

PUBLIC SALE OF AN ANTHRACITE FURNACE.

ON THURSDAY, the 14th day of May next, will be sold or leased, on the premises, that valuable property known as "HOPE FURNACE," situated about six miles west of Lewistown, Mifflin county, Pa. The Furnace is less than two miles from the Juniata Canal and about that distance from the Pennsylvania Railroad. It is in a region abounding in Hematite and Fossil Ores of the richest description, while its proximity to the Canal and Railroad renders the transportation of materials to and of the produce from the Furnace to either the eastern or western markets, cheap and rapid. The property is a leasehold renewable at the option of the Lessee or their Assigns, and embraces extensive and valuable ore privileges. Several ore banks from a mile to a mile and a half from the Furnace have been opened and are in good working condition, capable of furnishing any quantity of the richest ores. In addition to the ore privileges on the property, leases of other valuable banks in the immediate vicinity have been obtained, which will be conveyed with the property. Limestone of excellent quality in abundance within 400 yards of the Furnace. There are the necessary laborers, upon the property. The Furnace has been completed within the past year, was built in the most substantial manner, and is capable of producing from 100 to 130 tons of metal per week. The machinery is of the best and most improved character, and would furnish with additional boilers blast sufficient for two stacks. The Furnace is now in blast, working satisfactorily, and making iron commanding the best price in the Pittsburgh market. Such property is seldom in the market, and is deserving the attention of Iron Masters. Terms of payment, which will be easy, will be made known on the day of sale. Sale to take place at 12 o'clock.

For further information address JAMES MURRAY, Pres't, Box 100, Baltimore, Md., or GEO. POE, on the property or at Lewistown, Pa. ap30-ts

Choice Farm Lands for Sale.

The Illinois Central R. R. Co. IS NOW PREPARED TO SELL ABOUT 1,500,000 ACRES OF CHOICE FARMING LANDS

In Tracts of 40 acres and upwards, on Long Credits and at Low Rates of Interest.

THESE lands were granted by the Government to aid in the construction of this road, and are among the richest and most fertile in the world. They extend from North East and North West, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern sections timber predominates, alternating with beautiful prairies and openings.

The climate is more healthy, mild and equable, than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound.

Bituminous Coal is extensively mined, and supplies a cheap and desirable fuel, being furnished at many points at \$2 to \$4 per ton—and wood can be had at the same rate per cord.

Building Stone of an excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rolling—their contiguity to this road, by which every facility is furnished for travel and transportation, to the principal markets North, South, East, West, and the economy with which they can be cultivated, render them the most valuable investment that can be found, and present the most favorable opportunity for persons of industrious habits and small means to acquire a comfortable independence in a few years.

Chicago is now the greatest grain market in the world, and the facility and economy with which the products of these lands can be transported to that market make them much more profitable, at the prices asked, than those more remote at government rates, as the cost of transportation is a perpetual tax on the latter, which must be borne by the producer in the reduced price he receives for his grain, &c.

The Title is Perfect, and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is vested, to the purchasers, which convey to them absolute titles in Fee Simple, free and clear of every incumbrance, lien or mortgage.

The Prices are from \$6 to \$30; Interest only 3 per cent.

Twenty per cent. will be deducted from the credit price for Cash.

Those who purchase on long credit give notes payable in 2, 3, 4, 5 and 6 years after date, and are required to improve one-tenth annually for five years, so as to have one-half the land under cultivation at the end of that time. Competent Surveyors will accompany those who wish to examine these lands, free of charge, and aid them in making selections. The lands remaining unsold are as rich and valuable as those which have been disposed of.

SECTIONAL MAPS will be sent to any one who will enclose fifty cents in Postage Stamps, and Books or Pamphlets containing numerous instances of successful farming, signed by respectable and well known farmers living in the neighborhood of the Railroad Lands throughout the State—also the cost of fencing, price of cattle, expense of harvesting, threshing, &c.—or any other information, will be cheerfully given on application, either personally or by letter, in English, French, or German, addressed to JOHN WILSON, Land Commissioner Illinois Central R. R. Co., Office in Illinois Central Railroad Depot, Chicago, Illinois. ap2-6m

THE GAZETTE.

LEWISTOWN, PA.

Thursday, May 7, 1857.

American Republican Ticket.

FOR GOVERNOR: DAVID WILMOT, of Bradford county.

FOR CANAL COMMISSIONER: WILLIAM MILLWARD, of Philadelphia.

FOR SUPREME JUDGES: JOSEPH J. LEWIS, of Chester county. JAMES VEECH, of Fayette county.

Notices of New Advertisements.

Rivers & Derion's Circus will exhibit in this place on the 16th inst. A company of Chinese Artists are among the performers, being an entirely original feature, and which will no doubt attract many to witness the performance. Dr. Marks has resumed the practice of medicine in Lewistown.

Three Journeyman Carpenters wanted. An election for Managers of the Odd Fellows' Hall Company will be held on Monday next.

J. Hamilton & Co. have returned from the city with their spring and summer goods.

The People's Store has received and opened its stock of spring goods. See advertisement.

An Orphan's Court Sale is also advertised.

Pennsylvania Legislature.

The bill appropriating \$3,000,000 of the proceeds of the sale of the main line to the Sunbury and Erie R. R. Co., was reconsidered in the House and passed—49 yeas to 43 nays—Mr. Purcell voting nay.

The amendments to the Constitution have passed both houses, and will now be submitted to a vote of the people.

The bill passed by both Houses for the release of General Small, was signed by the Governor at noon on the 5th, and the Sheriff of Philadelphia telegraphed to the purpose of having him released at once.

The bill for the sale of the Main Line has been reported to the Senate with amendments.

The principal amendment is that instead of putting off the first payment of the principal of the purchase money to the remote period of 1890, as was provided by the bill as it passed the House, the Senate bill requires that one hundred thousand dollars of the bonds given by the purchasers shall fall due on the 31st of July, 1858, and one hundred thousand thereof annually thereafter, until the 31st of July, 1890, when one million of the residue shall fall due, and one million of annually thereafter until the whole is paid.

Trial of McKim at Hollidaysburg.

The trial of McKim, at Hollidaysburg, for the murder of Samuel T. Norcross, is progressing. Though the testimony is circumstantial, it seems to fasten guilt upon the accused in a very strong manner. McKim was seen to leave the cars with Norcross at Altoona, and was afterwards taken upon a sled by a countryman and carried a good distance at his own request. The stories he told to different persons about Norcross are proved to have been false, especially those in reference to his means, and to his being subject to fits of insanity. It is proved that when Norcross disposed of his interest in lots of ground in Duquesne, that McKim was present and recommended him to take money instead of a draft on a house in New York. It was after this that McKim said Norcross had not money enough to carry him through and that he was going to make up the balance. McKim's flight after the murder, his being in the possession of a large sum of money corresponding with that possessed by the murdered man, and many other circumstances, all point too strongly towards his guilt to permit a doubt of his being the murderer.

Railroad Riots.

The employees on the Baltimore and Ohio Railroad have struck, in consequence of a circular issued from the office of the Master of Transportation, to the effect that thereafter, each and every car containing merchandise to be transported over the road, should be delivered into the charge of the conductors sealed, and a receipt taken for the same. The issuing of this order arose from the fact that for a long time the company has been required to pay claims for goods lost in transportation, and this plan has been in successful operation on the New York Central Railroad, and also upon a number of Western roads. Attacks were made on the trains leaving Baltimore and Martinsburg on Wednesday.

The trains subsequently sent out met with various obstructions, and fire arms were used by both the military and rioters, resulting in the death of a few persons and wounding others.

BALTIMORE, May 3.—The Riot on the Baltimore and Ohio Railroad still continues.—Last evening the freight trains were sent out with a military guard, three companies of volunteers having been ordered out by the Governor.

At Jackson's Bridge the trains were fired at by the rioters, and the military returned the fire briskly. One of the rioters was shot dead, and others probably wounded. The train then passed on.

WASHINGTON, May 3.—10 o'clock A. M.—No train has arrived from Baltimore this morning, though long since due here. It is apprehended that the train has been thrown from the track or obstructed by the rioters, on the road beyond the Relay House.

BALTIMORE, May 3, Evening.—The riot continues without abatement, and creates much excitement throughout the city. This morning, the train on which the military guard that accompanied the trains started out last evening were returning to the city, was thrown from the track by the rioters, and several cars demolished. Two of the soldiers were injured, one having his leg broken. Two military companies were sent out to the Relay House this afternoon, to protect the freight trains coming in. They have not yet reached the city, and no tidings have been received from them.

No further riots have taken place, and the trains now run regularly.

The Petersburg dam is reported to have been swept away, and the Williamsburg considerably injured.

A horse and two mules are said to have floated past this place during the late flood—supposed to have been a boat train.

LOCAL AFFAIRS.

Mr. Sharpley's Terpsichorean Minstrels

gave several concerts in the Town Hall since our last, but in consequence of the unpleasant weather failed to draw remunerative houses. Mr. S. is an excellent performer, and withal a gentleman, which is much more than can be said of many who travel about as "minstrels," and are puff'd in the papers as "ten-penny" concerns.

SCHOOL BOARD.

The Board of School Directors is at present constituted as follows: President, John Hamilton; Secretary, Joseph Alexander; Treasurer, David Bloom; James McDowell, George Blymyer, and Andrew Reed.

The balance in the hands of the Treasurer at last week's settlement was \$264 34.

COUNTY SUPERINTENDENT.

The unpleasant weather on Monday or indifference prevented a large number of directors from attending on the day specified for electing a county superintendent—but 28 out of between 70 and 80, having been present. A. D. Hawn, A. B., Principal of the Mattawana School, McVeytown, was chosen by a large majority of those in attendance, and the salary raised to \$600 per annum. Mr. Hawn is undoubtedly capable of filling the office, and if—as we are told he intends—he resigns his present situation and devotes his sole attention to the subject, it is possible a reaction of public opinion may take place as to the usefulness of the office, for there is no disguising that at present three-fourths of the taxpayers look upon it as totally useless. At all events we hope a fair field will be given him by the opponents of the office, so that whatever of good is in it may be drawn forth.

ANOTHER SUDDEN DEATH.

Robert McManigil, Esq., of Armagh township, formerly Sheriff of this county, died on Friday morning last, from the effects of a quantity of laudanum which he had procured at Milroy and taken the previous evening—whether designedly or not, is probably more than will ever be known. The deceased was about 45 years of age. He was of a kind and generous disposition, considering almost every one a friend, and in calling them so too willing perhaps to yield to those who did not always advise him to his own good.

If his was a suicide, this, with Burnside and Dechert of Centre county, makes the third case within a very short time in a space of country not more than ten miles wide. It is a fearful alternative for men to resort to, whether under real or imaginary difficulties—for a strong will and a determination to put forward every effort, cannot well fail to secure an honest livelihood for any one, as well as those dependent on him, or redeem property from incumbrances brought on it by neglect of business, mismanagement, or misfortune.

THE WEATHER, &c.

It commenced raining on Friday about noon, and continued with little intermission until Sunday morning, when the clouds partly broke; at night however it again commenced and kept on until towards Tuesday morning. The streams emptying into the Juniata discharged a large volume of water on Saturday, which soon swelled the river to a flood stage, at which it continued until Monday night, when it rose a few feet more, submerging the tow-path below town and coming into rather threatening proximity to some houses across the creek. At noon on Tuesday it attained its highest stage, since which it has been falling. The drift wood catchers were about as usual, and most of them succeeded in laying in a supply of wood sufficient to last during summer.

SHOCKING ACCIDENT.

The Chambersburg Valley Spirit gives the following particulars of a melancholy accident which occurred in that place last week, and which resulted in the death of Mosheim, a promising boy, about 14 years of age, son of Mr. Rosenberg, formerly of Lewistown:—A number of lads, it seems, were at play on the Cumberland Valley Railroad, near the point where it is intersected by the Franklin Railroad, and among their amusements was the dangerous one of jumping on the burden cars while in motion, after being detached from the locomotive, and riding down the siding. Young Rosenberg, it appears, was on the front bumper of one of the cars, and another lad attempting to get on the same car was ordered off by the conductor. At this moment young Rosenberg either jumped or fell off, in front of the car, and it is supposed broke the bone of his right thigh in the fall or jump. The bone of the right thigh was fractured, but the flesh had not the bruised or lacerated appearance of being passed over by the wheels of the car. In his efforts to get himself off the track his left leg and arm were brought under the wheels of the car, and the foot, ankle, thigh and arm, mangled in the most shocking manner. He survived the accident about five hours, and until death came to his relief, bore his sufferings with the most heroic fortitude.

PROCEEDINGS OF COUNCIL.

The Council met at their room on Monday last, and among other business awarded the building of a culvert on West Third street to Rittenhouse and Miller for \$250, they being the lowest bidders.

The following resolution relative to digging up the streets and pavements for the purpose of laying down gas or water pipes or for any other purpose, was then unanimously adopted:

Resolved, That all persons entering on the streets or alleys for the purpose of digging trenches for gas, water or other pipes, or for any other purpose, shall carefully separate the stone, gravel, cinder or other top covering from the dirt and clay thrown out, so as to replace the same as near as possible; and that in filling up said trenches the ground thrown in shall be puddled and stamped,

and the pavement replaced within ten days thereafter.

Resolved, That a failure to comply with the above regulations, on complaint being made to, or information lodged with the Chief Burgess, that officer shall proceed against the parties doing said work or having it done, under the provisions of an ordinance imposing a penalty for obstructing the streets, &c.

The Democrats carried the municipal election in Philadelphia on Tuesday.

The Delaware river was 23 1/2 feet above low water on Sunday last at Easton. Several rafts were carried away.

Despatches from Chicago, May 5, say there is no foundation for the reports contained in the St. Louis Democrat, in relation to Indian troubles at Fort Dodge, Iowa.

We learn from the Juniata Sentinel that the storeroom of John D. Howell, Esq., at Pleasant View, Juniata county, was totally destroyed by fire on Saturday morning, the 25th ult. The loss falls heavily upon Mr. Howell, as besides losing the contents of his store, he lost \$200 which he had left in a coat hanging in the room the previous evening.

For "COSTAR'S" Rat, Roach, &c. EXTERMINATOR, "COSTAR'S" Bed-bug EXTERMINATOR, "COSTAR'S" ELECTRIC POWDER, for Ants, Flies, &c., order from Depot, No. 288 Broadway, N. Y., or Druggists and Dealers everywhere. Full particulars by mail. See advertisement. ap16-1m

Holloway's Ointment and Pills certain Remedies for Bad Legs and Old Wounds.

Alfred Goslet, aged 27, was for nine years afflicted with an awfully bad leg, there were several wounds in it, which defied all doctors' skill and ingenuity to heal. He tried a variety of remedies, but was not benefited by the same. At last he was persuaded to have recourse to Holloway's Ointment and Pills, the remedies quickly effected a very favorable change, and by continuing them unremittingly for three months, his leg was completely cured, and his general health thoroughly established.

THE MARKETS.

LEWISTOWN, May 7, 1857.

Lewistown Flour, per 100 lbs.	3 75
Superfine "	3 50
Freedom "	3 25

Butter, good, 1/2 lb.	20
Eggs, 1/2 dozen,	12
New Potatoes 1/2 bushel,	00
Pork 1/2 cwt.,	6 50

The Lewistown Mill is paying \$1.35 for red wheat, 1.45a0.00 for white wheat, according to quality.

Alfred Marks, at the new Steam Mill, is paying for White Wheat 1.45a0.06, Red 1.35.

N. B.—Wheat taken on store, with privilege to the owner to sell or ship by boat.

Philadelphia Cattle Market.

There was a fair supply of beef cattle at the different yards. The sales were materially restricted by the rain. Towards the afternoon there was more activity in the market, and most of the offerings were disposed of at prices fully sustaining our former quotations. The whole receipts foot up 1100 head. The greater part of these were from near counties of this State, and 230 from Ohio. Prices ranged from 12 to 12 1/2 for the best quality; 11@11 1/2 for second quality, and 10 1/2 for very common.

Cows and Calves—Sales of 2@300 head, as in quality, from \$25 to 50 each.

Hogs continue in active demand—1875 head were disposed of, mostly at Singer's, at 7@8 for stock, and 9@9 1/2 for fat hogs @ 100 lbs; most of the receipts were brought from the West by the Pennsylvania Railroad.

Sheep and Lambs—The receipts were about 5000 head. Prices have slightly declined.—Sales of sheep at 6@7 cents, live weight, and lambs at \$3@5 each, as in quality; a good many sheep were left over.

Flour, Grain, &c.

Flour and Meal—The receipts and stocks of all kinds continue light, with an increased demand for Flour, both for export and speculation, prices are 50@75c 1/2 lb better than at the close of last week, sales reaching some 8@9000 bbls. in lots, at \$6 25@6 50, and since at 6 75 for standard and good straight brands, \$6 75@7 25 for extra, 7@7 50 for extra family. The inspections for the week ending 30th ult., were 9175 bbls Flour, 450 half do, 815 do Corn Meal, and 889 bbls Rye Flour.

Grain—The receipts of all kinds continue light, and Wheat like Flour is scarce and in request, at an advance of 10@15c 1/2 lb; sales include about 35,000 bu, mostly Penna, at from 153 to 165c for standard and good straight brands, \$6 75@7 25 for extra, 7@7 50 for extra family. The inspections for the week ending 30th ult., were 9175 bbls Flour, 450 half do, 815 do Corn Meal, and 889 bbls Rye Flour.

Married.

In St. John's Church, Bellefonte, on the morning of the 25th ult., by the Rev. James Hildebran, ELIAS W. HALE, M. D., of this county, to Miss MARY VALENTINE, of the former place.

On the 25th ult., by Rev. M. Allison, HENRY HERSHBERGER, M. D., to Miss RACHEL M. McALISTER, both of Fayette township, Juniata county.

On the same day, by the same, JOHN F. ROHRER, of McVeytown, to Miss SARAH E. SPIECE, of Juniata county.

On the 23d ult., by David Schwenk, Esq., NICHOLAS NICHOLSON, to Miss MARY MIDDLESWARTH, both of Franklin township, Snyder county.

Died.

On the 5th ult., near P. O., Ogle county, Ill., ELIZABETH, wife of Geo. W. Gingrich, formerly of Juniata county, and daughter of William and Hannah Pannebaker, of Tuscarora Valley, aged 23 years and 5 days. In the same place, on the 20th ult., WILLIAM P., son of G. W. and Elizabeth Gingrich, aged 6 weeks and 1 day.

In Bannerville, Snyder county, on the 28th ult., SARAH J., wife of Dr. John Y. Shindler, aged 21 years, 3 months and 24 days.

FEMALE AGENTS WANTED

in every Town or Village of the Union, to sell DR. SANFORD'S INVIGORATOR. Many of our Lady Agents are making more than a living from its sale. No money required until the medicine is sold; simply a good reference accompanying application. The Invigorator will cure Sick Headache.
