DUTY OF THE OPPOSITION. The harmonious proceeding with which the campaign opened on Tuesday evening, on the part of those opposed to the patent democracy, is a subject of general congratulation, and affords strong evidence that an effective force. Some few things were said by the speakers that might perhaps have been as well left unsaid, but as they were only their individual opinions, they must merely be taken as such. As a whole, the meeting, both in numbers and the standing of the men who composed it, was undoubtedly one that has not often been equalled, and this fact speaks in significant tones the feeling throughout the county. ## WILMOT AND PACKER.

PACKER BACKING OUT!

Mr. Wilmot having resigned his judgeship for the purpose of canvassing the State, addressed the following letter to the opposing candidate:

Towanda, July 14, 1857. Hon. Wm. F. Packer;

Dear Sir-I propose to spend some time, during the summer and fall, in canvassing before the people of the State, the principles and issues involved in the pending State elec-

Party meetings bring out only that portion of the people to whom the call is made, and the addresses are necessarily all on one side, whereas it is desirable that the whole people, so far as may be, should have both sides fairly presented before them at the same time.

If it should meet your views, I propose that we canvass so much of the State as is practicable, in company, addressing alternately the same meetings. Should this meet your assent, please to inform me at your earliest convenience, so that we may arrange the times and places of meeting, order of speaking, &c., &c. Very respectfully your obedient servant,

DAVID WILMOT.

To this the following reply was received: WILLIAMSPORT, Pa., July 27, 1857.

Hon. D. Wilmor:
Dear Sir:—Your letter of the 14th inst. was duly received; and as it proposed a plan for conducting the Gubernatorial Campaign which had never hitherto been adopted in Pennsylvania, and as the interests of other candidates were involved in the result, I did not feel at liberty to accede to your proposition without first consulting the State Committee to which the Democratic Convention has on its part specially confided the control and management of the canvass.

You will receive herewith a copy of my letter to the Committee, as also their reply, by which you will perceive that your sugges tion does not meet their appreval, and that, for reasons stated at length, I ought not to accede to your proposition. It is therefore respectfully declined.

I am, yours, truly, WM. F. PACKER.

It is pretty evident from this note, as well as Mr. Buckalew's letter, referred to by Mr. Packer, that the locofoco leaders are not at all desirous of bringing the thinking men and the bone and sinew of their party under the sound of Judge Wilmot's arguments, but vastly prefer to call them together alone, and then under the cloak of "democracy" cover up the worst features of old federalism and anticommon prudence can do much towards democratic practices diametrically opposed organizing and bringing into the field to the principles of the Declaration of Independence and the legislation of the fathers of our republic.

## THE DEED FOR THE SALE OF THE MAIN LINE--BEAUTIFUL PIECE OF WORKMANSHIP.

The last act of the drama, says the Harrisburg Telegraph of the 30th, was finally executed this morning, by the signature of A. G. Curtin, Esq., Secretary of the Commonwealth of Pennsylvania, to the deed conveying the Main Line of Public Improvements to the Pennsylvania Railroad Company. These improvements, for which the State has spent an enormous amount of ted who will come here, not bent on having money, have finally passed into the hands of this man or that man nominated for office a company composed of the best business without regard to the remainder of the men in the State, and it remains to be seen ticket, but with a determination to make whether they will be able to manage them choice of those most likely to subserve the in such a manner as will reward the stockends in view. For our part, we have but holders for their heavy investments. The little preference among those thus far State having lost large amounts in their named, and shall therefore cheerfully sup- management, we hope that the company may meet with better success, and be am-

The 30th day of July may, therefore, be hailed as a day of RELIEF by the taxpayers run and thus divide the opposition, none, of this great State. Their State debt has virtually been reduced this day the sum convention and abide by the result. Such of SEVEN MILLIONS AND A HALF OF DOLa course is a prelude to success-any other LARS; the Pennsylvania railroad having paid that amount in eash and bonds to the State Treasurer of Pennsylvania for the works, and this money must be applied immediately to the reduction of the State debt-although the company does not pay the whole amount of the purchase money in cash, yet they will pay interest on their bonds, consequently the people will be relieved from the payment of interest on the State debt to that amount.

The deed as executed is written on parchment in a bold and plain hand, handsomely bound in Turkey morocco in folio form. The book containing the deed, contains also, a handsomely embellished title page, decorated with a beautiful coat-of-arms and other suitable devices; the act providing for the sale of the Main Line; the proclamation of the Governor offering the same for sale are also bound in the book, and finally the receipts of the purchase money and bonds to the amount of seven millions and a half, signed by the proper accounting officers, closes this pleasing drama.

Subsequently the Governor made proclamation of the fact, and from and after for \$55. Saturday last all the officers on the main line were in the employ of the Railroad Company. How long they will remain so depends on their behaviour, as inefficiency, neglect, drunkenness, dishonesty, and other relicts of State management will no doubt hereafter meet with a prompt reward in the shape of a dismissal.

Several of our exchanges just now are claiming to be the "gayest of the gay." They all steal this piece of vanity from Traugh, and he stole it from an old song.

### LOCAL AFFAIRS.

ENTHUSIASTIC GATHERING OF FREEMEN. In pursuance of a call published in the Gazette, the Tewn Hall was completely filled on Tuesday evening by the farmers, mechanics and working men opposed to the present National Administration-a larger proportion being from the country than has attended a county meeting for a number of years. When the fact is taken into consideration that the civil list was continued, and consequently but few persons in town attending court, this evidence of interest in political affairs speaks well for the campaign. The meeting was organized by the appointment of the following officers:

President, ANDREW WATT. Vice Presidents, JOSEPH HAFFLY, of Union, MATTHIAS NIECE, of M'Veytown, WM. SWARTZ, Esq., of Lewistown, SAMUEL LAIRD, of Wayne township, JONATHAN SWANER.

Secretaries, Charles S. M'Coy, W. F. Shaw.

The officers having taken their seats, the collowing gentlemen were appointed a committee to report resolutions for the consideration of the meeting.

R. M. Kinsloe, Esq., James Barefoot, John Davis, Wm. Rissler, Robt. Sterrett, Jr., Samuel Watts, Wm. Barr.

During the absence of the committee, S. S. Woods, Esq., scientifically dissected ing, favored the meeting with music.

Thomas Stuart was next called upon and addressed the meeting in an able manner on the necessity of cultivating good feelings in the coming campaign, and assured his hearers that success would crown their efforts if they pursued the path plainly jects.

The Band again struck up when the meeting adjourned.

SHERIFF'S SALES .- The Sheriff disposed of the following property, heretofore

advertised to be sold on Saturday last: A lot of ground in Lilleysville, 21 acres, as the property of John A. S. Young, sold to John Burkholder for \$45.

A tract of land in Oliver township, containing 71 acres, as the property of the Crisswells, sold to H. N. Burroughs for \$76. A lot of ground in McVeytown, with house,

store house and stable, as the property of John B. Stewart and A. P. Owens, with notice, sold to Dr. Ard for \$220. A lot of ground in the West Ward, Lewis-

town, with frame house and other improve ments, as the property of Z. Orner, sold to D. W. Woods for \$5. Also, another lot with a small frame building, sold to S. S. Woods

The foundry, with machinery, &c. in the West Ward, Lewistown, as the property of Daniel Zeigler, sold to S. S. Woods for \$4150. Also, a lot on Main street, with two frame buildings, to S. S. Woods for \$5. lot on the road to McCurdy's, to Samuel Eisenbise for \$31.

Three tracts of land in Granville township, with a frame saw mill, as the property of Wm. H. Irwin, sold to Wm. Butler for \$390. Also, a tract of 418 acres in same township, to Gideon Wells for \$100. Also another tract of 212 acres, adjoining the above, to same purchaser, for \$50.

The colored folks celebrated Emancipation day on the 1st instant by a procession and dinner, which, with the exception of a few noisy ones who were on the ground, passed off pleasantly.

M. Faxon of McVeytown, and Dr. G. V. Mitchell, were appointed Conferees to select a Senatorial Delegate to the State Convention, and were recommended to urge Col. Josiah Kerr, of Brown township.

For the principal offices there had been considerable contest at the delegate elections. A. A. Banks, who has lately set up a faction on his own hook, ran an independent set in the Borough, but did not suceeed in securing any delegates. It is said the patent democracy, and exposed the he had the promise of a vote from one of pecious pleas under which the State has the delegates elected, and that eight or been robbed and the taxpayers imposed ten others from the country were prepared upon. At the conclusion of his speech, to follow such a lead, by when the convenwhich was greeted with repeated applause, tion met Alec had what the Irishman defithe Lewistown Band, an association of ned "nothing" to be, a "bootless stocking young men finely progressing in their play- without a leg." For Sheriff the contest lay between Williams, Kyle, and Mitchell, The following resolutions were then read and resulted rather unexpectedly in favor of the first named. The principal fight WHEREAS, A number of candidates have however was for Treasurer, and we suspect a considerable portion of the ticket owes its origin to that bone of contention between Mayes and Selheimer. When an-Resolved, That it be recommended to all nounced there were wry faces to be seen

In the evening the county meeting assembled, which, but for the attendance of the opposition who called in to see the fun, would have been a slim affair. Being duly organized, and a committee appointed to draft resolutions, Joseph Alexander proceeded to deliver his exhortation. The committee having returned, their resolutions were read, and then came the tug of war by A. A. Banks offering a series condemning the sale of the main line-opposing a repeal of the tonnage tax-condemning an appropiation of \$3,000,000 to the Sunbury and Erie Railroad, and en-Resolved, That we are opposed to any mea- dorsing the decision of the Supreme Court officious assumptions were also poked at Dr. Bower, who was required to make known his views on them.

Dr. Belford said he was opposed to the repeal of the tonnage tax, but could satisfy any one that the appropriation to the Sunbury and Erie Railroad would have been to the advantage of the State.

Auditor General Banks we take it was on the fence. He thought it might have been as well if the resolutions had not been offered, but as they had been offered it might be as well to adopt them.

Mr. Coplin saw so many opposition faces in the hall that he doubted whether a fair vote could be taken without a division.

We were too unwell to be present, but give the above outline as derived from those there. All concur in the assertion that it was one of the most amusing episodes in democratic history that had occurred for many years. When the vote was taken, the ayes seemed to have it, and this gave rise to the remark of Mr. Coplin above. A division having been called for the faithful toed the mark, and the resolutions were substantially voted down! The "Banks' faction," which seemed to have allied itself with those who stick out for by canal mismanagement, was thus left has my signature

DEMOCRATIC MEETING .- The chickens high and dry, and unless it can find some selected out of the flock on Saturday duly better hobby to ride, will grow "small by degrees and beautifully less," as many of their present adherents have too strong an itching for the ruling faction to continue a warfare with it.

Whether the ticket as formed will meet with the approbation of the people is a question we leave with them to decide, as the candidates generally are well known in their respective localities, where those not knowing them can make the proper inquiry. If such inquiry prove satisfactory, let them be voted for by their party friendsif not, they ought to know their duty without being reminded of it.

ROBBERY .- Some scoundrel or scoundrels broke into the dwelling house of Jas. S. Wallis on Valley street, on Sunday morning last, while the family were at church, broke open a trunk and took therefrom \$10 or \$15 worth of jewelry and \$10 in money. Mr. W. it will be remembered was burnt out last winter, losing nearly everything. The villain who would rob such a family, would commit anything in the catalogue of crimes.

COURT .- The civil list having been continued, the business before the court was nearly all of a criminal character-quite a number of the fancy having been tucked up on charges for keeping disorderly houses, assaults and batteries, &c. There have been several convictions, one of whom, jy9 Maria Hogle, was yesterday sentenced to three months imprisonment.

If our neighbor of the Democrat looked into the Town Hall on Tuesday evening, he probably saw what "leading men" were on our side of the house—to wit, farmers, me-chanics, business, and laboring men. Wonder how he like

R., notwithstanding a considerable majority voted down resolution to that effect on Tuesday evening. The "Big Sarpent" of the Standard thinks our suggestion

as to Hooking cherries, turkeys, &c. very good, but say: that unfortunately they are all gone. The next best thing we can suggest, in case the waters ever get clear, will be to make an appointment to meet us at Huntingdon, get the editors there—at their expense of course—to drive us up Stone creek, and then and there ascertain whether pike are as plenty as reputed. Will that do?

In the last number of the Lewistown Independent Press we find the report of S. W. Minlin, Chief Engineer of the above railroad, made to J. Edgar Thompson, President of the Penna, R. R. Co.—Altoona Tribune, July 30. Considering that the report referred to was published in the Gazette of July 9th, and the Democrat of the 16th, you must be remarkably good in "finding" this

must be remarkably good in "finding" things—almost as good as the Commissioners on the Portage R. R., who used to lumt for francis, but somehow never could find any. Even the brutes seem

to know the slave drivers.

According to the Harrisburg Patriot and Union, Ger Packer was "uncompromisingly of f the Legislature of 1857," authorising a sale of the main line. He may therefore safely be set down by all hones democrats in favor of a sale of the public works and a re duction of the State debt, as the State robbers' candidate Fire ar Johnstow,—The Cambria Tribune has a graphic description of the destruction by fire on Saturday evening of the rolling mill of the Cambria Iron Works at Johns town. The building destroyed was of frame, built in the shape of a cross, 600 feet long by 100 wide, with a cross piece 350 feet in length. There were 21 double and H single puddling furnaces and 12 heating furnaces under the roof all of which are left standing and supposed to be but slightly (if at all) injured. The engines are also thought to have sustained but little damage, comparatively. The value of the property destroyed is estimated at about \$100,000, or which there are insurances amounting to about \$50,000.

Holloway's Pills.—Depression of spirits and a disposition to look on the gloomiest side of every subject are mental affections born of bodily ailments. The condition of the stomach has much to do with the action of the brain, and hence dyspepsia not unfre quently leads to confirmed melancholy, madness and (sometimes) suicide. If Holliway's Pills were universally administered for diseases of the digestive organs, these sad consequences would never ensue. That they are prevented in thousands of instances by the use of that incomparable restorative is beyond all question, and it is strange that with this fact before the world, and supported as it is by volumes of testimony, any dyspeptic who can read should risk a danger so easily obvi-
