

THE GAZETTE.

Letter from Philadelphia.

PHILADELPHIA, March 3. A curious story is current in our city just at present, presenting one of the many chapters of villainy to be found within the purview of a large city. A well known and very efficient Alderman was called at night to the residence of a woman of questionable character, and on arriving found he was required to perform the marriage ceremony between the female specified and an old and well-to-do citizen, who has a family of grown children. The Alderman had been stupefied, either by drugging or with liquor, and therefore, under pretence of going back to his office to get the proper papers, returned and informed one of the sons of the intended victim what was going on. The son, with a constable, succeeded in getting the old gentleman away, and thus nipped an ingenious plan to "raise the wind."

The ninth annual commencement of our Homeopathic Medical College was largely attended by ladies, and about forty graduates received diplomas. Yesterday afternoon a middle aged man committed suicide by jumping from the Market street bridge into the Schuylkill. The body was recovered and an inquest held. He had a ring upon his finger upon which was the name of William Wilson.

There was a total of 213 interments in this city during the week just closed. Of these 49 died from consumption and other lung diseases, 19 from scarlet fever, and 4 from small pox.

Our medical colleges continue their annual and semi-annual commencements. The Philadelphia College of Medicine, on Saturday, furnished diplomas to fourteen graduates. The Female Medical College also turned out seven lady M. D.'s, among whom was Oris R. Moon of Virginia. Happy the man who has Diana for a doctor!

One of our many palmy "conspiracy" cases on Saturday had a well merited, though amusing termination. A petty dealer in contraband "spoons" used a brace of our German fellow citizens for extorting money from him. They had him arrested for his nefarious traffic but afterwards, having in the mean time fleeced complainant of \$40 as a condition for not appearing against him, allowed the case to fall through. On these grounds he brought action for a conspiracy to extort money.—Judge Conrad held that there was a "conspiracy," and that complainant was himself also a party to it; he therefore bound over the whole three for court! That man looked more like he had received a shower bath than satisfaction.

During the month which elapsed on Saturday there were 1820 arrests made in the consolidated city of Philadelphia.

A committee, representing the most liberal of the German ecclesiastical parties, has been formed at Worms, to raise a national monument to Luther, in remembrance of the memorable words which he pronounced in that city against all the oppressors of conscience.

The WEATHER.—A sprinkling of snow and a high wind made quite a change in the weather in the beginning of this week. On Monday it blew up cold, and during the night the thermometer must have been within a few degrees of zero, making a variation in about ten days of 70 degrees. Such weather is of course unhealthy, and persons subject to colds or diseases of the throat cannot be too careful.

Rachael DeMars, a somewhat noted character in the region of Water street, died a few days ago after a long illness.

FEMALE AGENTS WANTED in every town or village of the Union, to sell DR. SANFORD'S INVIGORATOR. Many of our lady agents are making more than a living from its sale. No money required until the medicine is sold; simply a good reference accompanying application. The Invigorator will cure Sick Headache. Take one or two teaspoons at each attack and it will soon disappear. For an overloaded stomach, or when food rises, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a teaspoonful once or twice daily. For loss of Appetite, Langour or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare—take a teaspoonful on retiring, and the demons of dream-land will all be banished. After eating a hearty dinner, take a dose of Invigorator, and it will relieve all oppression or fullness. The Invigorator is a Liver Remedy of unequalled virtue, acting directly on that organ, curing Dyspepsia, Jaundice, Bilious Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal. Any person after using a full bottle of the Invigorator for any of the above named complaints, without benefit, can call at the Agent's and get their money back. Sold at One Dollar per bottle, by SARGENT & CO., Proprietors, New York, and by CHARLES RITZ, Lewistown.

At Lock Haven, on Monday night last, very suddenly, of bilious colic, SAML McCORMICK, Esq., aged about 55 years.

At his residence, in Bratton township, on the 19th of February, JOHN C. LEATTOR, aged 31 years and 19 days. The deceased was a highly respected citizen, and for his integrity and amiable disposition was beloved by all who enjoyed his acquaintance, and his early departure from life's busy scenes will be deeply regretted. Yet we are not without the assurance that our loss is his eternal gain. He died as he had lived, in the hope of a blissful hereafter, which enabled him with assurance to say—

Lord, I commit my soul to thee, Accept the sacred trust; Receive this noble part of me, And watch my sleeping dust. Fill that illustrious man's shall come, When all the saints shall rise, And meet in full immortal bloom, Attend thee to the skies.

On the 27th February, after a brief illness, JAMES FOSTER, son of Rev. C. M. Klink, aged 1 year, 1 month and 17 days. The funeral took place on Sabbath afternoon. Rev. J. B. Crist preached the funeral sermon in the church, and a large number of people followed the little coffin to the cemetery.

LINES ON THE DEATH OF JAMES F. KLINK. God in his boundless love, locked down Upon his garden fair; And his omniscient eye beheld A bud of promise rare. Alas! the storms of life, he said, Will nip this bud, I see; But in the Eden of my love The flower shall bloom for me. Far in the shining courts above, A lovely flower is seen, And in a risen Saviour's love 'Twill ever bloom I ween. Then weep not though thy little one Has left its house of clay; It has but gone at God's command, To live in endless day. Two angel forms are waiting you, Upon that blissful shore; You may at last to them be joined, And meet to part no more. SUE.

LOCAL AFFAIRS.

Reaping and Mowing Machines.—As spring comes on farmers will be looking around for such machines as are best calculated to aid them in their arduous labors. There is no doubt a number of excellent machines are to be had, but so far as our observation extends none receive so much commendation as Manny's Combined Reaping and Mowing Machine, with Wood's Improvement, which, as its name signifies, can either be used as a Mower or Reaper, an advantage we believe not possessed by any other thus far brought before the public, i. e. of both mowing and reaping well. The following certificates speak strongly to this effect:

NEVILLE, Pa., Aug. 1856. W. A. WOOD, Dear Sir—After having cut a heavy crop of grass and grain with your Combined Reaper and Mower, which I purchased of Mr. Armstrong, your agent at Carlisle, I would express to you and to my fellow farmers my candid and confident opinion, that it is the most convenient and durable harvesting Machine that has been offered in this country, and that it does the best work in all kinds of grass and grain. Its cutting was witnessed by a large number of my neighbors, who, if they have an opportunity, next year will show their appreciation of your skill and enterprise by purchasing a Manny Machine with Wood's Improvement. Yours, respectfully, JOHN M. WOODBURN.

From a report made by Jacob Kaufman, John G. Bower, Henry Landis, John Heps, and John Bear of a trial of machines made near Lancaster last summer, we select the following:

"The Manny's, with Wood's Improvement, which was managed by the driver, Mr. ... did its task in a shorter time than any of the Machines in competition, and in a more workmanlike manner, cutting its piece cleaner and closer, and has no side draft. It is easily drawn and managed by two horses, and its lighter draft far than its competitors. Its perfect adaptation to uneven surfaces, adjusting itself to the inequalities of the ground, the facility with which by means of a lever at the driver's seat, it can be raised to avoid obstacles when moving along, its portability from field to field on its own wheels by the use of a wagon, its superior gearing, whereby the horses are not obliged to move faster than a natural walk, are all important points which attracted our peculiar attention; and therefore, we, the committee, respectfully report that after a careful and candid examination of the several Machines in competition, that Manny's, with Wood's Improvement, did the best work, and that with confidence we cheerfully recommend its introduction and use by the farmers of Lancaster county."

F. G. FRANCISCUS, Lewistown, is agent for the sale of these machines in Millin county, at whose establishment they can be examined.

The balance sold at a decline on last week's prices; sales at \$2 50/25 50, in lots, by Myers, Hesser, Alcorn, and others.

Flour and Meal—Receipts continue on the increase, with little or no demand for export to notice, the sales of flour only reaching some 4000 bbls. in lots, at \$6 25/6 37 1/2 for mixed and straight brands, chiefly at the latter rate, including 1000 bbls of a better brand, at 6 62 1/2, closing with more sellers than buyers at the above figures, which is a decline; and standard superfine is freely offered at \$6 25/6 37 1/2—the latter for good straight brands. The following are the inspections for the week ending the 26th inst.: 14,685 bbls wheat flour, 140 do rye do, 408 do corn meal, and 21 puncheons do.

Grain—The receipts of Wheat have been only moderate, but the demand has been less active, and prices are rather lower, some 16,000 bu only having found buyers at 145/149 for fair to prime Penna and Southern reds, and 160/163c for white; the closing sales were at 147c for the former, and 162c for the latter of prime quality. Rye is about stationary, with moderate receipts and sales at 82c for Penna and 80 for Southern. Corn is arriving more freely, and the market has ruled unsettled and lower, particularly for damp lots, which are unsaleable; sales reach some 55/60,000 bu at 60/65c for new 8c to dryness; 61/62c for white, and 68/70c for old Penna and Southern yellow, in store and afloat. Oats are also dull and lower, and 12/15,000 bu, mostly Southern, have been disposed of at 41/46c afloat; chiefly at 43/44.

Seeds—There has been an increased demand for Cloverseed since our last, and large transactions to note at fully former rates, sales and re-sales reaching some 3500 bushel mostly to go out of the market, at from 77 1/2 to 8 1/2 bu, including choice lots at a fraction more, and some from second hands at 13c 1/2 bu, the market closing firm at 88 1/2 bu for prime lots, which are rather scarce. Of Timothy some 300 bu have changed hands at \$3 25/3 75 bu, as to quality. Flaxseed continues scarce, and domestic is quoted at \$1 85/1 90 bu.

PUBLIC NOTICE. MANNY'S COMBINED Mowing and Reaping Machine, WITH WOOD'S IMPROVEMENT, For the Harvest of 1857.

ALL persons desirous of getting this celebrated machine will please send in their orders early, to prevent delay and disappointment as was the case in so many instances last season. This machine took the premium at York, Huntingdon, Carlisle Chambersburg, Harrisburg, Bellefonte, and other places too numerous to mention. Last summer we had hundreds of testimonials and official reports, vouching the superiority of this machine over all others now in use. This machine excels all others in the following points, viz: Its easy convertibility from a Mower to a Reaper and vice versa; its construction for adaptation to uneven surfaces; the ease with which it can be raised or lowered; for cutting from two inches to eighteen inches from the ground, which is done by means of a lever controlled by the driver while in bisect; its ease of draft, portability, and cleanness and ease of cut. Many of these features are patented and cannot be embodied in any other machine, and all will admit how essential and indispensable they are to a complete combined machine. With each machine will be furnished two scythes, two extra guards, two extra sections, one extra pinion and wrench. They are warranted to give satisfaction, either as a Mower or Reaper, or no sale.

Price \$140, delivered in Lewistown. All communications directed to F. G. FRANCISCUS, Agent, Lewistown, Millin county, Pa. will meet prompt attention. To persons nearer home, I respectfully refer them to K. A. Means, J. D. Nazony, O. P. Smith, R. McManigal, and Jas. Parker, all of whom having used this machine last season, consider it unsurpassed by any combined Mower and Reaper now in use. F. G. FRANCISCUS, Agent, Lewistown, Pa.
