

Agricultural, &c.

ON THE WINTER MANAGEMENT OF FOWLS.

The great art in the management of hens in order to render them profitable, is to cause them to lay in winter, as it is this season in which eggs are scarce and high. If a person keeps a flock of hens in order to supply his family with eggs, or for the purpose of selling the eggs in market, he must manage so that they will lay in winter, else they will not generally pay their expenses. For in the first case, he will be under the necessity of buying eggs when they are very dear, and if he produces eggs for the market he has them only when everybody's hens lay, and he must sell them at low rates.

To cause hens to lay in winter, furnish them with a warm dry shelter, in a warm location, where they can be free from cold winds and enjoy a good share of sunshine. The hen house should be kept clean, and all filth from the remains of food should be carefully removed. There should be a good supply of gravel which ought to be renewed occasionally, or dug over so as to furnish a fresh lot often.

Hens should have a constant supply of pure water, and pure, wholesome food.—They are fond of corn, wheat, oats, buck wheat, rye, rice, millet, boiled potatoes, and various other kind of food. Generally the cheapest grains may be used as their principle food, but it is better to supply them with the various kinds. They are very fond of corn, and they flourish well with this as their main food. Boiled potatoes, mashed up, while hot, with meal of almost any kind of grain, or with wheat, bran or shorts, and given warm, are excellent food in cold weather, and greatly promotes laying.

Changes in food are advantageous.—Hens prefer variety, as well as non-feathered bipeds.

In winter and summer, when confined to small yards, hens should have a small supply of animal food. Refuse meat or fish may be given cooked or raw. Scraps are often obtained for this purpose, from the tallow dealer, but this is not so acceptable to hens as fresh meat or fish, which may be obtained at a cheap rate or gratis, from the fish market or butcher. Fresh, unburnt bones, pounded or chopped fine, are excellent, as they supply both animal food and lime.

HORSES.

Those who have the care of horses are frequently very negligent in the manner of discharging their duty. There is no animal in existence so susceptible to the effects of dirt, impure air, bad bedding, etc., as the horse. All excrements in the horse's stable, however small in quantity, should be removed at least once a day, and a clean, dry place left for the animal to stand or lie down on. Many a horse when stabled for an hour's feeding is placed in a close, filthy place without a breath of pure air—and there obliged to make his meal. We would almost as soon think of eating in such a place ourselves, as of compelling a horse to do it. If you have no windows in your stable, by all means make one at once or knock off a board, to let in light and pure air. When you have removed the droppings from the stable at night, strew the floor with dry straw or husk; the value of the manure will more than repay the expense—besides render your horse healthier.

Horses take cold very easily; for this reason they should never be turned from a warm stall, where they have perspired for an hour, directly into a damp pasture. Neither should a horse be left to lie down over night in a damp pasture, where there is no shelter, but let a shed be built, to which they can retire at night. A horse will never lie down in an open lot when he can find a place of shelter; and if there is nothing better, they will always get near a fence or tree at night.

Good Goods and Low Prices!

NEW STORE

AND FRESH

FALL & WINTER GOODS.

THE undersigned, trading under the name and firm of MCCOY & ELLIS, respectfully inform their friends and the public generally, that they have just returned from Philadelphia, and opened in the house formerly occupied by J. & MILLIKEN, on Market street, and directly opposite Geo. Blymyer's store, a neat assortment of

Fall and Winter Goods and SUPERIOR GROCERIES.

to which they have added a neat supply of gentlemen's, ladies' and children's

BOOTS AND SHOES,

suitable for the season. The market price in cash will always be given for COUNTRY PRODUCE, and liberal advances made on Flour and Grain on store.

Plaster, Salt, Fish and Stone Coal

always on hand. A quantity of SALT, suitable for Cattle, now on hand. F. MCCOY, R. F. ELLIS.

Lewistown, Nov. 13, 1856.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

Every Kind of Humor

from the worst Scrofula down to a common Pimple. HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One to three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humors in the eyes. Two bottles are warranted to cure Running of the Kars and Blotches among the Hair. Four to six bottles are warranted to cure corrupt and running Ulcers. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism. Three to four bottles are warranted to cure the Salt Rheum. Five to eight bottles will cure the worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1855, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it would be effectual in all cases of that awful malady—there are few who have seen more of it than I have.

I know of several cases of Dropsy, all of them cured, cured by it. For the various diseases of the Liver, Spleen, Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one table spoonful per day.—Children over 10 years, dessert spoonful.—Children from 5 to 10 years, tea-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Manufactured by DONALD KENNEDY,

No 120 Warren St., Roxbury, Mass. Price \$1.00. Wholesale Agents, New York City, C. V. Clunker, 51 Barclay street; C. H. King, 102 Broadway; Rushon and Clark, 27 Broadway; A. B. & D. Smith, 105 Nassau street. T. W. DIXON & SONS, Philadelphia, wholesale Agents for Pa. For sale by F. J. HOFFMAN and Mrs. MARY MARKS, Lewistown, and by B. F. KENNER, Millintown. [ma22-ly]

HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S

Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills.

THE undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above attachment, at the shortest notice, at the Foundry, in McVeytown, Pa. The invention has become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the detentions and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and it is hazardous in saying that my Grain Drill is the simplest in construction, most economical in performance, and therefore the most durable ever offered to the agricultural public. The feed is so arranged that it will sow 1, 1 1/2, 2, and 3 bushels per acre. Persons desiring one for the coming seed season are requested to send in their orders as early as possible. Direct to McVeytown, Mifflin county, Pa., or F. G. FRANCISCUS, Lewistown, or E. L. FAXON, Hollidaysburg, Blair co., Pa.; or BOYER & BLOTT, Harrisburg, Pa., who are authorized to act as agents, and from whom any further information may be obtained.

PRICE OF DRILLS, with the attachment, \$75. Farmers who already have drills, can have them altered, and the India Rubber Spring attached, for from \$10 to \$15. All branches of the FOUNDRY BUSINESS still carried on, for which orders are respectfully solicited. M. M. FAXON. McVeytown, June 19, 1856.

Indemnity. THE FRANKLIN FIRE INSURANCE COMPANY of Philadelphia—OFFICE 1031 Chestnut street, near Fifth street.

DIRECTORS: Charles N. Bancroft, Geo. R. Richards, Thomas Hart, Mordcaid L. Lewis, Tobias Wagner, Adolphe E. Borie, Samuel Grant, David S. Brown, Jacob R. Smith, Morris Patterson. Continue to make insurance, perpetual or limited, on every description of property in TOWN & COUNTRY at rates as low as are consistent with security. The Company have reserved a large Contingent Fund, which, with their Capital and Premiums, is safely invested, affords ample protection to the assured. The assets of the Company, on January 1st, 1856, are as follows: Real Estate, \$1,047,438 41; Mortgages, \$1,284,724 83; Temporary Loans, \$6,001 85; Stocks, \$1,223 25; Cash, &c., \$3,804 37. \$3,388,492 71.

Since their incorporation, a period of eighteen years they have paid upwards of One Million Four Hundred Thousand Dollars, losses by fire, thereby affording an evidence of the advantages of insurance, as well as the ability and disposition to meet with promptness all liabilities. CHARLES N. BANCROFT, President.

CHARLES N. BANCROFT, Secretary. Agent for Mifflin county, H. J. WALTERS, Esq., Lewistown.

THE STATE SAVINGS FUND!

Office, next door to the Post Office, No. 83 Dock Street, Philadelphia.

1854. INTEREST FIVE PER CENT.

All Sums of Money Returned on Demand.

THE STATE SAVINGS FUND, No. 83, Dock Street, next door to the Third Street, and adjoining the Post Office, receives Money on deposit daily, from 9 in the morning until 3 in the afternoon; also Monday evenings from 7 to 9 o'clock. Interest is allowed on deposits at the rate of FIVE PER CENT. per annum. Deposits will be returned in whole or in part on demand, without notice.

The popularity of this Office with all classes of the community, both in town and country, and its consequent success, may be ascribed in part, to the following substantial reasons: 1st. It offers a convenient, responsible, and profitable Depository to Executors, Administrators, Assignees, Collectors, Agents, and all public officers—to Attorneys, Trustees, Societies and Associations, whether incorporated or otherwise—to married or single ladies—to Students, Merchants, Clerks, and business men generally—to Mechanics, Farmers, Minors of either sex, and all who have funds, much or little, to deposit, where they may be had at any time with Five per cent. interest added.

2d. Depositors receive Books, with an abstract of the By-Laws and regulations, in which it is entered their deposits, which Books serve as vouchers. They may designate, in case of sickness, death, or absence, who shall receive their deposits, without the intervention of Executors or Administrators. Any one or more persons may deposit in his, her, or their name, or for any other person or persons.

3d. A Report is made each year to the Legislature and Councils of the City.

4th. The Officers are sworn before they enter upon their duties, in addition to giving Bonds with sureties.

5th. The State Savings Fund is a real Savings Fund—not an Insurance and Trust Company. Our large list of Depositors and the Philadelphia public, have been careful to observe that the charter avoids the business and risk of insurance.

6th. In order to afford every reasonable facility to Depositors who reside at a distance from the office, their deposits are permitted to be withdrawn by checks, after the manner customary with the Banks. Check Books will be furnished to depositors without charge.

The popular patronage bestowed upon this office by a proverbially cautious and discriminating community, and where the character of the institution is best known, is a gratifying fact to which the Trustees desire to call attention. GEO. H. HART, President. Philadelphia, March 20, 1856.—y

A MARVELLOUS REMEDY! FOR A MARVELLOUS AGE!!

HOLLOWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these openings, when rubbed on the skin, is carried this Ointment, which enters the pores, and cures all the diseases of the Liver, Spleen, and Gall-bladder, disorders of the Liver, Spleen, and Gall-bladder, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum & Scorbatic Humors. No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scorbatic Humors, Erysipelas, or Erythema, can long withstand its influence. The inventor has traveled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers. Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to do with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

PILES and FISTULAS. These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following Cases:

Bunions, Lumbago, Sore Legs, Scalds, Burns, Mercurial Eruptions, Sore Breasts, Glands, Chapped hands, Rheumatism, Sore Throats, Ulcers, Piles, Hemorrhoids, Sore of all Venereal sores, Fistulas, Rheumatic Sores of all kinds, Wounds of all kinds, Salt Rheum, Scorbatic Humors, Wounds of all kinds, Skin Diseases, Sprains, Swellings, &c.

*Sold at the Manufactories of Professor HOLLOWAY, 50, Mark Lane, New York, and 241 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cents, 50 cents, and \$1 each.

There is a considerable saving by taking the larger sizes. N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

SIX CENTS will pay for the loan of any book in the Circulating Library.

Truth is stranger than fiction.

A Certain Cure for all Rheumatic Pains.

Don't Condemn but try it, it Cannot Fail.

E. C. ALLEN'S

Concentrated Electric Paste,

And Arabian Pain Extractor, for Man and Horse.

Copyright secured according to law.

WHAT will it cure? We answer—Rheumatic Pains, when everything else fails, Cramps, Chills, Burns, Scalds, Sprains, Head Ache, Tooth Ache, Swellings, Bruises, Sores, Ring Worm, Tetter, Stiff Joints, Contracted Cords, Fresh Ulcers, Ulcerated Sores, and all Scrofulous Diseases, where external remedies can be used. Sore Throats, Stiff Neck, &c.

What will it cure for Horses and Cattle.—Sweeney, Spavin, Fistulas, Coll Evil, Windgalls, Ulcers, Cholera, Sprains, Poll and Saddle Galls, Sore Bruises, Stiff Joints, Verdigo, Splints and Running Sores.

For sale at the Drug Store of Charles Ritz, Lewistown, Pa.

None genuine but those bottles having the words "E. C. Allen's Concentrated Electric Paste, or Arabian Pain Extractor, Lancaster, Pa." blown in the bottle. Look out for counterfeits. Don't forget to ask for Allen's. apl-9

Another Supply of Lumber, Sash Made to Order.

20,000 feet Roofing Lath, 12,000 " Common Plank, 10,000 " 2 in. Panel, 1,000 Lights Sash. Any quantity of Doors, Shutters, Blinds, &c., which we will sell from 10 to 20 per cent. cheaper than any other dealer in the country.

Hemlock, White Pine Joist, Studding, &c., always on hand.

I respectfully invite all persons wanting any kind of Lumber to call and examine our stock and prices.

All orders for Frame Stuff for Houses, Bridges, Barns, &c., will be filled with promptness. at28 F. G. FRANCISCUS.

FREEBURG ACADEMY, FREEBURG, SNYDER CO., PA.

THE location of this Institution is beautiful and healthy, and free from the temptations and vices common to larger towns situated on public thoroughfares. The course of instruction is thorough and complete, embracing the usual branches of an English, Classical and Mathematical Education, and is calculated to prepare students for College, the study of a Profession, or business pursuits. Frequent Lectures are delivered during the term, and practical illustrations accompany each recitation. Students have access to a good Library.

The Academic year is divided into two sessions of 22 weeks each. The first commences on the last Monday of July; the second on the first Monday of January. Public Examinations at the close of each term, when certificates of Scholarship and Standing are given to each student.

TERMS.—For Tuition, per quarter of eleven weeks, \$2.50 to \$5.00. Board, Room, &c., \$1.50 to \$2.00 per week.

For further particulars, address GEO. F. McFARLAND, Principal. Freeburg, June 26, 1856.

Furs! Furs! Furs!

BOAS, Victorines, Pelvarines, Gloves, &c. can be made in great variety, from which the ladies can make excellent choice, are now open and for sale at the Business Emporium of deels GEORGE BLYMYER.

White Beans, Peaches, Hominy and Rice, at [de] MACKLIN'S, McVeytown.

GLAD NEWS.

Full of Hope to the Afflicted and Suffering!

Many of the Thousand Portals of Death may be closed, and life made happier and more comfortable to thousands who are now in danger.

Doubtless this world contains many a balm to sooth its physical woes and cure its Diseases. Among those in prominent rank stands

BOWMAN'S VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Coughs, Quinsy, Difficulty of Breathing, Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Uter, Spitting of Blood, Influenza, Croup, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more advanced affections of the Lungs. For the truth of the above statement and efficiency of the preparation as an antidote, we refer the public to the following testimonial. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubting may try and be convinced. The proprietors point to the following bona fide certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession:

Allegany, July 19, 1856.

Mr. H. M. Bowman—Dear Sir—I feel it my duty to let you know what your Compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt) was engaged in business. In six months after her husband died, and she went home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her. Her cough was fixed and stubborn and seemed as though it would tear her breast during the protraction of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in one of our neighbor's houses (Mr. Myones') and she saw them give your Vegetable Compound to one of their children for cough, and she got three or four doses to bring home and try it. After my daughter had taken it she brought a little water, and we sent her a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured—it is three months since she has not had a symptom of the cough, and she is as healthy as just as she ever was. We all praise in our Vegetables Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Diseases that we ever got hold of. If it suffering one will see. Believe me, my dear Sir, to ever remain

Your earnest friend, THOS. H. BANKS. Philadelphia, Aug. 13, 1856.

Last spring, while in Pittsburgh, I had a bad
