young men for business, for teaching, or taking a high stand in college. For those desiring to become teachers, a Normal class will be formed, in which practical instruction will be given in the art of teaching. To this class lectures will be given.

The temptations to vice, idleness and dissipation are few. There is nothing to draw the mind of the student from his studies. It is quiet and retired—just such a situation as a young man desirous of improvement would seek. The societies are in a flourishing condition, and each has a fine library of choice books. The buildings are large and commodious. An additional building is now in the course of construction, which will be finished this fall.

Shade Gap is on the mail route between Chambersburg and Mt. Union Station, Pa. Railroad.

TERMS:—For session of five months, for board, tuition and room, $52 50. Washing, light and fuel, extra. Students are charged from the time of entering until the close of the session. Payments, half in advance, the balance at the middle of the session. For catalogue and further particulars address W. H. WOODS, Shade Gap, Huntingdon county, Pa. sep18–2m

The popularity of this Office with all classes of the community, both in town and country, and its consequent success, may be ascribed, in part, to the following substantial reasons:

1st. It offers a convenient, responsible, and profitable Depository to Executors, Administrators, Assignees, Collectors, Agents, and all public officers—to Attorneys, Trustees, Societies and Associations, whether incorporated or otherwise—to married or single ladies—to Students, Merchants, Clerks, and business men generally—to Mechanics, Farmers, Minors of either sex, and all who have funds, much or little, to deposit, where they may be had at any time with Five per cent. interest added.

2d. Depositors receive Books, with an abstract of the By-Laws and regulations, in which is entered their deposits, which Books serve as vouchers. They may designate, in case of sickness, death, or absence, who shall receive their deposits, without the intervention of Executors or Administrators. Any one or more persons may deposit in his, her, or their name, or *for* any other person or persons.

3d. A Report is made each year to the Legislature and Councils of the City.

4th. The Officers are sworn before they enter upon their duties, in addition to giving Bonds with sureties.

5th. The State Savings Fund is a *real* Savings Fund—*not an* Insurance and Trust Company. Our large list of Depositors and the Philadelphia public, have been careful to observe that the charter avoids the business and risk of insurance.

6th. In order to afford every reasonable facility to Depositors who reside at a distance from the office, their deposits are permitted to be withdrawn by checks, after the manner customary with the Banks. Check Books will be furnished to depositors without charge.

The *popular* patronage bestowed upon this office by a proverbially cautious and discriminating community, and where the character of the institution is best known, is a gratifying fact to which the Trustees desire to call attention.
