#### Proceedings of Congress.

The Congressional Committee appointed to investigate some alleged cases of bribery and cerning which anything like corruption is out. One is the sale of a book on the made out. One is the sale of a book on the Pension and Bounty Land laws, and the oth-er is a bill appropriating lands for the Des-Moines Navigation and Railroad Company. nes Navigation and Railroad Company. In regard to the former, Mr. J. R. Sweeney testilies that Hon. W. A. Gilbert, of New York, entered into a contract, in his presence, with Capt. Triplett, the author and proprietor of the book, by which the sum of \$14,500 to be paid to him as a condition of secuwas to be paid to him as a condition of secu-ring the passage of the bill making the purchase. His testimony is sustained by that of Capt. #### LATEST NEWS. NEW TREATY WITH MEXICO.

WASHINGTON, Feb. 20. Private letters from Mexico have been received here, which state that a highly important treaty has been, or is about to be, concluded between Mr. Forsyth, our Minister, and the Mexican Government, whereby a large share of Mexican territory, embracing the whole of the State of Sonora, is to be ceded to the United States, for the sum of fifteen millions of dollars-three millions to go towards the payment of Mexican elaims. Certain concessions in favor of American commerce are also embraced in this treaty.

DEATH OF DR. ELISHA KENT KANE.

NEW ORLEANS, Feb. 23 .- The steamship Cahawba arrived to-day from Havana, whence she sailed on the 20th inst., bringing the re-mains of Dr. Elisha Kent Kane, the Arctic Explorer, who died in Havana on the 16th

they will lie in State till to morrow afternoon, at 4 o'clock, when they will be conveyed on board the steamer J. Woodruff, for Louisville, en route to Philadelphia.

The city authorities, the military, civic societies, and citizens generally, will partici-pate in doing honors to the remains.

The highest honors were paid the remains by the officials of Havana, as they were conveyed to the Cahawha NICARAGUA.

The accounts from Nicaragua are to the effect that the steamer Texas, with recruits for Walker, had arrived at Punta Arenas, that the recruits having there joined the for-ces under the command of Colonel Lockridge, the whole party went up the San Juan to a point nearly opposite Serapique, a fort occu-pied by the Costa Ricans, that they attempted to go higher, but when abreast of Sera pique, they got a shot from the Costa Ricans which compelled them to retire, and that they were then waiting for reinforcements from New Orleans, to make a grand attack on Serapique. Letters received in New York and dated the same day the Tennessee sailed, give dated the same day the remessee and the failing obtained. Iater intelligence than that contained in the report of the Purser of the Tennessee, or in the Purser of the Tennessee, or in the Purser brought by that steamer, same time and place the Steward will sell a and shows that the expected reinforcements from New Orleans had arrived, that Seapique had been attacked and the fillibusters had been repulsed with great loss.

#### Pennsylvania Legislature.

On the 18th, in the Senate, the bill to incorporate the Central Bank of Pennsylvania, at Hollidaysburg, passed fina'ly. In the House, Mr. Eyster read in place a bill repealing the tonnage tax on the Pennsylvania Railroad.

On the 19th a number of Bank charters passed the Senate, among which was one incorporating the Farmer's and Manufacturers Bank of Centre county.

In the House, on the 20th, the bill relative to the office and duties of the Attorney General of the State, passed second reading, and was then laid over. The bill extends the duties of the Attorney General, increases the salary to \$3,000 per annum, throws checks and guards around the accounting departments, and makes a radical change in the manuer of doing business in these departments.

PUBLIC NOTICID. MANNY'S COMBINED Mowing and Reaping Machine, WITH WOOD'S IMPROVEMENT,

H ted machine will please send in their or-ers early, to prevent delay and disappointment as was the case in so many instances last seas-on. This machine took the premium at York Huntingdon, Carlisle Chambersburg, Harris-burg, Bellefonte, and other places too numerous to mention. Last summer we had hundreds of testimonials and official reports, vouching the superiority of this machine over all others now in use. This machine excels all others in the following points, viz: Its easy convertibility from a Mower to a Reaper and vice versa; its construction for adaptation to uneven surface; the ease with which it can be raised or lowered, for cutting from two inches to eighteen inches from the ground, which is done by means of a lever controlled by the driver while in his seat its ease of draft, portability, and cleanness and ease of cut. Many of these features are pat-ented and cannot be embodied in any other machine, and all will admit how essential and indispensable they are to a complete combined nachine. With each machine will be furnish-

er as a Mower or Reaper, or no sale.

Price \$140, deli communications directed to F. G. Franciscus. Agent, Lewistown, Mifflin county, Pa. will meet prompt attention. To persons nearer home, I respectfully refer then, to R. A. Means, J. D. respectfully refer then to R. A. Means, J. D. Nageny, O. P. Smith, R. McManigal, and Jas. Parker, all of whom having used this machine last season, consider it unsurpassed by any combined Mower and Reaper now in use. F. G. FRANCISCUS, Agent, feb19 Lewistown, Pa.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimu-late it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dan-gerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring. Annexed we give Directions for their use in the

pleased to furnish free to all inquiring. Annexed we give Directions for their use in the complaints which they have been found to cure. For COSTIVENESS. — Take one or two Pills, or such quantity as to gently move the bowels. Cos-tiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved. FOR DYSPEPSIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses — from one to four — to stimulate the stomach

of Costieness, and always uncomfortable, take mild doses — from one to four — to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you. For a FOUL STOMACE, or Morbid Inaction of the Bouels, which produces general depression of the spirits and bad health, take from four to eight Pills and attempt is restored to the system.

at first, and smaller doses afterwards, until activity and strength is restored to the system. FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, Pain in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not oper-ate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred dis-orders because your stomach is foul. FOR SCROPULA, EnvstPELAS, and all Diseases of the Skan, take the Pills freely and frequently, to keep the bowels open. The cruptions will gener-illy soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to thair influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pingles, blotches, ulcers, store, and all or any of the unclean diseases of the skin, because your system wants cleansing.

This is disastrons to the health, and the constitution is frequently under-mined by no other cause. Indigestion is the symp-tom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhea, prevails. Feverish symptoms, languor, low spirits, weariness, Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes in-ability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, %c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. LL persons desirous of getting this celebra-

d two scythes, two extra guards, two extra sections, one extra pinion and wrench. They are warranted to give satisfaction, eith-

coincidences which seem to sustain the evidence given. It is reported that he has endeavored to impeach the veracity of the witness; but no hing of this appears in the abstract of testimony, which is thus far all that is given. Hon. Mr. Welch, of Conneccut, is also charged by the same witness with having told him that fifty dollars would required to pass a pension claim of a widow Kimball through the Committee of which he was a member. This, also, is depied by was a member. This, also, is denied by Mr. Welch.

In regard to the other matter, Hon. Reverdy Johnson testifies that Hon. O. B. Matteson ald him that \$100,000 would be required to ars the bill giving certain lands to the Des Moines Company, as there were twenty or thirty members of the House who had agreed not to vote for any such hills unless they were paid for it. A private letter was also intro duced from Mr. M. to the President of the Company proposing payments in addition to those already promised, as the only way in which the bill could be carried through. Mr. Matteson also denies the charges thus made against him. Hon. Mr. Paine made in Com littee the same statement which he made in the House-that Mr. Edwards of New York, old him he was interested in the passage of a bill making grants to a Western Railroad, and offering him \$1,500 if he would vote for it. Hon. Mr. Valk testifies to conversations in which Mr. Edwards acknowledged he had a pecuniary interest in the passage of certain bills. Mr. Edwards also denies the imputations of corrupt conduct thus made against

It will be seen from these statements that the Committee went just far enough in their examinations, to show that there were good grounds for believing that corrupt practices had been resorted to in each of these cases; and there they stopped. Probably the short time within which they were required to close their labors affords a sufficient explanation of their incompleteness.

The Committee recommend the expulsion of the four members implicated by their testimony-Gilbert, Welch, Edwards and Matteson, and also the exclusion of Mr. Simonton. the New York Times correspondent, from the floor of the House.

The Senate on Saturday passed the House bill to authorize the people of the Territory of Minnesota to form a constitution and State government, preparatory to their admission into the Union on an equal footing with the original States, first, however, adding to it the very proper provision that none but citizens of the United States should be entitled to vote in reference to the formation of a MORN Mills, State constitution and the establishment of a State government.
