Miscellaneous.

GLASS MILK PANS.

A farmer in Akron, Ohio, has been experimenting with milk in glass pans. He says: "I took the milk of the same cow, milked at the same time and divided it equally, putting half in a glass pan, and half in a tin pan, and placed them side by side. In the first twenty-four hours, were two thunder showers; and, at the end of that time, the milk in the tin pan was sour; that in the glass pan was sweet and good. At the end of twelve hours more, that in the tin was thick *clabber*, and that in the glass began to turn. From this, I believe glass pans will preserve milk one-third longer than tin pans." We believe farmers are beginning to find this out, as we heard of a number who are introducing glass instead of tin. We have referred to the superiority of glass over tin for dairy purposes, several times within the last year or two.

HYDROPHOBIA.

In view of the prevalence of rabid dogs, we publish the following recipe, which is believed, in some instances, to have neutralized the virus:—

First dose, 1 ounce of elecampane root, boiled in 1 pint milk until reduced to a half pint. Second dose, (to be taken two days after the first,) 1½ ounces of elecampane root in one pint of milk, boiled as the first. Third dose, the same as the second (to be taken two days after); in all three doses.

The above was sent to the New York Tribune by J. W. Woolston, of Philadelphia, as a cure for the above terrible disease, and he states that he has known it to be perfectly successful in effecting a cure in twenty cases. We will add that it is the same cure that was much spoken of and used in this region some thirty years ago. It was then said to be a remedy for this dreadful disease; but as scarcely more than one-half of the persons and animals who are bitten become mad, it is quite probable that the "cures" belonged to that fortunate portion.

Horse Thief Shot.—The Pittsburgh Chronicle says that a man named Stark, alias Stephenson, was shot recently near Washington, Washington county, while in the act of stealing a pair of horses, by Mr. Clark, who resides about four miles from Washington. When Clark heard the noise at the barn he went out, taking his rifle. He saw one of his horses hitched to a fence, and observed that another one was being led from the stable by Stark, who stopped to arrange the throat latch, holding up a dark lantern for the purpose. At this juncture Mr. Clark drew up his rifle and fired. The ball entered Stark's head near the butt of the ear, and he dropped to the ground dead.

Sugar Once More.—Is there a scarcity? See the following figures: On Jan 1st, 1854, there were 28,094 hhds, and 394 boxes of Sugar in the New York Market; same date in 1855, 30,978 hhds, 7,637 boxes; same date, 1856, 45,019 hhds, and 4556 boxes, and same date, 1857, 59,028 hhds, 24,113 boxes, and 12,500 bags of Singapore!

The same excess of the stock of Molasses in New York market may be noted. On the 1st of June, 1857, there were 12,351 hhds, 10,519 bbls, of Molasses against 4,250 hhds and 1735 bbls on the same date last year.

Is it not evident that speculation and not scarcity keep up the prices of this necessary of life.

☞ Harriet Weightman, the wife of Rev. Robert Weightman, curate of Newton Arlosh, in Cumberland, England, was found dead on the morning of the 6th of May, kneeling on the floor, and with her head upon the sofa. It appeared that the curate was a heavy drinker, and that the deceased had unfortunately fallen into the same habits within the last few months. They had both been drunk on the previous evening, and when the servant went to bed, at 3 o'clock that morning, Mr. Weightman was sitting on the sofa, and the deceased kneeling in the position in which she was afterwards found.

Heavy Shipment of Specie.—The Arabia departed yesterday for Liverpool with the heavy shipment of *two millions two hundred and sixty-five thousand two hundred and twenty four dollars* ($2,265,224) in specie, the largest exportation of hard cash ever made in any ship from this port, by at least half a million of dollars. European dry goods and hardware, silks, laces, jewelry, French *bijouterie*, &c., will account for the bulk of this little instalment in the way of exchange.—About $800,000 of this sinking fund go over to the Rothschilds upon a gold shaving operation for the relief of the Bank of France. After a while there will be a more universal run for specie, and pretty general run down of all sorts of paper substitutes. Let us keep off the lee shore.—*N. Y. Herald, June* 11.

HAIR VICTORY
GOING AHEAD!

THIS Wash is its own composition. It possesses wonderful properties for removing dandruff and all scrofulous excrescences from the head, causing the hair to thrive and grow luxuriantly, whether any ever remained, and consequently all persons, prematurely old, where being, or falling off and becoming thin, can have the evil remedied by

GRIFFITH'S VICTORY

in a very short time. Persons who are bald, should give this Wash a fair trial, for, unless the hair roots are entirely dead, a handsome crop of hair can be produced.—This Wash is unquestionably a valuable article, which cannot be surpassed by any hair article ever invented.

Read the following Certificates.

We, the undersigned, citizens of Lewistown, do certify that we have used Griffith's Hair Victory, and cheerfully recommend it to all persons as a most valuable article for causing hair to grow, and removing dandruff and other excrescences from the head.

LET US REASON, TOGETHER.

HOLLOWAY'S PILLS.
WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY. ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses.—Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to Children of all ages, and for any complaint; consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Diarrhœa	Indigestion	Secondary
Bowel Complaints	Dropsy	Influenza	Symptoms
Coughs	Debility	Inflammation	Inward weakness
Colds	Fever and Ague	Venereal Affections	Liver compl'ts
Chest Diseases	Female Complaints	Worms of all kinds	Low ness of Spirits
Costiveness			
Dyspepsia	Headaches	Stone & Gravel	Piles

***Sold at the Manufactories of Professor HOLLOWAY, 80 Malden Lane, New York, and 244 Strand, London, by all respectable Druggists and Dealers of Medicine throughout the United States, and the civilized world, in boxes, at 25 cents, 62½ cents, and $1 each.

☞There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box. je5

☞CAUTION!—None are genuine unless the words "*Holloway, New York and London,*" are discernible as a *water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

GLAD NEWS.
Full of Hope to the Afflicted and Suffering!

Many of the Thousand Portals of Death may be closed, and life made happier and more comfortable to thousands who are now in danger.
Providence this world contains many a balm to sooth its physical woes and cure its Diseases. Among those in prominent rank stands
BOWMAN'S
VEGETABLE COMPOUND,

A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsey, Bronchitis, Hoarseness, Asthma, Inward Fever, Spitting of Blood, Influenza, Croup, Whooping Cough, Pain in the Breast and Side, Shortness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more advanced affections of the Lungs. For the truth of the above statement and the efficiency of the compound as an antidote, we refer the public to the following testimonials. Language is scarcely strong enough to tell the whole. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubting may try and be convinced. The prospectuses point to the following home facts confidently with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession:

Allegheny, July 28, 1856.

Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1851, and went to Cincinnati to live, where she took cold (Power Hoyt,) was engaged in business. In six months after her husband died, and I went for her to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then went to New York in a celebrated physician there, and she took medicine from him for eight months; but he could not cure her—her cough was hard and exhausting and seemed to disturb it would tear her breast during the past years of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbor's houses (Mr. Magraw's) and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easier, and we went and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the worst of which she took, she entirely cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as fleshy as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Diseases that we ever got hold of. Try it suffering one and see. Believe me, by deed or act, to offer remedy.

Your sincere friend,
THOS. H. BANES.

Philadelphia, Aug. 12, 1856.

Last spring, while in Pittsburgh, I had a bad cold and cough which confined me to bed, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for disorders of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best medicine for coughs and hoarseness that is out, and cheerfully recommend it to the public. T. H. STANTON,
Pastor of the 1st Prot. Meth. Church, Philadelphia.

From Judge Warburn, of the District Court at Canton.

Canton, May 8, 1856.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and influenza, sore throat and hoarseness, and I believe it to be the best medicine ever used for these diseases, and the only one I ever got me any permanent relief. It will cure. I recommend it to the public as an honest and efficient medicine and will perform what it is published to do.

WM. VANHORN, Esq.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and influenza, sore throat and hoarseness, and I believe it to be the best thing that I ever got for these complaints, and cheerfully recommend it to the public.

Rev. JACOB GANTON,
Pastor of the Church, Ohio M. E. Church,
June 10, 1856. Cincinnati.

Here is one from the old pioneer Methodist preacher of Ohio, Rev J B Finley:

I believe Bowman's Vegetable Compound to be the best remedy for diseased throat and lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public—try it and you will be convinced of its superiority. Rev J. B. FINLEY.

Cincinnati, July 12, 1856.

Hear what the celebrated Dr. Peck says:

I have used Bowman's Vegetable Compound for coughs and hoarseness in speaking; and believe it to be the best preparation for throat and lung complaints I ever got, and I recommend it to the public speaker and singer as well as those afflicted with lung diseases. J. T. PECK.

New York, May 12, 1856.

Hear what Dr. Benson, of Cincinnati, says—(extract from a letter):

Bowman's Vegetable Compound contains a virtue that is not possessed by any other popular medicine in my knowledge. It does not only smooth the disease over, giving it only temporary relief (like most of patent medicines), but it commences at the root of the disease and *performs a perfect cure.* G. W. BENSON, M. CATHARTIC PILLS,

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove obstructions of the stomach, bowels, liver and other organs of the body, and, by restoring them to healthy action, correct, wherever they exist, those derangements on which the first symptoms of disease depend. An extensive trial of their virtues, in Public Practice, Physicians, and Patients, has shown cures of such various diseases almost beyond belief, were they not substantiated by persons of such exalted character and standing as to forbid the suspicion of untruth. Their certificates are published to us in our American Almanac, which the Agents below named are pleased to furnish free to all inquirers.

Annexed we give DIRECTIONS for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, such quantity as to gently move the bowels. Costiveness is frequently the accompaniment of other diseases, and the cure of one contributes to the cure of both. No person can feel well who suffers habitual costiveness from neglect of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the result of Costiveness, and always intimately connected with it, take one or two Pills after each meal, to correct the disorder of the stomach, and a dose—from one to four—at night, to relax the liver and leave it in healthy action. These will do it, and the digestion will restore the appetite, and with it health. Dyspeptics will be surprised to find how rapidly they will regain vigor.

FOR SCROFULA, ERYSIPELAS, and all Impurities of the Skin, take the Pills freely and sufficiently to keep the bowels open. The eruptions that usually appear in Scrofula will soon begin to disappear, and healthy sores will follow. Persevere in the purging and purifying effect of these Pills, and the whole system will become cleansed from the foul influence, leaving the sufferer in perfect health. Patients, it is your duty to society, as well as yourselves, to be cured of your diseases. Do not delay, but get rid of your impurities at once. Let no false pride prevent you from having the worst humor in your blood expelled. Let the world see, by your healthy appearance, that you have been cured, and proclaim the fact that others may be benefited by your experience. Many a face is now disfigured with pimples, blotches, ulcers, sores, and boils, which might be made to assume a healthy appearance by the use of the infallible cleansers of the skin, before the system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken by the young and frequently, and the impurities which are the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this purification they do as much good in preventing sickness as in the remarkable cures which they are making everywhere.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement of the Liver—torpidity, congestion, or obstruction. Torpidity and congestion vitiate the bile and prevent it from performing its office in the digestive process. This is CHOLERA MORBUS, and the constitution is frequently undermined by no other cause. Indigestion is the consequence. Obstruction of the duct which empties the bile into the stomach causes the bile to be taken up into the blood. This produces Jaundice in its mild form, and a long and dangerous train of evils. Costiveness, alternately, sometimes and diarrhœa, usually attend. Feverish symptoms, languor, low spirits, nervousness, and melancholy, with sometimes great drowsiness, sometimes there is severe pain in the side, the back, and the white of the eyes become a greenish yellow. Sometimes the stomach acids; the bowels seem to be the principal seat of disease, the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medicine that will relieve the Liver must be used. Two or four Pills taken at night, followed by a dose of three in the morning, and repeated a few days, will remove the cause of all these troubles. It is not necessary to suffer such pains when you can cure them for a few cents.

RHEUMATISM, GOUT, and all Inflammatory Diseases are rapidly cured by the purifying effect of these Pills upon the blood and the stimulus they afford to the vital principle of Life. Under the use of these and all kindred complaints they should be freely taken in mild doses, to move the bowels only moderately freely.

AS A DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual for the purpose for which a dinner pill is required.

HOME MANUFACTURE!
Neat, Cheap & Durable
W. G. ZOLLINGER,
Market street, Lewistown, next door to Kennedy's store,

Respectfully invites all who desire to improve their upper stories with a neat and fashionable topping to call at his store, where they will find a good assortment of Hats manufactured under his immediate superintendence by competent and faithful workmen, or should not be on hand, a hat of any description will be got at short notice, all of which are warranted to be equal, if not superior, to any sold in Lewistown or any other place in or out of this State. There is no gammon about this—no idle boasting, as the people can learn for themselves by making the inquiry and trial.

For the Ouish he has constantly on hand, or will make to order, hats to their taste of the required size or brim, at prices that cannot fail to be satisfactory.

Country Merchants will find it to their advantage to give me a call, as a liberal deduction will be made on wholesale purchases, to those especially so to punctual men.

Thankful for the liberal patronage heretofore received, his study will be to please all, and may favor him with their custom in future, and trusts that as the times are hard, and money high, and other things in proportion, the public will act as much as possible on the cash system, or at least on the saying that "short reckonings make long friends." jy22
