The Yankee Girls .- ' Mace Sloper,' in speaking of Yankee girls, says : I had a notion of saying something about the different varieties of American young ladies that are seen at a hotel table. But I really heard an Irish waiter sing such a verse about the different sorts last night, that I am quite combed down (for now at least.) on trying any thing of the sort. And his song :

 Bosthon gurrels for talking, New York gurrels for drissing;
 Philadelphy gurrels for manners, And Balthimore gurrels for kissing.
 Canady gurrels for hugging, Canady gurrels to be used. 'Cinnati gurrels to be civil; St. Louis gurrels for ribbons,

And New Orleans gurrels for the divil. I couldn't see the waiter who sung these lines, but I could hear him chanting away and brushing the floor in time with broom. I was seated in the box of an eating house, and as I didn't care to get up, I asked :

American girls ?'

The broom stopped whisking about, and over the top of the partition came the single word, in a sort of a whiskey baritone: 'Exparience !'

Precocious Juvenile .- " Willy,' said a doting parent at the breakfast table to an abridged edition of himself, who had just entered the grammar class at the high school, 'Willy, my dear, will you pass the hutter ?'

"Thirtainly, thir, it takthe me to parthe anything. Butter ith a common thubthantive, neuter gender, agreeth with hot buckwheat cakthe, and ith governed by thugar houthe molatheth underthtood.'

Schoolmaster 'Kneeded.'-A shoemaker received a note from a lady to whom he was particularly attached, requesting him to make her a pair of shoes, and not knowing exactly the style she required, he dispatched a written missive to her, asking her whether she would like them Wround or Esq. Toad.' The fair one, indignant at this rich specimen of orthography, replied, 'Kneether.'

Carelessness in Writing Items Illustrated .- A notice of a recent steamboat explosion ends as follows : "The captain swam ashore. So did the chambermaid. She was insured for \$15,000, and loaded with iron."

Dictionary Wanted .- A learned young lady, one evening lately, astonished a company by asking for the loan of a . diminutive, argenteous, truncated cone, convex on its summit, and semiperforated with symmetrical indentations !' She wanted a thimble.

Beat this .- Mr. Baker showed us an egg vesterday which was seven inches in circumference. Can anybody beat this? who have always so liberally patronized him, he has a very large assortment of - Syracuse Journal.

Certainly; break the egg into a bowl,

I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1816—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day-in April, 1854, 1 sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors

CLAD NEWS. MEDICAL DISCOVERY Full of Hope to the Afflicted and Suffering!

lany of the Thousand Portals of Death may be closed, and life made happier and more comfor-table to thousands who are now in danger.

Doubtless this world contains many a balm to sooth its physical woes and cure its Diseases. Among those in prominent rank stands BOWMAN'S

VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only i those milder forms of Throat and Lung Diseases such as Colds, Coughs, Quinsey, Difficulty of Breathing Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Uicer, Spitting of Blood, Influen-za, Croup, Whooping Cough, Pain in the Bresst and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more ad vanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimo nials. Language is scarcely strong enough to tell the great power of this wonderful discover; 1. The doubting may try and be convinced. The proprietors point to the following *bona fide* certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession : Allegheny, July 19, 1856

Mr. H. M. Bowman-Dear Sir:-I feel it my duty to let you know what your compound has done for my daugh-ter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your val nable medicine and be cured. My daughter was married nable medic, le and be cured. By daughter was married in 1853, and went to Cincinnati to live, where her hus-band (James Hoyt,) was engaged in business. In six months after her husband die, and I sent for her to come home, where in four months she was confieed and caught cold which settled on her lungs. It seeme, as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months ; but he could not cure her. Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ay-er's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still be came worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neigh bor's houses (Mr. Mayness') and she saw them give vo Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little east ier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as dire ted antil finally cured-it is three months since, and she ha not had a symptom of the old compliant, and is getting as justy as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Dis. eases that we ever got hold of. Try it suffering one and see. Believe me, my deat sir, to ever remain Your earnest friend,

Philadelphia, Aug. 13, 1856. Last spring, while in Pittsburgh, I had a bid cold and cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and longs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best ant dote for coughs and hoarseness that is out, and cheerful recommend it to the public. T. H. STANTON, Pastor of the 1st Prot. Meth. Church, Philadelphia.

THE elections being over and the excitement attending them passed away, and it being considered dangerous nowadays to keep on hand bank notes, the proprietor of the People's Store would again invite attention to his magnificent depository for replenishing the outer man and woman on the scientific principle of saving money, which accommodating establishment is in East Market street, and can readily be distinguished from all others by its piles of beautiful goods and wares and "that sign," which, like the Star spangled banner, is fanned by every breeze. The Ladies, gentlemen, mer-chants, traders, farmers, laborers, and all oth-ers are therefore invited to a grand display (admission free) of a most extensive, beautiful, and cheap stock of Staple and Fancy Goods. The exhibition will remain open every morning, af-ternoon and evening until further notice, and all concerned are requested to call early and procure good seats. The performance commences early in the morning with an exquisite
