A MAMMOTH TURKEY. Improving the Breed .- R. H. Avery of Wampsville, Madison county, New York, is entitled to the first prize of honor for improvement in the breed of turkeys. From a cross of the American wild turkey, made fourteen years ago upon the best domesticated birds, of pure black color, that could be obtained, and by careful attention to breeding since that time, he has succeeded in producing a male bird, two years old last June, of superlative beauty, of glossy black plumage, that weighs 34 pound alive; and a female bird, two years old, weighing 201 pound alive; and a female bird one year old, dressed ready for the spit 154 pound weight; and as the stock has been continuously improving both in size, beauty of form and plumage, for years, it is impossible to determine any limit. He has lately procured a pair of pure wild birds from Cauada, for the purpose of infusing a new strain of wild blood into his stock whenever he sees a chance to improve. The ordinary weight of male turkeys, two years old, as they are prepared for the market, will not exceed 15 pound; and a female of eight pound is accounted a very good one.

This is by way of showing how great is Mr. Avery's improvement, and to encourage others to go and do likewise .--There is one other point of encouragement, that is, the price which such a bird commands. As a good Republican during the late Presidential contest, Mr. Avery determined to offer this magnificent turkey as a thanksgiving offering to the candidate of his choice if elected; but, as he could not have the satisfaction of presenting him to Col. Fremont, he was willing that any of the friends of Mr. Buchanan should have the honor of presenting him upon his inauguration day to serve as member of his (kitchen) Cabinet, provided they were able and willing to pay the price of a dollar a pound. To this point Mr. J. M. PRAYER & HYMN BOOKS, Mathews of Dev street concluded to come, and forwarded the bird by express to Washington, where we understand the noble bird is dividing the attention of visitors between himself and his new owner.

RECIPES.

Crackers for the Sick .- One pound of flour, one egg, not beaten, one tablespoonful of yeast, one tablespoon of cream, a little salt; mix all together with milk to a stiff paste, and beat them twenty minutes with a rolling pin, tobe rolled in small pieces round separately, very thin.

Charles Pudding .- One cup of sugar, one cup of sweet milk, one egg, one tablespoonful of melted butter, half a teaspoonful of soda dissolved in milk, a teaspoon- who have always so liberally patronized him, ful of cream of tartar sifted through the flour. Eat with wine sauce, bake in a loaf.

I never sold a bottle of it but that sold another ; after a trial it always speaks for itself. There are two things about this herb that appears to me sur-prising; first that it grows in our pastures, in some pla ces quite plentiful, and yet its value has never been known until I discovered it in 1846-second, that it should cure all kinds of humor. In order to give some idea of the sudden rise and great

popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day-in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

those in prominent rank stands BOWMAN'S

VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsey, Difficulty of Breathing. Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Ulcer, Spitting of Blood, Influen-za, Croup, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Influenmation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more ad vanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testi-nials. Language is scarcely strong enough to tell great power of this wonderful discovery! The doubt The doubting may try and be convinced. The proprietors point to th following bona fide certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession :

Allegheny, July 19, 1856 Mr. H. M. Bowman-Dear Sir:-1 feel it my duty to le you know what your compound has done for my daugh-ter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your val uable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt,) was engaged in business. In six months after her husband died, and I sent for her to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicin it would tear her breast during the paroxysm of cough, nd her breathing was at times very difficult. Failing to get relief from physicians, we thought we woold try Ay-er's Cherry Pectoral, and she took it regular for seven er's Cherry rectoral, and she took foregular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neigh bor's houses (Mr. Mayness') and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured-it is three mouths since, and she has not had a symptom of the old complaint, and is getting as justy as she ever was. We all units in our prayers to God that you may be prospered and that your Vegetabl Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Dis-

eases that we ever got hold of. Try it suffering one and see. Believe me, my dear sir, to ever remain Your earnest friend,

THOS. II. BANKS Philadelphia, Aug. 13, 1856.

Last spring, while in Pittsburgh, I had a bad cold and cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best and dute for coughs and hoarseness that i ecommend it to the public. T. H. STANTON, Pastor of the 1st Prot. Meth. Church, Philadelphia From Judge Vanhorn, of the District Court at Cincin

Cincinnati, May 4, 1856. I have used Bowman's Vegetable Compound for brom chitis and cough, and believe it to be the best medicin out for those diseases, and the only one lever got to give me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine and will perform what it is published to do. WM. VANHORN, Esq.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat and believe it to be the best thing that I ever got for those mplaints, and cheerfully recommend it to the public. Rev. JACOB GASTON, Pastor of the Clinton street M. E. Church,

remedy for diseased throat and lings, of the day. I have tested it, and found it to be the best of all the popular emedies I ever tried, and I have tried very many.

GBAND EXEDEDTION. CONTINUED.

THE elections being over and the excitement attending them passed away, and it being considered dangerous nowadays to keep on hand bank notes, the proprietor of the People's Store would again invite attention to his magnificent depository for replenishing the outer man and woman on the scientific principle of saving money, which accommodating establishment is in East Market street, and can readily be distinguished from all others by its piles of beautiful goods and wares and "that sign," which, like the Star spangled banner, is fanned by every breeze. The Ladies, gentlemen, merchants, traders, farmers, laborers, and all oth-ers are therefore invited to a grand display (admission free) of a most extensive, beautiful, and cheap stock of Staple and Fancy Goods. The exhibition will remain open every morning, af-ternoon and evening until further notice, and all concerned are requested to call early and procure good seats. The performance commences early in the morning with an exquisite melo-drama entitled

intended exclusively for family use, comprising every article usually sold in that line, and of course cheap, whether quality or price be considered. An intermission of some time will here be

allowed in order to give the audience an oppor tunity of examining an extensive stock of READY-MADE CLOTHING.

This is really fine. This is the general routine of the exhibition, but the scenes are often varied by the introduc tion of other articles, use ul, ornamental and pleasing.

The performers in this exhibition, from the manager down, are all unrivalled and celebra-ted far and wide for their politeness and attention to their numerous customers, and blessed with the most unvarying patience, which is dai-

ly exemplified in their taking pay either in gold, silver, bank notes, or country produce. JOS. F. YEAGER, Manager. Lewistown, Nov. 27, 1856.
