

**Agricultural, &c.**  
**Profits of Agriculture.**  
 Do they Vary Much in Different Years?—Sometimes they do, but generally not in the long run.  
 When they do vary.—1. When the farmer leaves nearly all his strength to the growth of one staple, if that fails him he is a loser, and his profits that year are cut off. If a farmer raises wheat alone, or fruit alone, it is evident that in bad seasons, his support is taken away, or nearly so. 2. The same result follows, in the same circumstances, when he grows the crop itself, is not cut off, its price suddenly and greatly lowers by the failure of the demand, or by some other cause.  
 But in general, the profits of farming are about equal, one year with another, for a long term of years, because—1. If any season is unfavorable to any particular crop, the same season is commonly favorable to some other crop which may supply its place. A cool wet spring is unfavorable to corn, but it is good for grass. 2. If all crops should be very poor, the aggregate though small would command as high a price as a generous crop could. 3. In every case where the profits of farming vary most, namely, instances first mentioned above, the profits one year would compensate for the losses of another, so that they have a very fair average every two or three years.  
**Reference.**—1. The good farmer, who cultivates a variety of crops, need feel very little anxiety about the seasons; what he loses on one hand, he gains on the other. 2. It is in general best to have a variety, if one can; it favors independence, and equalizes one year with another.—Ohio Farmer.

**Vegetable Honey.**—The Skowhegan Clarion tells us how the people of that favored locality are furnished with honey by the trees.—A similar phenomenon has been recorded by the Mormons of Utah:—In ancient times the children of Israel were furnished with bread from Heaven. At the present day, while the price of every description of sweetening is so high that it is almost beyond the reach of common people, a new wonder has appeared in the shape of honey upon the leaves of the elm tree. The leaves of several elm trees in this village are thickly coated with a substance resembling honey both in taste and appearance. It is so thick as to fall in large drops from the ends of the leaves.

**Hydrophobia among Cattle.**—*Man Bitten.*—A few weeks ago, we published an account of some cattle and hogs that were bitten by a rabid dog, on the Priesttown road, a few miles from this city. Two cows belonging to Mr. Keisnyder, two heifers owned by Mr. Daniel Rotheberger, and two hogs in the possession of Mr. Henry Noll, were bitten at the time. We now learn that one of the cows became mad on Tuesday, and was killed.—One of the heifers was attacked by the same malady on Wednesday, and was also killed. The other cow having shown symptoms of hydrophobia, was placed in the stable and securely chained. She will be killed this morning, should the symptoms result as apprehended. While the men were engaged in chaining the cow, she bit the finger of a Mr. Wagner, whose hand in a short time became much inflamed, and swelled to a considerable size. These are all the particulars of the affair that we have been able to obtain.—Reading Gazette.

**HOVER'S LIQUID HAIR DYE.**  
 THIS HAIR DYE needs only a trial to satisfy all of its perfection as a dye, and the following testimonial from that eminent Analytical Chemist, Professor Booth, of the U. S. Mint, will only confirm what thousands have previously borne testimony to.  
 LABORATORY FOR PRACTICAL CHEMISTRY,  
 St. Stephen's Place,  
 Philadelphia, February 17th, 1857.  
 "Being well acquainted with the substances composing *Hover's Liquid Hair Dye*, I am satisfied that by following the simple directions given for its use, it will not injure Hair or Skin, but will give a natural and durable color to the Hair."  
 JAS. C. BOOTH, Analytical Chemist.  
 HOVER'S WRITING INK, including *Hover's Fluid and Hover's Indelible Inks*, are too well known and introduced to require any additional testimony of their character. The sales have been increasing since their first introduction, giving evidence that the articles truly possess that intrinsic merit claimed at first for them by the manufacturer.  
 Orders, addressed to the manufacturer, No. 416 Race street above Fourth, (old No. 144.) Philadelphia, will receive prompt attention by JOSEPH E. HOVER, Manufacturer.

**THE GREATEST MEDICAL DISCOVERY OF THE AGE.**  
**DR. KENNEDY**, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures  
**Every Kind of Humor**  
 from the worst Scrofula down to a common Pimple. He has tried it in over 100 cases, and never failed except in two cases, (both throat humors). He is now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles warranted to cure a nursing Scrofula. One to three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humors in the eyes. Two bottles are warranted to cure Ringing of the Ears and Itching of the Hair. Four to five bottles are warranted to cure corrupt and running Ulcers. One bottle will cure Scaly Eruptions of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism. Three to four bottles are warranted to cure the Salt Rheum. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a second cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure was water with extinguish his source will this cure humors. I never failed. If you feel that cold another after trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humors. In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day. Some of the wholesale Druggists who have been in business since the discovery, say that nothing in the analysis of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are few who have seen more of it than I have. I have cured several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known to the public. No change of diet ever necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 8 years, tea spoonful. As no directions can be applicable to infants, take sufficient to operate on the bowels twice a day. Manufactured by

 cure its Diseases. Among these in prominent rank stands  
**BOWMAN'S VEGETABLE COMPOUND,**  
 A SAFE and speedy cure for Consumption, not only in those milder forms of Throat and Lung Diseases, such as Colds, Coughs, Quinsy, Difficulty of Breathing, Bronchitis, Mitisers' Sore Throat, Weakness of the Chest, Asthma, Inward Ulcer, Spitting of Blood, Hoarseness, Catarrh, Pain in the Breast and Side, Zzz, Croup, Whooping Cough, Pain in the Lungs, Inflammation of the Lungs, Bleeding of the Lungs, &c. But its superior excellence is seen and tested in the more advanced affections of the Lungs. For the truth of the above statement and the efficiency of the Compound in an analysis, we refer to the following testimonial. Language is scarcely strong enough to tell the great power of this wonderful discovery! The doubling may try and be convinced. The proprietors point to the following bona fide certificates with confidence in their influence on the community; they are but samples of the many hundreds of testimonials in our possession:  
 Atcheyon, July 19, 1856  
 Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your Compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1852, and went to Cincinnati to live, where her husband (James Hoyt) was engaged in business. In six months after her husband died, and I sent her to her home, where in four months she was confined and brought forth a child which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her.—Her cough was fixed and stubborn and seemed as though it would tear her to pieces during the paroxysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all the money it has cost us, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbors' houses (Mr. Mayness') and she saw there give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easier, and we sent her to get a bottle of it, but she would not take it there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is setting as just as she ever was. We all owe it to our prayers to God that you may be preserved and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung Diseases that we ever got hold of. Try it suffering one and see. Believe me, my dear Sir, in your remain  
 Your earnest friend,  
 THOS. H. BANKS.  
 Cincinnati, Aug. 12, 1856.  
 Last spring, while in Pittsburgh, I had a bad cold and cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best antidote for coughs and hoarseness that is sold, and cheerfully recommend it to the public. F. H. STANTON,  
 Pastor of the Unit. Prot. Meth. Church, Cincinnati.  
 From Judge Vanhook, of the District Court at Cincinnati:  
 Cincinnati, May 4, 1856.  
 I have used Bowman's Vegetable Compound for bronchitis and cough, and believe it to be the best medicine ever for those diseases, and the only one I ever got to give me any permanent relief. It is a good and safe medicine to the public as an honest and efficient medicine and will perform what it is published to do.  
 WM. VANHOOK, Esq.  
 TO THE PUBLIC.  
 I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat and believe it to be the best thing that I ever got for those complaints, and cheerfully recommend it to the public.  
 Rev. JACOB GASTON,  
 Pastor of the Clinton street M. E. Church, Cincinnati, June 10, 1856.  
 Ohio Rev. J. B. Finley:  
 I believe Bowman's Vegetable Compound to be the best remedy for diseased throats and lungs of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public—try it and you will be convinced of its superiority. Rev. J. B. FINLEY,  
 Cincinnati, July 12, 1856.  
 How well the celebrated Dr. Peck says:  
 I have used Bowman's Vegetable Compound for cough and hoarseness in speaking; and believe it to be the best preparation for throat and lung complaints I ever got and I recommend it to the public as honest and safe as well as those afflicted with lung diseases. J. T. PECK,  
 New York, May 12, 1856.  
 Hear what Dr. Benson, of Cincinnati, says—(extract from a letter):  
 Bowman's Vegetable Compound contains a virtue that is not possessed by any other popular medicine in my knowledge. It does not only smother the disease over, giving it only temporary relief (if most of patent medicines), but it commences at the root of the disease and performs a perfect cure. Dr. Benson to the public.

**AYER'S PILL**  
 Are curing the Sick to an extent never before known of any medicine.  
**INVALIDS, READ AND JUDGE FOR YOURSELVES.**  
**JULIUS HAUL,** Esq., the well known physician, is found at almost every town, says:  
 "I am fully happy to say of your CATARRHIC PILL, that I have found them a better family medicine, than any other within my knowledge. My patients have realized marked benefits from their use, than any other within my knowledge. The qualities which make them so valuable, are not only effectual, but safe and pleasant to the stomach. They make them so valuable, when they are known."  
 The venerable Chancellor WARDLAW writes thus:  
 "I have used your CATARRHIC PILL, in a case of Bilious headache, which has of late years troubled me in the spring, a few doses of your PILL cured me. I have used your Cherry Pectoral, in a case of cough and colds with unfailing success. My wife and children have realized marked benefits from your medicine, which I earnestly recommend to all who are afflicted with any of the above diseases. You are for the good you have done, and I feel it a pleasure to state that I have used your medicine, and found it to be superior to all other I have ever used."  
 JOHN F. BEATTY, Esq., Sec. of the Penn. Bar, says:
