A MARVELLOUS REMEDY FOR A MARVELLOUS AGE!!

HOLLOWAY'S OINTMENT. THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inwawd part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily genetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot b reached by other means.

Erysipelas, Salt Rheum & Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula or Erysipelas, can long withstand its in-fluence. The inventor has traveled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely n the use of this wonderful Ointment, when having cape with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints even of 20 years' standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following Cases: Lumbago Sore Legs Sealds Mercurial Er-Sore Breasts Swel'd Glands

The difficulty with myself was an affection of the liver, which produced in my entire system general lassitude. Hearing of your system general lassitude. Hearing of your hauid compound, I was induced to make application for a bottle. I have tried it, and find it to work like a charm. I am truly glad to learn you are about to bring the Invigorator before the public. If what I have now said can be used in the way of recommendation, you are at liberty so to employ it. Dr. Sanford—My Dear Sir:—I am glad to learn you have commenced putting up your raluable Invigoration in large quantities, for I long felt that it ought to be possessed by every family. I can most cheerfully add my testimony to the efficacy of your valuable medicine. Pive or six years since, I found myself running down with a liver difficulty—resorting to your Invigorator, was greatly relieved, and, contin uing for a short season, was entirely restored. For bilious attacks, sick headache, and also as Family Medicine, I consider it valuable.— Wishing you great success in distributing this public blessing, I am, Sir, truly yours, JOHN C. MALLORY.

So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold an other; after a trial it always speaks for itself. There are two things about this herb that appears to me sur-prising; first that it grows in our pastures, in some pla-ces quite plentiful, and yet its value has never been known until I discovered it in 1846-second, that it should

ure all kinds of humor.

In order to give some idea of the sudden rise and great In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. GLAD MEWS. MEDICAL DISCOVERY Full of Hope to the Afflicted and Suffering!

Many of the Thousand Portals of Death may be closed, and life made happier and more comfor-table to thousands who are now in danger. Doubtless this world contains many a balm to sooth its physical woes and cure its Diseases. Among those in prominent rank stands

BOWMAN'S

VEGETABLE COMPOUND.

SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, ach as Colds, Coughs, Quinsey, Difficulty of Breathing Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Ulcer, Spitting of Blood, Influen-za, Croup, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more ad vanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimo nials. Language is scarcely strong enough to tell the great power of this wonderful discover;! The doubting may try and be convinced. The proprietors point to the following bona fide certificates with a second induence on the community; they are but samples of the many hundreds of testimonials in our possession:

Allegheny, July 19, 1856 Mr. H. M. Bowman-Dear Sir:-I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt.) was engaged in business. In six months after her husband died, and I sent for her to come home. Where in four nouther the ways to the come. home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her.— Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still b. came worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neigh-bor's houses (Mr. Mayness') and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easer, and we sent and got a bottle of it, and when it wa taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Dis-eases that we ever got hold of. Try it suffering one and see. Believe me, my dear sir, to ever remain Your earnest friend,

THOS. H. BANKS Philadelphia, Aug. 13, 1856. Last spring, while in Pittsburgh, I had a bad cold and cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best antidote for coughs and hourseness that is out, and cheerfully recommend it to the public. T. H. STANTON,
Pastor of the 1st Prot. Meth. Church, Philadelphia.

From Judge Vanhorn, of the District Court at Cincin

I have used Bowman's Vegetable Compound for bron-chitis and cough, and believe it to be the best medicine out for those diseases, and the only one I ever got to give me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine and will perform what it is published to do.

WM. VANHORN, Eeq.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat and believe it to be the best thing that I ever got for those omplaints, and cheerfully recommend it to the public.

Rev. JACOB GASTON,

Pastor of the Clinton street M. E. Church,

Cincinnati June 10, 1856. Here is one from the old pioneer Methodist preacher of

Ohio, Rev. J. B. Finley:

1 believe Bowman's Vegetable Compound to be the best remedy for diseased throat and lungs, of the day. Thave tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. Treommend it to the public-try it and you will be co

ed of its superiority. Cincinnati, July 12, 1856. Hear what the celebrated Dr. Peck says:

I have used Bowman's Vegetable Compound for coughs and hoarseness in speaking; and believe it to be the best preparation for throat and lung complaints I ever got; and I recommend it to the public speaker and singer as well as those afflicted with lung diseases. J. T. PECK. New York, May 12, 1856.

Hear what Dr. Benson, of Cincinnati, says-(extract om a letter) :
Bowman's Vegetable Compound contains a virtue that

is not possessed by any other popular medicine in my knowledge. It does not only smooth the disease over, giving it only temporary relief (I ke most of patent medicines), but it commences at the root of the performs a perfect cure.

For the rapid Cure of COUGHS, COLDS, HOARSENESS. BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND

CONSUMPTION. TO CURE A COLD, with Headache and Soreness of the Body. Take the Cherry Pectoral on going to bed and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon

and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suf-fer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral that on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is af-forded to thousands who are thus afflicted, by this invalu-able remedy. From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy

is invaluable, as by its action on the throat and lungs, when taken 'n small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and pleasant and profitable.

lexibility of the voice.

ASTHMA is generally much relieved, and often wholly astima is generally much reneved, and ones whom, cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and appear

portion of the lungs, may be cured by taking Cherry Pec-toral in small and frequent doses The uncomfortable oppression is soon relieved. FOR CROUP. Give an emetic of antimony, to be fol-

lowed by large and frequent doses of the Cherry Pectoral until it subdues the disease. If taken in season, it will not fail to cure.
WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.
THE INFLUENZA is speedily removed by this remedy

Numerous instances have been noticed where whole fam-ilies were protected from any serious consequences, while their neighbors without the Cherry Pectoral, were suffering from the disease.

FOR CONSUMPTION in its earliest stages, it should e taken under the advice of a good physician if possible

and in every case with a careful regard to the printed di-rections on the bottle. If judiciously used, and the pa-tient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled Consumption of the Lungs, the Cherry Pec toral should be given in doses adapted to what the patient requires and can bear. It always affords relief, and not infrequently cures patients that were considered past

hope. There are many thousands scattered an over the country, who feel and publicly proclaim that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectation. tation of its friends. Nothing but its intrinsic virtues an the unmistakeable benefit conferred on thousands of suf-ferers, could originate and maintain the reputation it en-joys. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous

and too remarkable to be forgotten. While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Charry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed. As time makes these facts wider and better known, this medicine has gradually become the best reli-Peasant, to the palaces of European Kings.

The Cherry Pettoral is manufactured by a practical

Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

This institution holds out peculiar inducements to young men seeking an education. The board of Instructors is composed of gentlemen of high literary attainments and skilled in their profession. The location is very healthy, having the pure mountain air, and free from all noxious vapors arising from stagnant waters and marshy ground. Those subject to ague could not find a more desirable place. The course of instruction is such as is best calculated to prepare young men for business, for teaching, or taking a high stand in college. For those desiring to become teachers, a Normal class will be formed, in which practical instruction will be given in the art of teaching. To this

The temptations to vice, idleness and dissipation are few. There is nothing to draw the mind of the student from his studies. It is quiet and retired—just such a situation as a young man desirous of improvement would seek. The societies are in a flourishing condition, and each has a fine library of choice books. The buildings are large and commodious. An additional building is now in the course of construction, which will be finished this fall.

The popularity of this office with an classes of the community, out in town and country, and its consequent success, may be ascribed, in part, to the following substantial reasons:

1st. They may designate, in case of sickness, death, or abstract, who shall receive their deposits, without the intervention of Executors or Administrators. Any one or more persons may deposit in his, her, or their name, or for any other person or persons.

5th. The State Savings Fund is a real Savings Fund—not an Insurance and Trust Company. Our large list of pepositors and the Philadelphia public, have been careful to observe that the charter avoids the business and risk

furnished to depositors without charge.

The popular patronage bestowed upon this office by a proverbially cautious and discriminating community, and where the character of the institution is best known, is a gratifying fact to which the Trustees desire to call attentions. CHAS. G. IMLAY, Treasurer. Philadelphia, March 20, 1850.-y
