BONES FOR FRUIT TREES.
A good deal is said of the value of bones and yet not one cultivator in ten thinks enough of their value to preserve them.— Even the refuse bones of his own kitchen are quite likely thrown into the street.— When bones can be had in the villages for a merely nominal sum, he does not think of purchasing them. There is no better material for the border of fruit trees, grapevines, and small fruit-bearing shrubs; and every fruit grower, that has not done planting, should keep a stock of old bones on hand, so that every new border may be well furnished with this plant food. For immediate effect the bones should be dissolved in sulphuric acid or ground into fine dust. But for the larger fruits and vines, bones crushed with a hammer will answer quite as well, and two or three bushels may be put in each border for an apple or pear tree. The crushing of the bones may be done under cover, and makes good work for rainy days. If your trees are already planted, the crushed bones may be dug in among the roots. If worked into the soil of cultivated land, or even spread upon pastures, they will give a sure, though slow return. The eagerness with which plants take up this kind of food may be early discovered by digging up bones under trees and grapevines, when it will be seen that the roots have covered the bones with a net work of fibres, and even penetrated their substance. Save all the bones, and buy them if you would have fine fruits and take the premiums.

WARRANTY OF HORSES.
"As much time and money is wasted in law-suits about horses, I shall conclude with a slight notice of the law of warranty, and a summary of what constitutes unsoundness.
"The warranty must be given at the actual time of the sale: if given either before or after, it is invalid. The warranty of a servant is binding on the master.
"A horse is unsound if lame at the time of sale, no matter whether the cause be removed or not. Corns, cough, any disease interfering with perfect freedom of breathing, crib-biting curbs, enlarged hocks, ossification of the lateral cartilages, pumiced feet, quitor, ringbone, sandcrack, spavin, and cutting, splint, and contracted feet, when they occasion lameness. All constitute unsoundness."

PLANTING CORN.
The practice which some farmers have fallen into of planting their corn crop before the first of May, we think is more honored in the breach than in the observance. The ground is usually too cold and damp, and the seed stands a much greater chance of rotting before there is warmth enough to make it germinate, than at a later period. The plea for early planting, that there will be abundance of time to re-plant, should there be a failure, is not admissible, inasmuch as our seasons are quite long enough to ripen most of the varieties of corn grown in this State, if put in the ground as late as the 25th of the month, or even the first of June. We have seen excellent crops of Canada corn produced, which was planted near the end of June.

Freeburg Academy and Normal School.
THIS INSTITUTION, located in the beautiful and healthy little village of Freeburg, Snyder county, Pa., will commence the second (Spring) quarter of its Second Session on the 23d of March. In view of the great want of proper instruction in this and other counties, a **NORMAL DEPARTMENT** will hereafter be connected with this school, in which Teachers will be prepared for the arduous duties of the school room. That justly popular Teacher, Lecturer and Author, Prof. J. F. STODDARD, has been engaged to deliver a course of Lectures and assist in arranging and conducting the Normal exercises and training, and it is hoped Teachers will avail themselves of his services while in the county. An additional Female Teacher has been engaged, and other arrangements made to meet the wants of all.
TERMS.
One-half payable in advance.
For Board, Room, and Tuition, per session of 22 weeks, \$50.00 to \$55.00
Tuition only, per qr. of 11 wks., 2.50 to 3.00
Instruction on Piano and use of Instrument, 9.00
For Circulars, &c., address
GEO. F. McFARLAND, Principal.
Freeburg, March 12, 1857.

LIQUORS.
We take this opportunity of informing the public that we have obtained direct from the **CUSTOM HOUSE** all kinds of **LIQUORS**, which are as pure as can be obtained in this country, expressly for medicinal purposes.
J. D. STONEROD, Bee Hive Drug Store.
DR. G. N. HARCY,

THE GREATEST MEDICAL DISCOVERY OF THE AGE.
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
Every Kind of Humor
From the worst Scrofula down to a common Pimple.
He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing Sore Mouth.
One to three bottles will cure the worst kind of Pimples on the Face.
Two to three bottles will clean the system of Biles.
Two bottles are warranted to cure the worst Canker in the Mouth and Stomach.
Three to five bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all Humors in the eyes.
Two bottles are warranted to cure Running of the Ears and Blisters among the Hair.
Four to six bottles are warranted to cure corrupt and running Ulcers.
One bottle will cure Scaly Eruption of the Skin.
Two to three bottles are warranted to cure the worst case of Ringworm.
Two to three bottles are warranted to cure the most desperate case of Rheumatism.
Three to four bottles are warranted to cure the Salt Rheum.
Five to eight bottles will cure the worst case of Scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is used.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that, sold another after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day in some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.
In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are few who have seen it cured, and I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Disease of the Spine, and particularly in disease of the Kidneys, &c., the discovery has done more good than any medicine ever used.
No change of diet ever necessary—eat the best you get and plenty of it.
DIRECTIONS FOR USE.—Adults one teacup spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 9 years, teacupful. No directions can be applicable to all constitutions, takes sufficient to operate on the bowels twice a day.
Manufactured by
DONALD KENNEDY,

DYOTT & SONS, Philadelphia, Wholesale Agents for Pa. For sale by F. J. HOFFMAN and MARY MARKS, Lewistown, and by B. F. KEEFER, Millintown. (Jan 22 1857)

PUBLIC NOTICE.
MANNY'S COMBINED Mowing and Reaping Machine,
WITH WOOD'S IMPROVEMENT,
For the Harvest of 1857.
ALL persons desirous of getting this celebrated machine will please send in their orders early, to prevent delay and disappointment was the case in so many instances last season. This machine took the premium at York, Huntingdon, Carlisle, Chambersburg, Harrisburg, Bellefonte, and other places too numerous to mention. Last summer we had hundreds of testimonials and official reports, vouching the superiority of this machine over all others now in use. This machine excels all others in the following points, viz: Its easy convertibility from a Mower to a Reaper and vice versa; its construction for adaptation to uneven surface; the ease with which it can be raised or lowered, for cutting from two inches to eighteen inches from the ground, which is done by means of a lever controlled by the driver while in his seat; its ease of draft, portability, and cleanness of cut. Many of these features are patented and cannot be embodied in any other machine, and all will admit how essential and indispensable they are to a complete combined machine. With each machine will be furnished two scythes, two extra guards, two extra sections, one extra pinion and wrench.
They are warranted to give satisfaction, either as a Mower or Reaper, or no sale.
Price \$140, delivered in Lewistown. All communications directed to F. G. FRANCISCUS, Agent, Lewistown, Millintown, Pa., will meet prompt attention. To persons nearer home, I respectfully refer them to K. A. Means, J. D. Nageny, O. P. Smith, R. McManigal, and Jas. Parker, all of whom having used this machine last season, consider it unsurpassed by any combined Mower and Reaper now in use.
F. G. FRANCISCUS, Agent,
feb19 Lewistown, Pa.

HIGHLY IMPORTANT TO FARMERS.
M. M. FAXON'S
Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills.
THE undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Draw Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish **GRAIN DRILLS**, with the above article attached, at the shortest notice, at his Foundry, in McVeytown, Pa. Seeders have become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the detention and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and I hazard nothing in saying that my Grain Drill is the simplest in construction, most economical in performance, and therefore the most durable ever offered to the agricultural public. The feed is so arranged that it will sow 1, 1 1/2, 1 3/4, 2, and 2 1/2 bushels per acre. Persons desiring one for the coming season are requested to send in their orders as early as possible. Direct to McVeytown, Millintown, Pa., or F. G. FRANCISCUS, Lewistown; E. L. FAXON, Hollidaysburg, Blair Co., Pa.; BOYER & BRO., Harrisburg, Pa., who are authorized to act as agents, and from whom any further information may be had.
PRICE OF DRILLS, with the attachment, \$75. Farmers who already have drills, can have them altered, and the India Rubber Spring attached, for from \$10 to \$15.
All branches of the **FOUNDRY BUSINESS** still carried on, for which orders are respectfully solicited.
McVeytown, June 19, 1856.
M. M. FAXON.

GLAD NEWS.
Full of Hope to the Afflicted and Suffering!
Many of the Thousand Portals of Death may be closed, and life made happier and more comfortable to thousands who are now in danger.
Doubtless this world contains many a cure to all its physical ills and some of these in prominent rank stands
BOWMAN'S VEGETABLE COMPOUND,
A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsy, Difficulty of Breathing, Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Tear, Spitting of Blood, Inflammation of the Lungs, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more advanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimonials. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubting may try and be convinced. The proprietors point to the following bona fide certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession:
Albany, July 19, 1856
Mr. H. M. Bowman—Dear Sir—I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt) was engaged in business. In six months after her husband died, and I went, next to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician, and she took his regular medicine from him for eight months; but he could not cure her. Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbors' houses (Mr. Mayness) and she saw and gave your Vegetable Compound to one of the children for a cough, and she got three or four doses to bring her up and try it. After my daughter had taken it she breathed a little easier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then gave six bottles, the most of which she took, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our prayers to God that you may prosper and that your Vegetable Compound may be the means of restoring health to many. I have used it for my daughter, and I can confidently recommend it to the public as the best medicine for Lung Diseases that we ever got hold of. Try it suffering one and see. Believe me, my dear Sir, to ever remain
Your earnest friend,
THOS. H. BARKS.
Philadelphia, Aug. 13, 1856.
Last spring, while in Pittsburgh, I had a bad cold and cough which troubled me much, and I was told to buy a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything but more of it. I believe it to be the best medicine for coughs and hoarseness that is out, and I can confidently recommend it to the public. I am, Sir,
From Judge Vanhorn, of the District Court at Cincinnati: Cincinnati, May 4, 1856.
I have used Bowman's Vegetable Compound for bronchitis and cough, and believe it to be the best medicine for those diseases, and the only one I ever got to give me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine and will perform what it is published to do.
WM. VANHORN, Esq.
TO THE PUBLIC.
I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat and believe it to be the best thing that I ever got for those complaints, and cheerfully recommend it to the public.
Pastor of the Clinton-street M. E. Church, Cincinnati, June 10, 1856.
Here is one from the old pioneer Methodist preacher of Ohio, Rev. J. B. Finley:
I believe Bowman's Vegetable Compound to be the best remedy for diseased throat and lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried every remedy I recommend it to the public—try it and you will be convinced of its superiority.
Rev. J. B. FINLEY.
Cincinnati, July 12, 1856.
