THE INFLUENCE CASE.

The following proceedings took place in the Supreme Court a few days ago. Henry L. Holt et al. vs. Canal Commissioners.

This is certainly a most extraordinary proceeding on the part of the Canal Commissioners, in making themselves a party to such a suit.

One note hereafter—Both the papers in Milliford make it interesting to read.

Abused, persecuted and misrepresented at every point and on all occasions.

The Perry Freeman, an intense American paper, in its account of the late convention at Lancaster.

Union County.—The American and Republicans of Union county have put in nomination the following ticket.

Nominations for Supreme Judge.—The Democratic convention, which re-assembled at Harrisburg on Tuesday last.

We have received a copy of "Inquire Within, for anything you want to know."

The New York Magistrate, a journal of criminal and civil courts.

But it is the greatest and most pernicious folly to vote for party where party is not the question.

We copy the above from the Lebanon Advertiser, a full-blooded Democratic paper.

The National American Convention, recently in session at Louisville, Ky.

The Federal Union must be maintained.

The Union of Church and State must be preserved.

The rights of conscience must be guaranteed.

American interests must be promoted.

Foreign interests must be restricted.

The nationalization laws must be amended.

The "Squarer conspiracy" and other evil things must be reprobated.
