JULES HAUEL, Esq., the well known perfumer, of Chestnut Street, Philadelphia, whose choice products are found at almost every toilet, says:
"I am happy to say of your CATHARTIC PILLS, that I have found them a better faulty medicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and co-incide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken — qualities which must make them valued by the public, when they are known." The venerable Chancellor WARDLAW writes from Bal-

The venerable Chancellor WARDLAW writes from Bal-timore, 56th April, 1854: "Dr. J. C. Avrn. – Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Billous headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which eave; and I feel it a pleasure to commend you for the good you have done and are doing." JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co. savs:

The widely renowned S. S. STEVENS, M. D., of Went-worth, N. H., writes: "Having used your CATHARITE FILLS in my practice, I certify from experience that they are an invaluable purga-tive. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe – qualities which make them an invaluable article for public use. I have for many years known your *Cherry Pettoral* as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treat-ment of diseases." "Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severa and dangerous cough, by your CHERET PECTORAL, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your CATHARTIC PILLS have entirely grown upon me for some years, — indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken." The first dose re-lieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your CATHARTIC PILLS. Yours with great respect, LUCIUS B. METCALF."

The popularity of this Office with all classes of the community, both in town and country, and its consequent success, may be ascribed, in part, to the following substantial reasons:
1st. It offers a convenient, responsible, and profitable Depository to Executors, Administrators, Assignees, Collectors, Agents, and all public officers—to Attorneys, Trustees, Societies and Associations, whether incorporated or otherwise—to married or single ladies—to Students, Merchants, Clerks, and business men generally—to Mechanics, Farmers, Minors of either sex, and all who have funds, much or little, to deposit, where they may be had at any time with Five per cent. interest added.
2d. Depositors receive Books, with an abstract of the By-Laws and regulations, in whi h is entered their deposits, which Books serve as vouchers. They may designate, in case of sickness, death, or absence, who shall receive their deposits, without the intervention of Executors or Administrators. ### HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S

Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills. THE undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above article attached, at the shortest notice, at his Foundry, in McVeytown, Pa. Seedershave become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the deter tion and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and 1 hazard nothing in saying that my Grain Drill is the sim-plest in construction, most economical in performance, and therefore the most durable ever offered to the agriand therefore the most distance of the order of the age of the age of the the second one for the coming seeding are requested to send in the one for the coming seeding are requested to send in their orders as early as possible.
