Agricultural, &c.

How to Preserve Corn.—A Mr. Rowe, of Lancaster, has obtained letters patent on a newly discovered process for preserving green corn. It consists in removing the pith from the cob while yet green, and then drying the ear. It is stated that this prevents the accumulation of mould, and renders the work of preparing the corn very trivial. Corn thus prepared is said to retain all its peculiar sweetness.

Worth Knowing, if true.—One pound of green copperas, costing seven cents, dissolved in one quart of water, and poured down a privy, will effectually concentrate and destroy the foulest smells. For water closets aboard ships and steamboats, about hotels, and other public places, there is nothing so nice to cleanse places as simple green copperas dissolved under the bed, in anything that will hold water, and thus render a hospital, or other places for the sick, free from unpleasant smells. For butchers' stalls, fish markets, slaughter houses, sinks, and wherever there are offensive putrid gases, dissolve copperas and sprinkle it about, and in a few days the smell will pass away. If a cat, rat or mouse dies about the house, and sends forth an offensive gas, place some dissolved copperas in an open vessel near the place where the nuisance is and it will soon purify the atmosphere.

The Decline in Sugar.—The stock of sugar on hand in New York, as we learn from the New York Post, is not less than 100,000 hhds., besides from 15,000 to 20,000 hhds. Melado. The Post states that the decline in price on this stock since the 1st ult., including reduction of duty, is at least two and a half or three millions of dollars. The fall is fully 1½ cent per pound on general qualities, and the market remains depressed. Recent importations from the West Indies, costing 11½ cents, have been sold in lots at 9½ cents. As we stated some time since, the Eastern and Western States have produced largely from the maple tree, and the decrease of demand on the New York market from that quarter is enough of itself to affect prices seriously. Every table in the West is supplied with maple syrup and sugar of home make.

MISCELLANEOUS.

A Jesuit Punished for Fraud.—A curious trial lately took place in Florence. An agent of the Jesuits, named Franceschi, was brought to trial for abstracting the property of a dying man named Soldi, and pleaded in defence, that he was only obeying the instructions of his superiors, who would employ the money in masses for Soldi's soul. The court, however condemned him to solitary imprisonment for a term of years, and though great exertions have been made to obtain his release, the sentence has been confirmed, and will be carried out.

DEATH OF A NOTORIOUS MAIL ROBBER.—Byron Stuart McDonald, the mail robber, died on Friday morning last, in the State Penitentiary, very suddenly, in a fit. "Lord Byron," as he was styled, was a printer, and used to traverse the country, subsisting by imposition and crime. At one time he applied for work at this office, as a "deaf and dumb printer," and so practiced was he in his art and the use of the slate, that it was several days before any suspicions were excited. He used to travel in all kinds of beggarly disguise, thus spying into shops and houses to reconnoitre, and then returning to rob the inmates. Happening on the Michigan Southern Railroad at the time of the great collision at "the crossing," he quickly formed the plan of robbing the mail, and he actually crawled over the dead and dying in the wreck to secure the bags. Shortly after he was detected in attempts upon the mails near Adrian, arrested, convicted, and sentenced to prison for life, and had been there nearly five years. He was an accomplished villain, and death to him was a favor to the world. He was the only representative of "the craft" in our penitentiary.—*Jackson (Mich.) Citizen, 23d.*

☞The leading Locofocos of Bellefonte refused to support General William F. Packer for the State Senate, in 1849, for the reason as they said, that "*he was a rascal and that he had cheated the State.*"

The editor of the Centre Democrat (then a Locofoco paper,) would not hoist the name of William F. Packer to the head of his paper, as a candidate for State Senator, until he was forced to do so by some of his patrons threatening to discontinue their papers.

When General W. F. Packer ran for the State Senate, in 1849, he received but about fifty votes out of two hundred, in the borough of Bellefonte, the Locofocos generally refusing to support him for the reason that he had *robbed the State.* The average Locofoco majority in the borough at that time was about twenty.

We give the above facts for the benefit of honest voters throughout the State, which facts we are *ready to prove* at any time.—If Locofocos refused to support Mr. Packer for State Senator, in 1849, because he *cheated the State,* can they now consistently support him for Governor?—We think not.—*Bellefonte Whig.*

HOVER'S LIQUID HAIR DYE.

THIS HAIR DYE needs only a trial to satisfy all of its perfection as a *Dye,* and the following testimonial from that eminent Analytical Chemist, Professor Booth, of the U. S. Mint, will only confirm what thousands have previously borne testimony to.

LABORATORY FOR PRACTICAL CHEMISTRY, *St. Stephen's Place,* Philadelphia, February 17th, 1857.

"Being well acquainted with the substances composing *Hover's Liquid Hair Dye,* I am satisfied that by following the simple directions given for its use, it will not injure Hair or Skin, but will give a *natural and durable color to the Hair.* JAS. C. BOOTH, Analytic Chemist.

HOVER'S WRITING INKS, including *Hover's Fluid* and *Hover's Indelible Inks,* are too well known and introduced to require any additional testimony of their character. The sales have been increasing since their first introduction, giving evidence that the articles truly possess that intrinsic merit claimed at first for them by the manufacturer.

Orders, addressed to the manufactory, No. 416 Race street above Fourth, (old No. 144,) Philadelphia, will receive prompt attention by JOSEPH E. HOVER, Manufacturer.

BULL'S SARSAPARILLA,
PUT UP IN
FULL QUART BOTTLES.

And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America.

A FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more valuable, (as all well-informed druggists know that age improves it,) have been deposited at the drug store of CHARLES RITZ, in Lewistown, where they are offered for sale at three-fourths the regular price, namely 75 cents per bottle.

It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that *JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA* is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound, and producing the greatest curative agent in the known world! This medicine, when used according to directions, has cured

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Old Sores and Ulcers,

Pains in the bones or Joints, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness of the Chest, Pulmonary Affections, and all other diseases tending to produce

CONSUMPTION.

Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Low Spirits, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and is a spring and summer drink and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress Water, salts, or seidlitz powders.

For sale by CHARLES RITZ, Lewistown. Price 75 cts. per bottle. je18-tf

THE GREATEST
MEDICAL DISCOVERY
OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds* a remedy that cures

Every Kind of Humor

from the worst Scrofula down to a common Pimple.

HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing Sore Mouth.

One to three bottles will cure the worst kind of Pimples on the Face.

Two to three bottles will clean the system of Biles.

Two bottles are warranted to cure the worst Canker in the Mouth and Stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all Humor in the eyes.

Two bottles are warranted to cure Running of the Ears and Blotches among the Hair.

Four to six bottles are warranted to cure corrupt and running Ulcers.

One bottle will cure Scaly Eruption of the Skin.

Two to three bottles are warranted to cure the worst case of Ringworm.

Two to three bottles are warranted to cure the most desperate case of Rheumatism.

Three to four bottles are warranted to cure the Salt Rheum.

Five to eight bottles will cure the worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effects of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that astonish me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and plenty of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 8 years, tea-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

TERRIBLE DISCLOSURES!
Secrets for the Million!
A Most Wonderful and Valuable Publication.
A WORK OF 400 PAGES, AND 30 COLORED ENGRAVINGS.
Dr. Hunter's Vade Mecum;

AN original and popular treatise on Man and Woman—their Physiology, Functions, and Sexual Disorders of every kind, with NEVER FAILING REMEDIES for their speedy cure. Price 50 cents.

Dr. Hunter is a graduate of one of the first medical schools in the U. S., and has devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders.

The practice of Dr. Hunter has long been, and still is, unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend his professional usefulness through the medium of his 'VADE MECUM.'

It is a volume that should be in the hands of every family in the land, as a preventive of secret vices, or as a guide for the alleviation of one of the most awful and destructive scourges ever visited upon mankind.

The author argues most strongly against every species of self-defilement, and warns parents and guardians in searching terms to guard the young of both sexes from the terrible consequences of their ignorance of physiological laws and sexual impurities and irregularities. To those who have been already ensnared to the 'paths that take hold on death,' a clear and explicit way is shown by which they may secure a return of sound health and a regeneration of the soul from its terrible pollution.

It is well known that thousands of victims are annually sacrificed at the shrine of Quackery—especially those suffering from Venereal or Syphilitic diseases—Strictures, Seminal Weakness, Nervous Debility and the numerous maladies which spring directly from the indulgence of carnal passions and secret violations of Nature.

When it is also considered that about 100,000 persons die annually in the United States of Consumption—a large majority being the victims of the voluptuous indiscretion of their progenitors—the author, imbued with sentiments of enlarged philanthropy, will scarcely be censured for any effort to restrain the vices of the age, by the humble instrumentality of his Vade Mecum.

One copy, securely enveloped, will be forwarded free of postage to any part of the United States for 50c. in P. O. Stamps, or 3 copies for $1. Address, postpaid, Dr. HUNTER, No. 3 Division Street, New York.
☞Beware of bogus Dr. Hunters,—no connection with any other Dr. Hunter. ma28

GLAD NEWS,
Full of Hope to the Afflicted and Suffering!

Many of the Thousand Deaths of Death are closed, and life made happier and more comfortable to thousands who were now in danger. *Doubtless this world contains many a balm to* sooth its physical woes and cure its Diseases. *Among those in prominent rank stands*

BOWMAN'S
VEGETABLE COMPOUND.

A SAFE and speedy cure for Consumption, not only those milder forms of Throat and Lung Disease such as Colds, Coughs, Quinsey, Difficulty of Breathing, Bronchitis, Ministers' Sore Throat, Weakness of the Chest, Asthma, Inward Fever, Spitting of Blood, Influenza, Croup, Whooping Cough, Pain in the Breast and Sides, Hoarseness, Catarrh and Catarrhal Affections, Inflammation of the Lungs, Bleeding of the Lungs, &c. Its superior excellence is seen and tested in the most advanced affections of the Lungs. For the truth of the above statement and the efficiency of the preparation as an antidote, we refer the public to the following testimonials. Language is scarcely strong enough to portray the great power of this wonderful discovery! The doubting may try and be convinced. The proprietors point to the following *bona fide* certificates with confidence in their influence on the community; they are but samples of many hundreds of testimonials in our possession:

Allegheny, July 18, 1856.

Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hopes that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt,) was engaged in steam. In a few months after her husband died, and I went for her to come home, where in four months she was confined and took a cold which settled on her lungs. It seemed as though she could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her. Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of coughing, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Dr. Wistar's Cherry Pectoral, and she took it regular for six weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still became worse, and it seemed as though she was beyond cure, when one day my wife was in one of our neighbor's houses (Mr Meyners') and she saw them giving Bowman's Vegetable Compound to one of their children for a cold, and she got three or four doses to bring home and try. After my daughter had taken it she breathed a little better, and we sent and got a bottle of it, and when she had taken there was a marked change for the better. In all she got six bottles, the most of which she took in bed, until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as hearty as she ever was. We all unite in our prayers that God may bless you and that your Vegetable Compound may be the means of restoring health to many as it has to one who is dear to us; we cheerfully recommend it to the public as the best medicine for Lung diseases that we ever got hold of. Try it suffering ones, and see. Believe me, my dear sir, to ever remain

Your earnest friend,
THOS. H. BANKS.

Philadelphia, Aug. 13, 1856.

Last spring, while in Pittsburgh, I had a bad cold or cough which troubled me much, and a friend of mine gave me a bottle of Bowman's Vegetable Compound for diseases of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the best medicine for coughs and hoarseness that is out, and cheerfully recommend it to the public. T. H. STANTON.

Pastor of the 1st Prot. Meth Church, Philadelphia.

From Judge Vanhorn, of the District Court at Cincinnati:

Cincinnati, May 4, 1856.

I have used Bowman's Vegetable Compound for bad cold, hoarseness and cough, and believe it to be the best medicine out for these diseases, and the only one I ever got me any permanent relief. *It will cure.* I recommend it to the public as an honest and efficient medicine and will perform what it is published to do.

WM. VANHORN, Jr.

TO THE PUBLIC.

I have used Bowman's Vegetable Compound in my family for coughs, colds, and ministers' sore throat, and believe it to be the best thing that I ever got for the complaints, and cheerfully recommend it to the public.

Rev. JACOB CASTON,
Pastor of the Clinton street M. E. Church.
June 10, 1856. Cincinnati.

Here is one from the old pioneer Methodist preacher of Ohio, Rev. J. B. Finley:

I believe Bowman's Vegetable Compound to be the best remedy for diseased throat and lungs, of the day. I have tested it, and found it to be the best of all the popular remedies I ever tried, and I have tried very many. I recommend it to the public—try it and you will be convinced of its superiority. Rev. J. B. FINLEY.

Cincinnati, July 12, 1856.

Here what the celebrated Dr. Peck says:

I have used Bowman's Vegetable Compound for sore throat and hoarseness in speaking; and believe it to be the best preparation for throat and lung complaints I ever got hold of. I recommend it to the public speaker and singer as well as those afflicted with lung diseases. J. T. PECK.

New York, May 12, 1856.

Hear what Dr. Benson, of Cincinnati, says—(extract from a letter):

Bowman's Vegetable Compound contains a virtue that is not possessed by any other popular medicine in my knowledge. It does not only smooth the disease over, giving it only temporary relief (like most of patent medicines), but it commences at the root of the disease and *performs a perfect cure.* G. W. BENSON, M. D.
