TO CLEANSE THE INSIDE OF JARS.

There is frequently some trouble in cleaning the inside of jars that have had sweetmeats, or other articles put in them for keeping, and that when empty, were wanted for further use. This can be done in a few minutes without scraping or soaking by filling up the jar with hot water, (it need not be scalding hot) and then stirring in a teaspoonful of pearlash. Whatever of the former contents has remained sticking upon the sides and bottom of the jar will immediately be seen to disengage itself and float loose through the water. Then empty the jar at once, and if any of the former odor remains about it, fill it Also, a great variety of FANCY ARTICLES. again with warm water and let it stand undisturbed a few hours, or till next day; then empty it again, and rinse it with cold water. CLAD MBWS. Full of Hope to the Afflicted and Suffering!

Doubtless this world contains many a balm to sooth its physical woes and cure its Diseases. Among

those in prominent rank stands

BOWMAN'S

VEGETABLE COMPOUND.

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsey, Difficulty of Breathing Bronchitis. Ministers' Sore Throat, Weakness of the Chest, Asthua, Inward Ulcer, Spitting of Blood, Influen-za, Croup, Whooping Cough, Pain in the Breast and Side, Hoarseness, Catarrh and Catarrhal Affections, Inflam-mation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more ad vanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimo nials. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubting may try and be convinced. The proprietors point to the following bona fide certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession

Allegheny, July 19, 1856 Mr. H. M. Bowman-Dear Sir .-- I feel it my duty to let you know what your compound has done for my daugh-ter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your val nable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt,) was engaged in business. months after her husband died, and I sent for her to come me, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York a celebrated physician there, and she took medicine from him for eight months; but he could not cure her .-Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for sevel weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still be

After my daughter had taken it she breathed a little easier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured-it is three months since, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Dis-eases that we ever got hold of. HOLLOWAY'S OINTMENT. THE GRAND EXTERNAL REMEDY.

 $B^{\rm Y}$ the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inwawd part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflam-mation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum & Scorbutic Humors.

No remedy has ever done so much for the cure of diof the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula or Erysipelas, can long withstand its influence. The inventor has traveled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to
